

OWNER'S MANUAL

**5-TIER 36" x 14" x 72"
SLAT SHELVING RACK – BRONZE**

PARTS LIST

Your 5-Tier Slat Shelving Rack should include the following parts. Please inspect box contents to ensure you have received all components.

If you are missing any parts, need assistance with assembly or have questions, please contact Customer Service. Parts can also be requested online at our customer center.

You will need no additional tools for assembly.

A

BOTTOM POLE (4)
Threaded Insert (4) and
Feet Leveler (4)
are pre-installed

B

MIDDLE POLE (4)
Pole Connectors (4)
are pre-installed

C

TOP POLE (4)
End Cap (4) and
Pole Connector (4)
are pre-installed

D

SHELF (5)

E

SLIP SLEEVES (40)

Please inspect box contents to ensure you have received all components.

Note: The black circular plastic tops in between the shelves are used only for packaging purposes. They are NOT NEEDED. Please discard.

CAUTION: Failure to follow these guidelines may result in property damage or personal injury. Each shelf holds up to 350 lb with equal weight distribution on leveling feet.

ASSEMBLY INSTRUCTIONS

STEP 1: SLIP SLEEVES

For easiest assembly, do not connect the TOP POLES (C), MIDDLE POLES (B), and BOTTOM POLES (A) until instructed. Once connected, these will be the posts for the rack.

A (4) E (8)

Each POLE (A+B+C) has slight horizontal line indentations at 1" intervals. Each SLIP SLEEVE (E) has raised horizontal lines inside designed to lock them in place on the POLE (A+B+C). On POLE (A), place 1 pair of SLIP SLEEVES (E) at the desired level. Please make sure the arrow faces up and that the word "TOP" is right side up. Do this for each POLE (A), and make sure that the heights are identical for each POLE (A).

Slide the pair of SLIP SLEEVES (E) until you hear a click to confirm the pair is locked onto the POLE (A). DO NOT place more than one pair on each POLE (A) at a time.

** For safety and stability, the lowest shelf should be lower than the 3rd notch from the bottom.*

*** Note: There will be a very small gap in-between the SLIP SLEEVES—this is normal.*

STEP 2: INSTALLING SHELVES

Place SHELF (D) on its side and slide the (4) BOTTOM POLES (A) through the holes in the SHELF (D). Make sure that the SHELF (D) corner cylinders are positioned over the SLIP SLEEVES (C).

D (1)

Stand the unit upright.

**Note: The level side of the SHELF (A) is the TOP side (the TRINITY logo on the corner cylinders should be right-side up.)*

***Use a rubber mallet, if needed, to secure the shelves.*

ASSEMBLY INSTRUCTIONS

STEP 3: INSTALLING MIDDLE POLES

Screw the MIDDLE POLES (B) into the BOTTOM POLES (A).

B (4)

STEP 4: INSTALLING SHELVES

On POLE (A+B), place 1 pair of SLIP SLEEVES (E) at the desired distance between shelves. Please make sure the arrow faces up and that the word "TOP" is right side up. Do this for each POLE (A+B), and make sure that the heights are identical for each POLE (A+B).

E (16)

D (2)

Lower SHELF (D) over the MIDDLE POLES (B) so that the corner cylinders of the SHELF (D) are positioned over the SLIP SLEEVES (C).

Repeat Step 4 to install other SHELVES (D) as desired.

***Use a rubber mallet, if needed, to secure the shelves.*

ASSEMBLY INSTRUCTIONS

STEP 5: INSTALLING TOP POLES

Screw the TOP POLE (C) into the MIDDLE POLE (B).

The tops of the TOP POLES (C) are indicated by the BLACK END CAP.

C (4)

STEP 6: INSTALLING SHELVES

On POLE (A+B+C), place 1 pair of SLIP SLEEVES (E) at the desired distance between shelves. Please make sure the arrow faces up and that the word "TOP" is right side up. Do this for each POLE (A+B+C), and make sure that the heights are identical for each POLE (A+B+C).

Lower SHELF (D) over the TOP POLES (C) so that the corner cylinders of the SHELF (D) are positioned over the SLIP SLEEVES (E).

Repeat Step 6 to install other SHELVES (D) as desired.

**For safety and stability, the highest shelf should be higher than the third horizontal indentation from the top.*

***Use a rubber mallet, if needed, to secure the shelves.*

E (16)

D (2)

ASSEMBLY INSTRUCTIONS

STEP 7: FEET LEVELERS

The Feet Levelers are already screwed into your BOTTOM POLE (A) and you can adjust as needed to ensure your shelving rack is level.

SERVICE PARTS LIST

Customer Service provides the following replacement parts:

Part Number	Description	Part Number	Description
1)	Shelf	5)	Bottom Pole
2)	Slip Sleeve	6)	Foot Leveler
3)	Top Pole	7)	Pole Connector
