Step1

Fix parts B/C to the clips on both sides of part A.

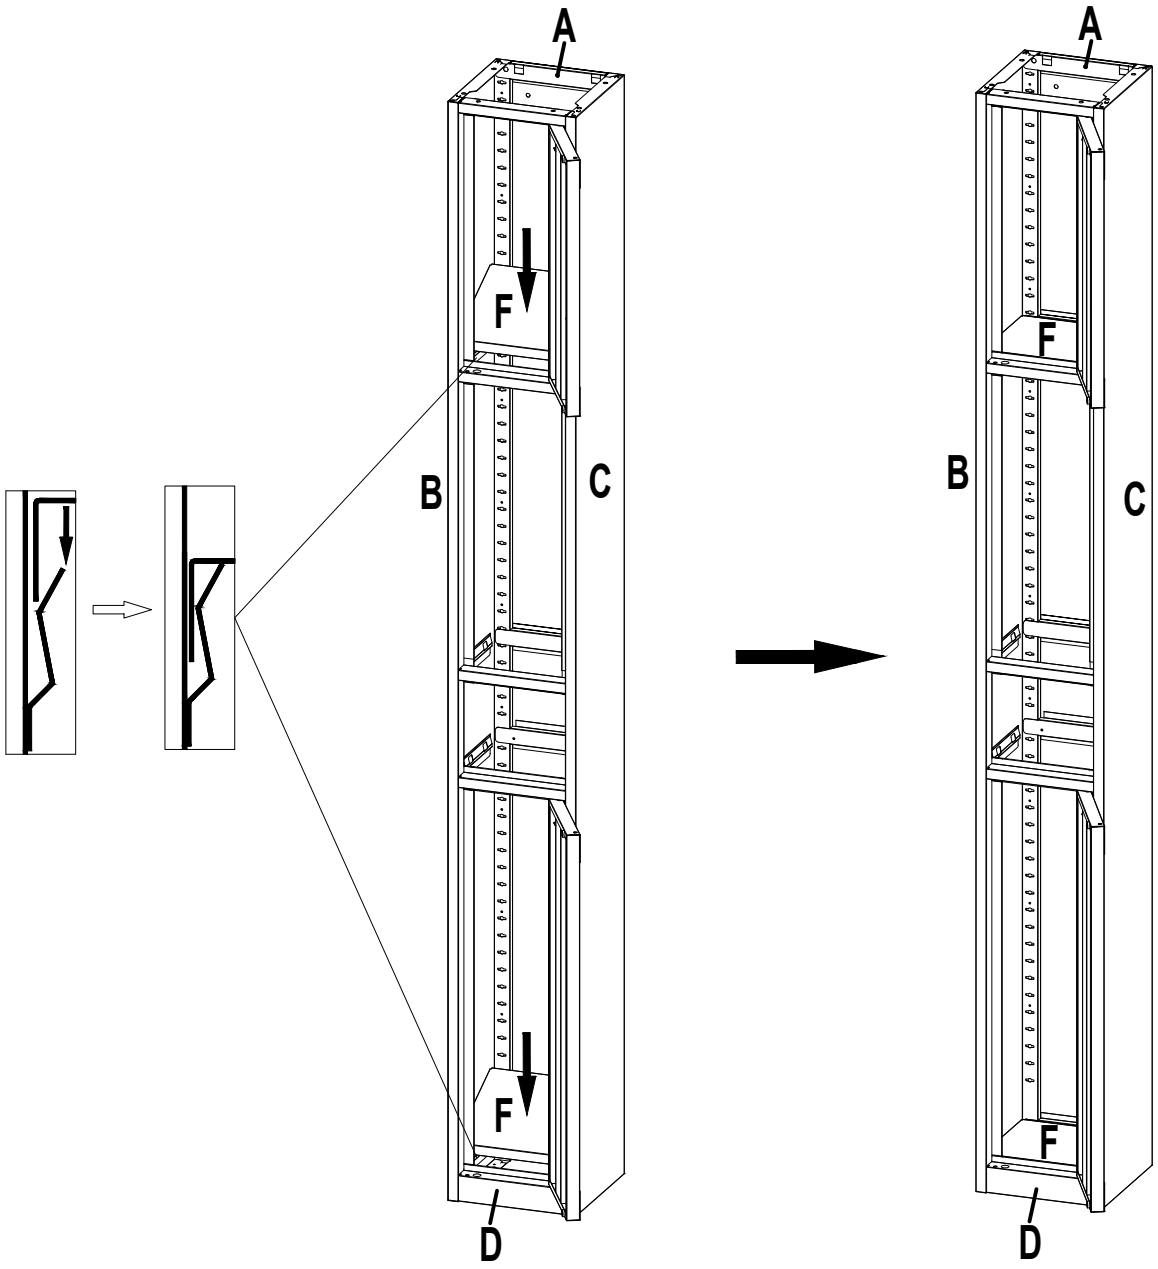

Step2

Snap part D into the notches on both sides of parts B and C.

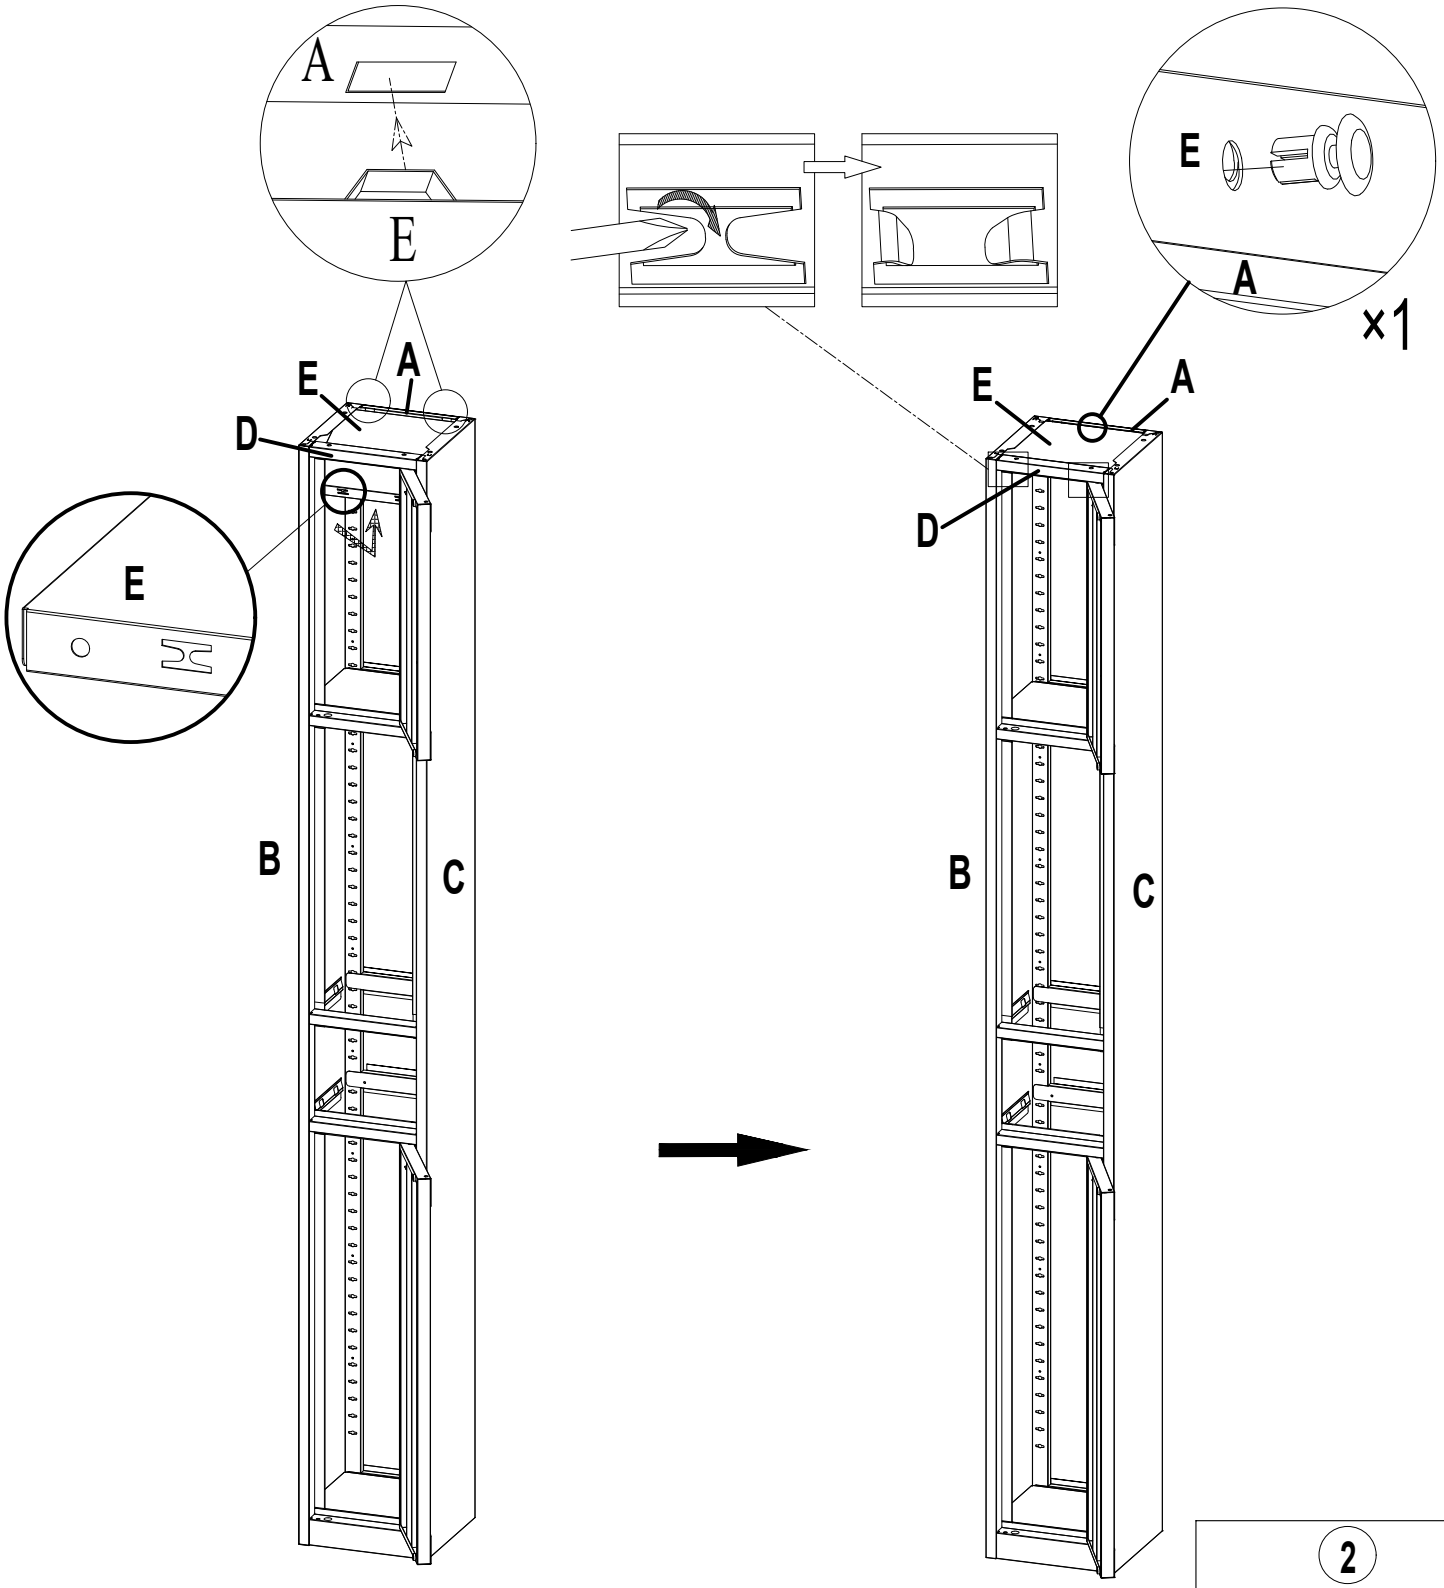

Step3

Snap 2 parts F into the slots on both sides of part B and part C.

Step4

First, press the rear protrusion of part E into the hole of part A, then press the front H-shape hole of part E into part D. Finally, use accessory ② to secure part E and part A together.

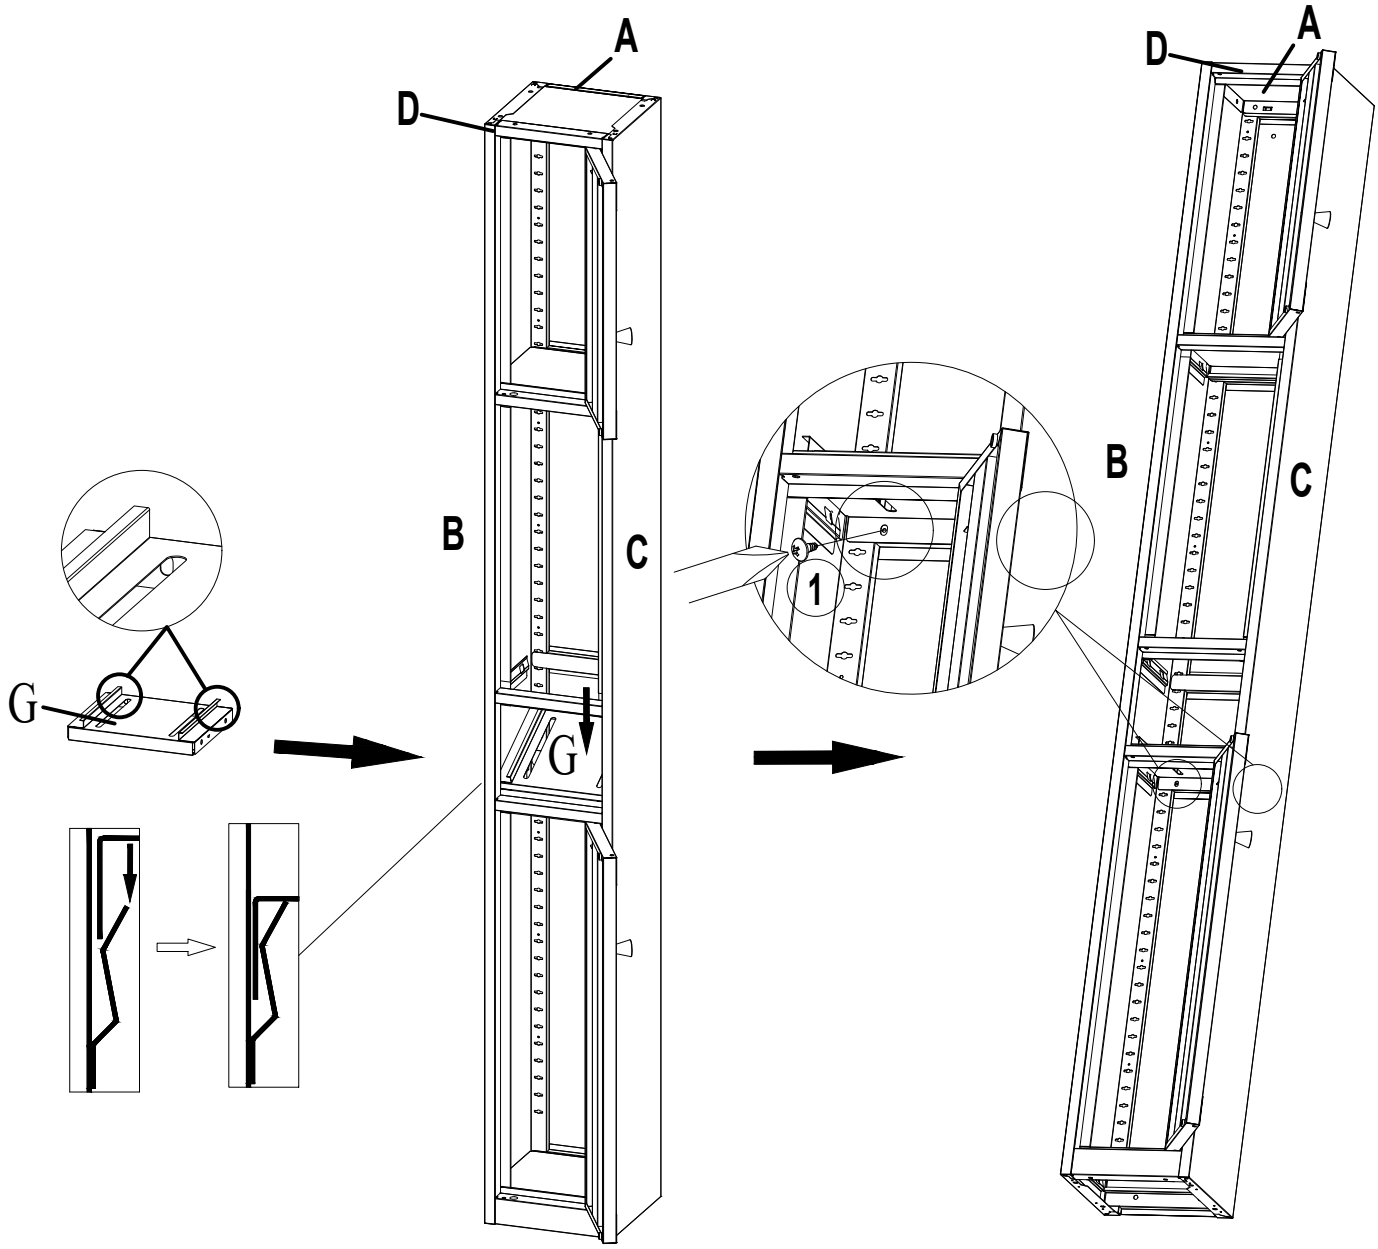

2

×1

Step5

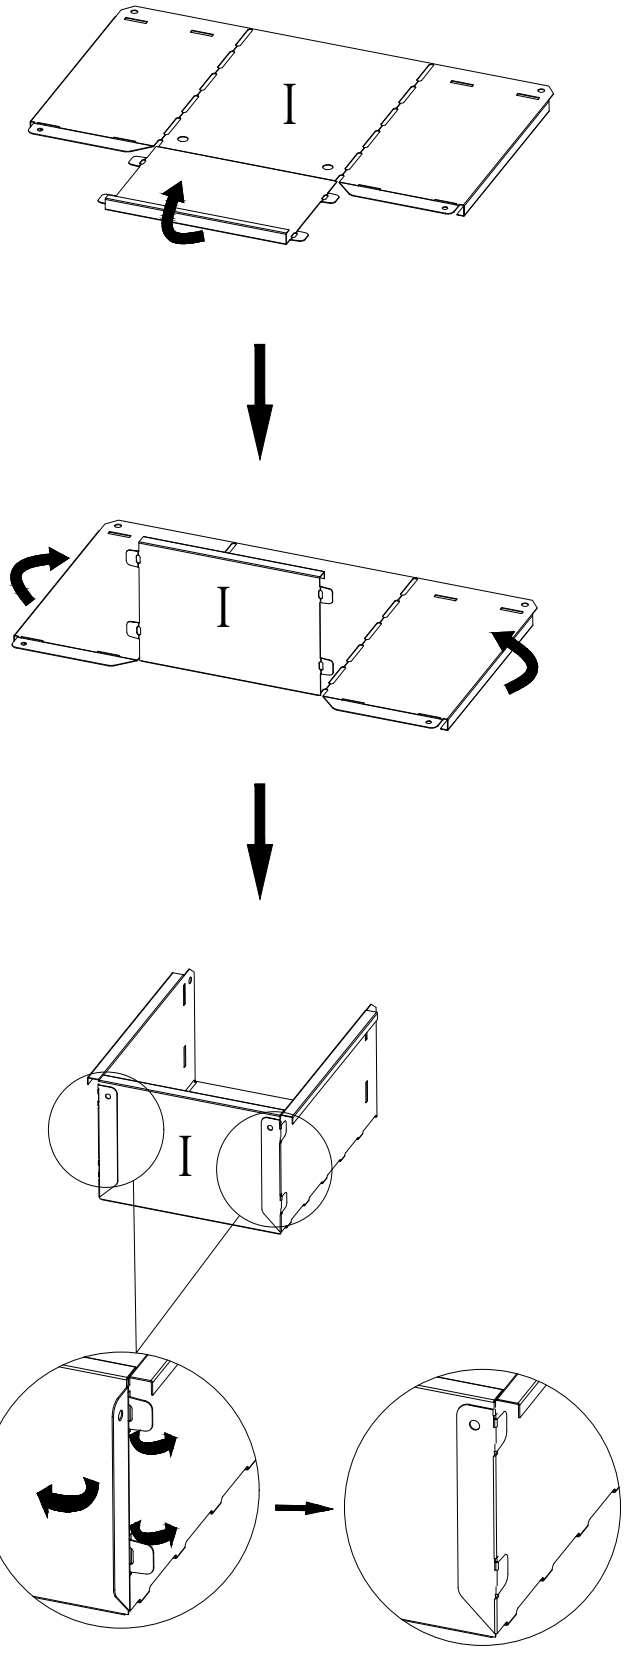

Insert the two sides of part G into the slots of part B and part C, and use 2 accessories ① to fix part A and part G together (pay attention to the direction of part G when installing it, and connect the side with holes to part A).

①
M4*8 ×2

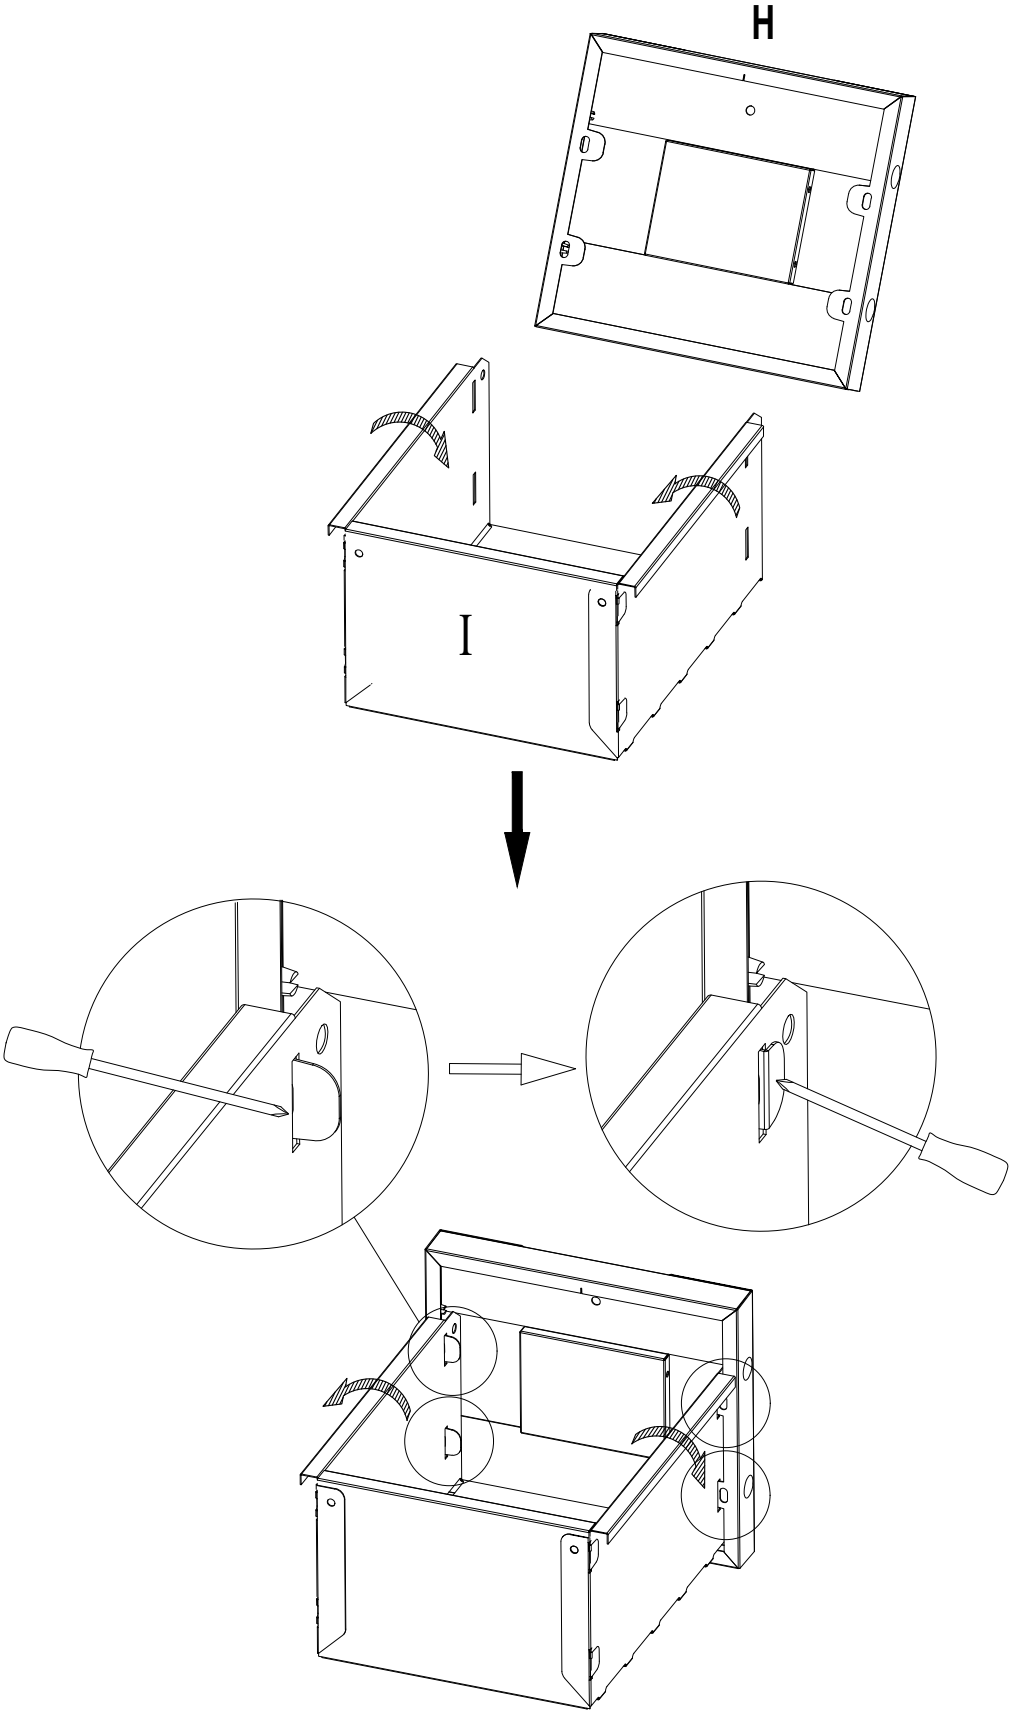

Step6

First, fold the rear part of part I to 90° .Then fold both sides (note that the protrusions on the rear part of part I need to be inserted into the holes on both sides). Fold the protrusions on the rear part of part I to both sides.

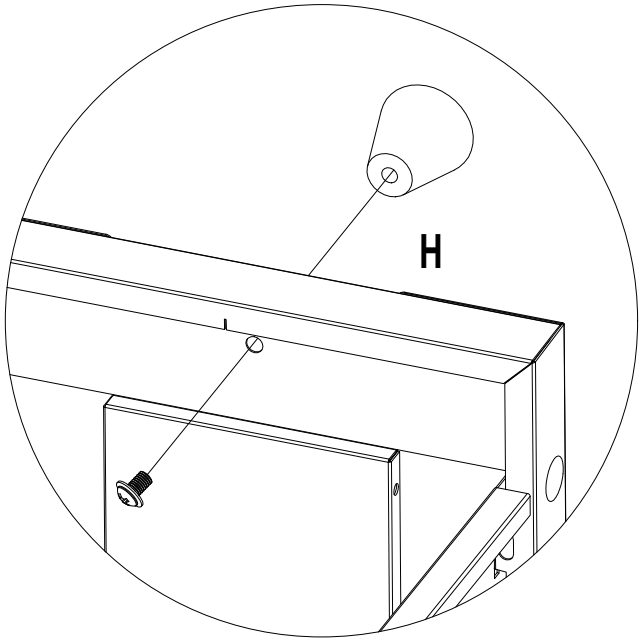

Step7

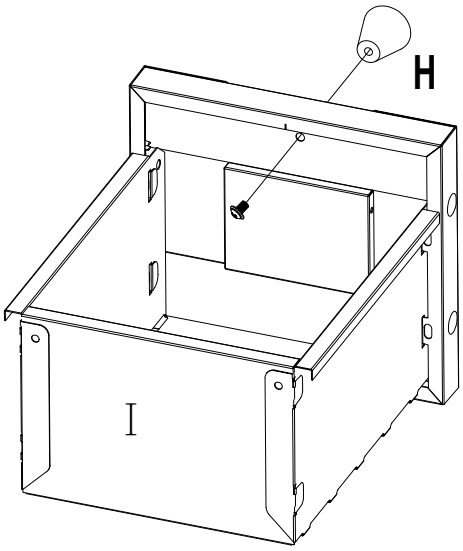

Fold both sides of part I inward gently so that the protrusions on both sides of part H snap into the holes on the front of part I. Then fold the protrusions of part H inward so that part H and part I are fixed together to form a drawer.

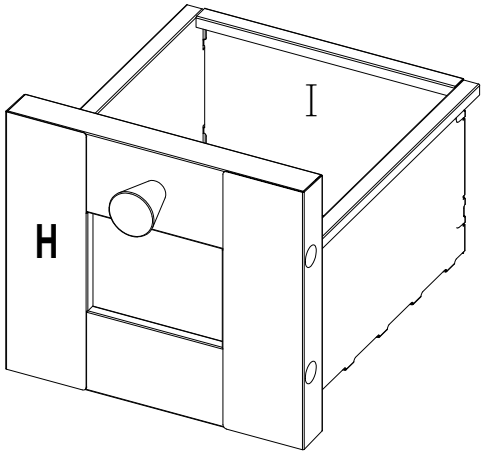

Step8

Use accessory ③ to fix accessory ④ (handle) to part H.

Step10 Snap both sides of Part F into the slots of Parts B and C.

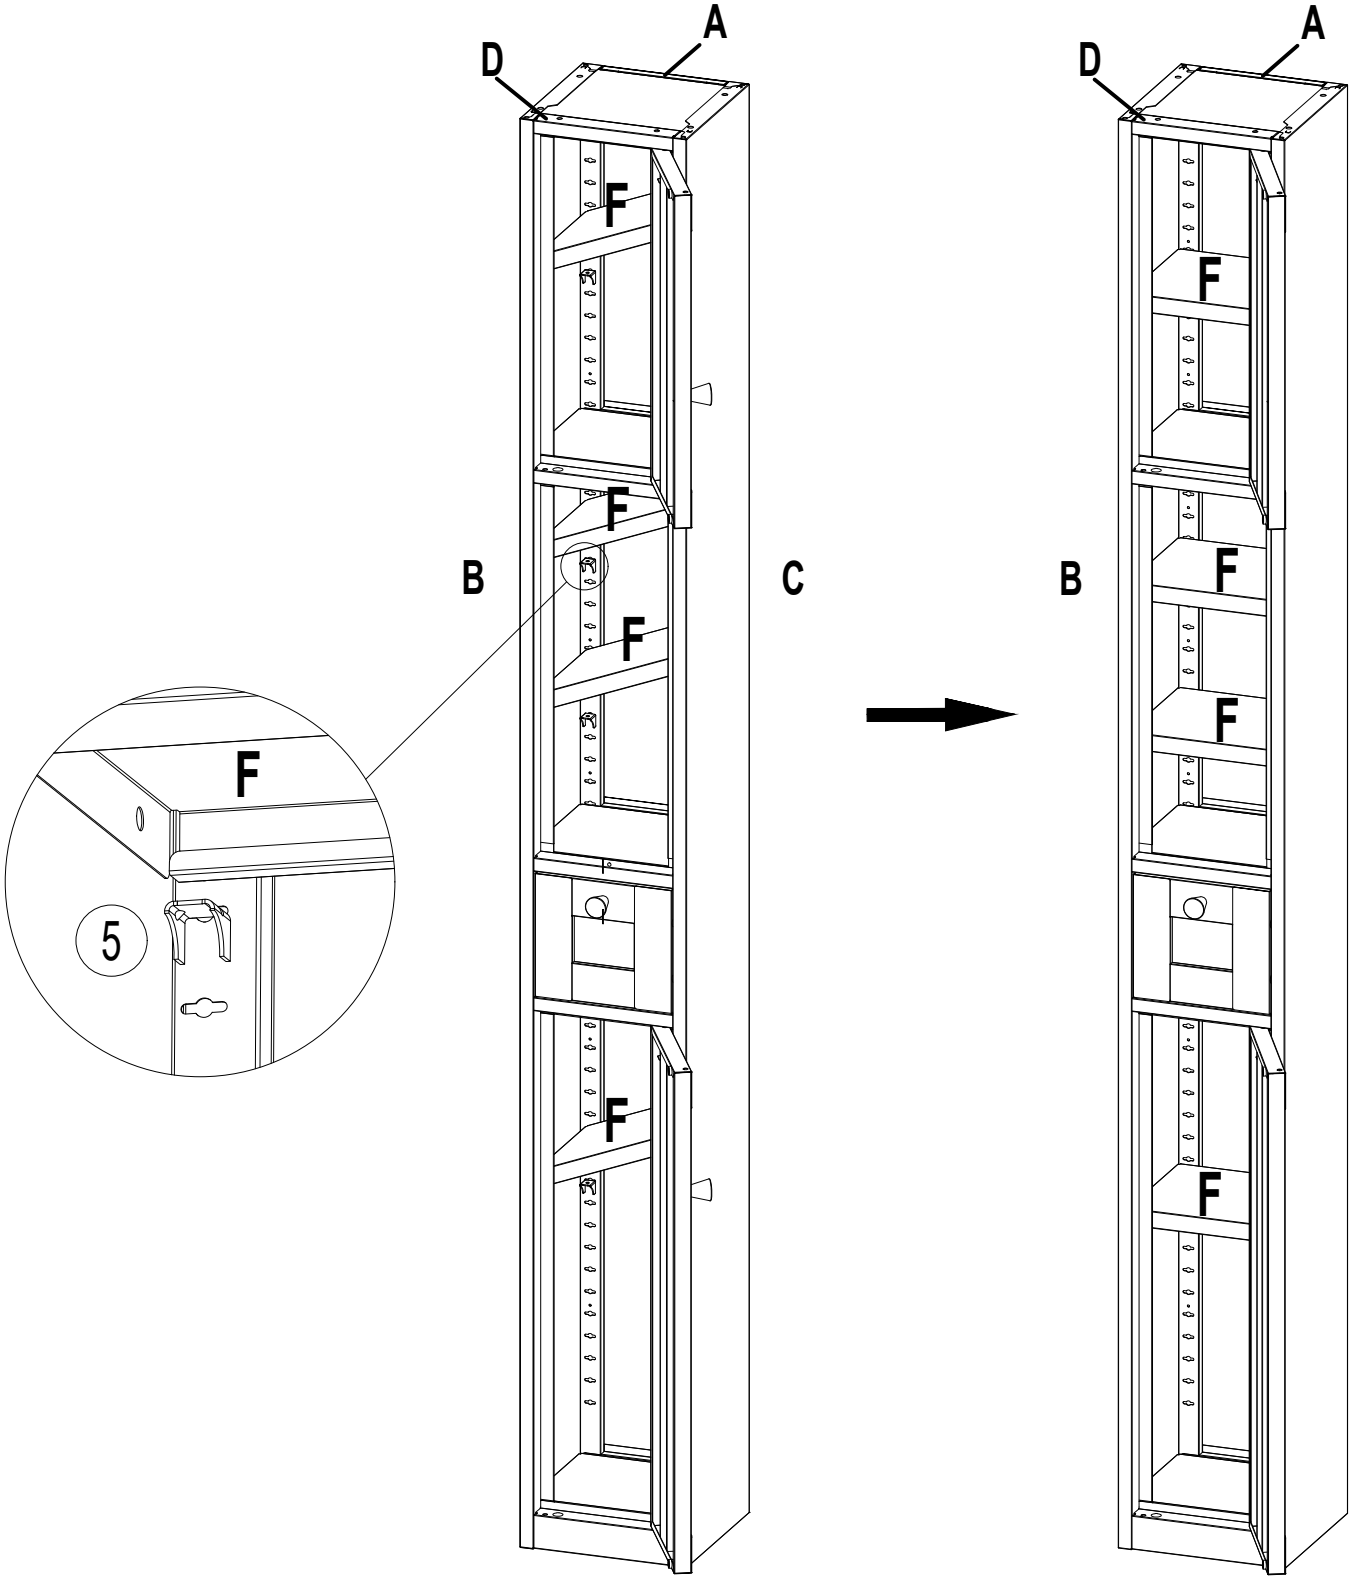

Step11

Fix accessory ⑤ to the holes of Part A and Part D in preparation for mounting Part F.

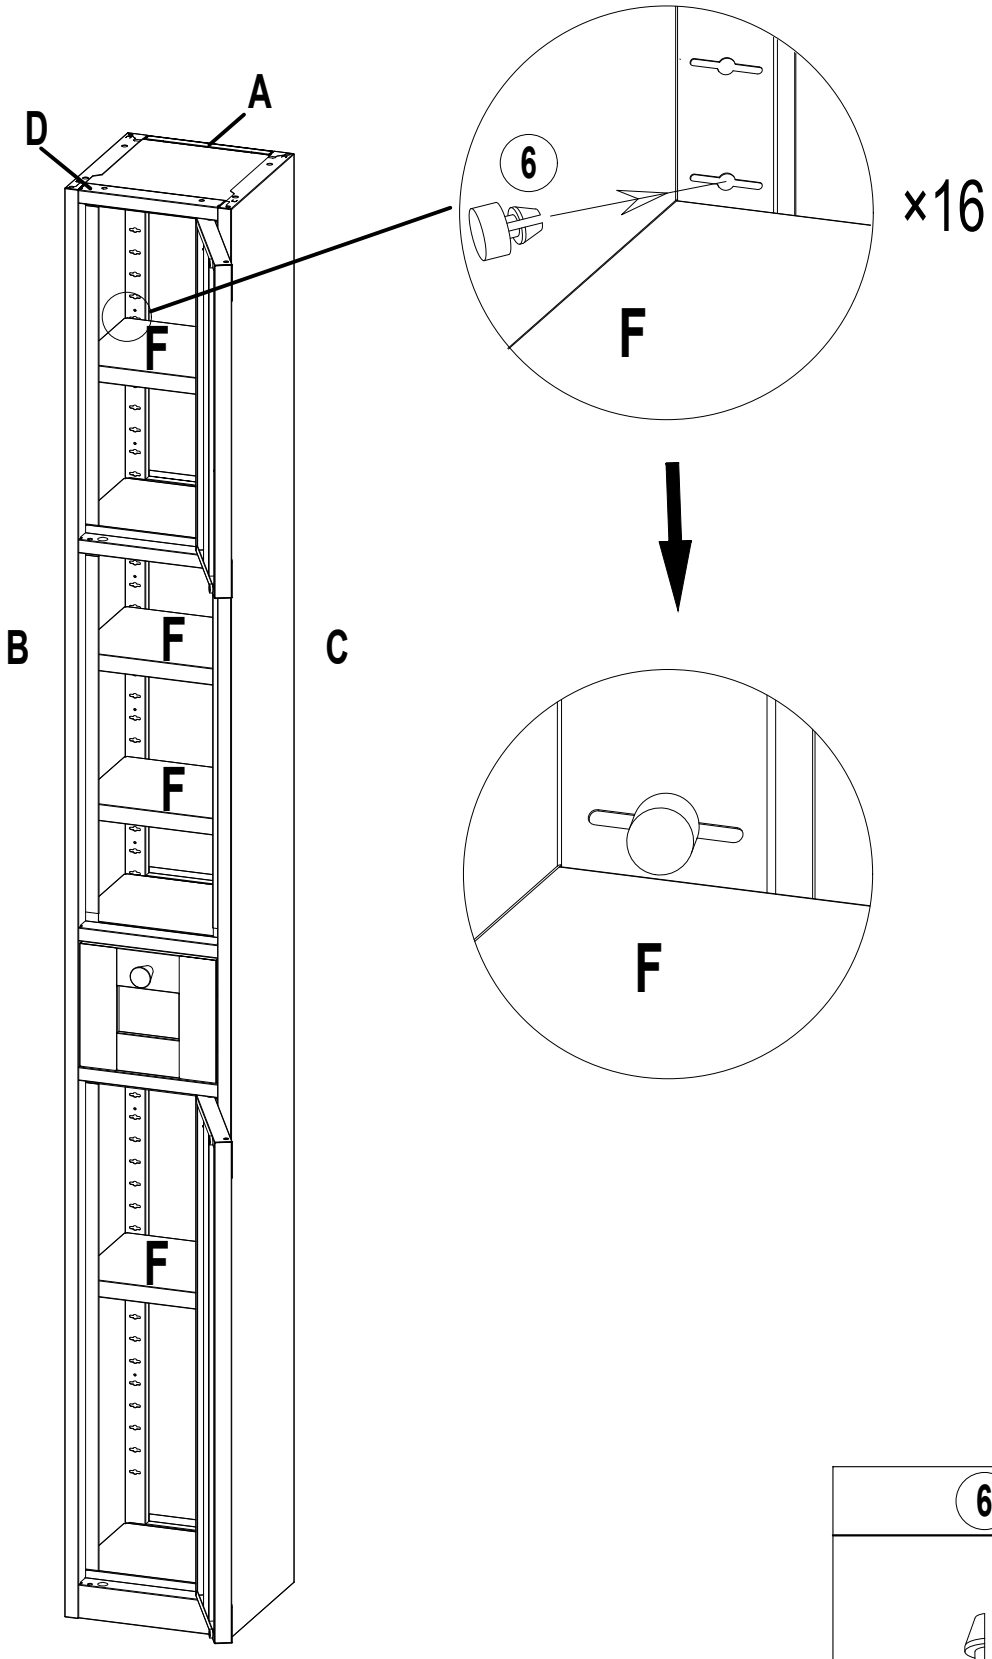

5

×16

Step12 Place part F on the mounted accessories ⑤.

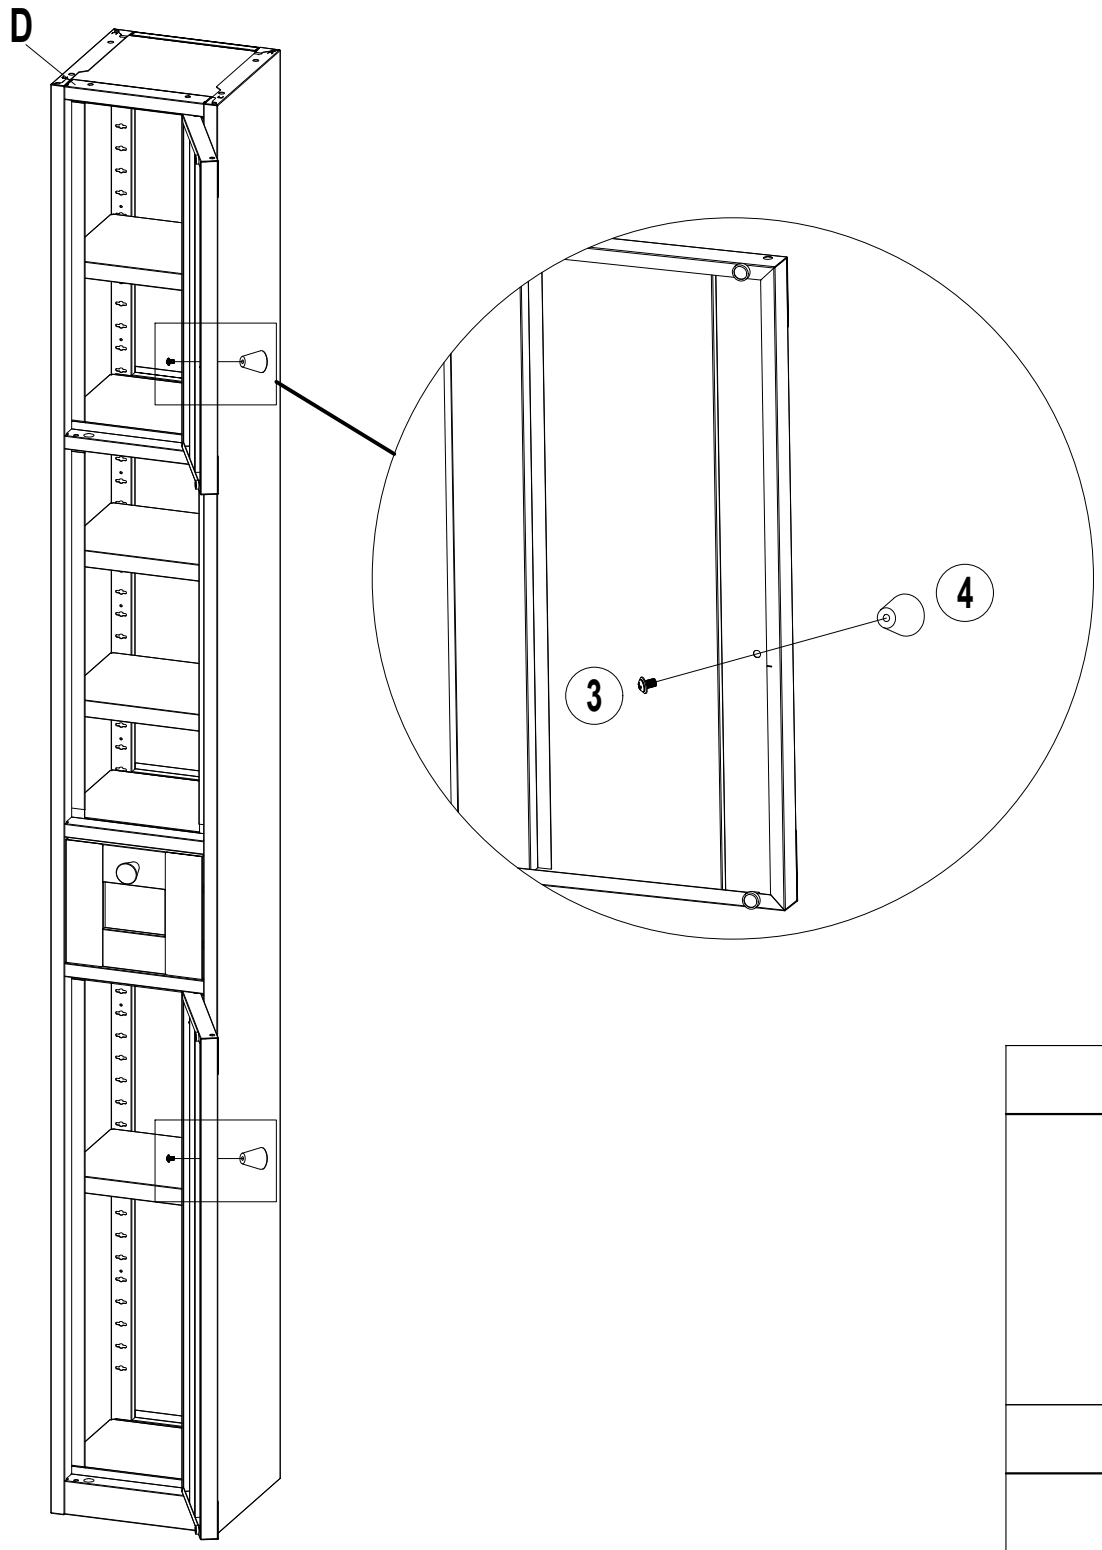

Step13 Fix 16 pieces of accessory ⑥ on top of Part F.

6
×16

Step14

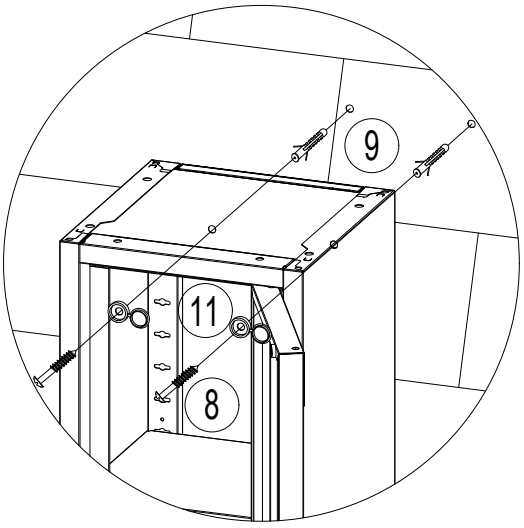

Fix each of the 2 accessory ④ (handles) to part D using the 2 accessory ③.
