Application

This vintage style telephone is used for making and receiving phone calls. The unique shape of this vintage telephone makes it an elegant decorative piece as well.

Notes

1. Bracket type antique telephone bracket, after the bracket is installed will have a certain magnitude of shaking. This is the manufacturer to avoid the bracket leverage principle of the phone to break and deliberately designed in this way, not a quality problem, does not affect the use and appearance.
2. The ringer volume level is not adjustable.
3. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement. Please make sure you do not mind before you order.
