

# INSTALLATION AND SAFETY INSTRUCTIONS

## FOR YOUR SAFETY WARNING

Be sure the electricity to the wires you are working on is turned off. Either the fuse is removed or the circuit breaker is turned off.

## GENERAL

You don't need special tools to install this fixture. Be sure to follow the steps in the order given. Under no circumstances should a fixture be hung on house electrical wires, nor should a swag-type fixture be installed on a ceiling that contains a radiant-type heating system. Read instructions carefully. If you are unclear as to how to proceed, consult a qualified electrician. NOTE: Proper wiring is essential for the safe operation of this fixture.

## INSTALLATION

1. Fix the scraper to the ceiling as shown in the figure.
2. Fix the lamp arm to the main pipe of the lamp body with nuts in turn, and connect the power line.
3. Fix the connecting rod and ceiling plate.
4. Install the assembled lamp body on the hanging board of the ceiling and connect the main power line.
5. Install the light source and turn on the light
6. Turn off the power supply and finally install the glass lampshade.

## CLEANING

To clean, wipe the fixture with a soft cloth. Clean the glass with a mild soap. Do not use abrasive materials such as scouring pads or powders, steel wool, or abrasive paper
