

WARNING

FIRE, INJURY & PRODUCT DAMAGE HAZARDS

FOR PLANTING USE ONLY

This planter is not designed or tested for fire, flame, cooking, heating, or fuel-burning use.

NO OPEN FLAME

Do not use as a fire pit, candle holder, grill, heater, burner, or any other open-flame device.

Keep away from flames and extreme heat.

PLANTING ONLY

Do not modify or repurpose. High heat or flame may crack the planter, expose reinforcing fibers, or cause fire and injury.

Use only as a planter for live or artificial plants.

DAMAGED PRODUCT

If cracked, broken, or chipped, stop using it. Wear protective gloves when moving it and protect your hands.

Do not continue using a damaged planter.

USE THE RUBBER DRAIN PLUG

Indoors: use the included rubber drain plug. Insert it securely into the drainage hole from inside the planter. Test with water and confirm there is no leakage before indoor placement.

Install the plug first. Test before indoor use.

IMPORTANT

Read and keep the product instructions. Keep this information available to anyone who installs, moves, cleans, or uses the planter.

Safety information - not a combustion appliance certification.
