KALAMERA

Table Lamp

［Instruction Manual］

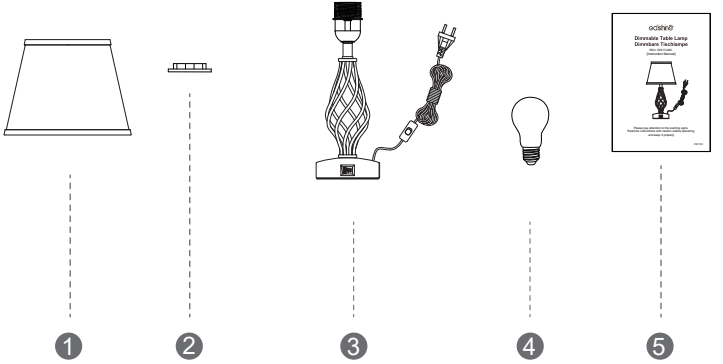

Please pay close attention to all warning markings.
Read this entire manual carefully before operation,
and store it in a safe place for future reference.

E-1842

Warning: To reduce the risk of fire, electric shock or personal injury, please follow all instructions carefully.

1. Before assembly, place all parts on a clean, flat surface. Check all components for any damage or defects that may have occurred during transit.
2. Inspect the power cord for cuts, abrasion or exposed copper wiring. If the cord is damaged, DO NOT install or use the fixture. Please contact our customer support by email immediately.
3. If you have any questions regarding electrical installation or safety, please consult a qualified electrician.
4. Never drape clothing or fabric over the lamp.
5. To prevent the lamp from tipping over, do not place the lamp near the edge of a table, and keep it away from children and pets.
6. To avoid choking hazard, keep all packing materials away from small children.
7. Please retain this manual. If you transfer this product to another person, please hand over this instruction manual together with the product.

Packaging Recycling

This product packaging is made of recyclable cardboard and marked recyclable plastics. Please sort and recycle these materials properly.

Product Disposal

Please do not discard this electrical product with regular household trash.

For environmental protection and resource conservation, please return waste electronic products to designated local recycling facilities.

Please remove any built-in batteries before discarding the unit, and dispose of them separately.

Battery Safety & Disposal

Never dispose of old batteries in household garbage. Waste batteries contain harmful heavy metals including Cadmium (Cd), Mercury (Hg) and Lead (Pb), which will cause environmental damage.

Please dispose of all waste batteries in accordance with local regulations, and return them free of charge to dedicated public battery collection stations.

Do NOT heat, puncture or incinerate batteries - RISK OF EXPLOSION!

CE

Compliance Statement

This product meets all applicable safety and regulatory standards for use in the United States.
