Assembly Instructions - Please keep for future reference

Important-Please read these instructions fully before starting assembly

Safety and Care Advice

- Check you have all the components and tools listed on the following pages.

- Remove all fittings from the plastic bags and separate them

- Keep children and pets away from the installation area, which may cause choking if small parts are swallowed.

- Make sure you have enough space to layout the parts before

- Do not stand or apply weight to the product during assembly. This may cause damage.

- Assemble the item as close to its final position (in the same room) as possible.

- Assemble on a soft level surface to avoid damage to the unit or floor.

- It's easier for two people to assemble the parts together.

- To reduce the likelihood of damage to your product, make sure your power drill is set to a low torque setting.

- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.

- Check for loose screws on this unit from time to time.

- This product should not be discarded with household waste. Take to your local authority waste disposal centre.

Assemble all parts and bolts loosely during assembly, only once the product is complete should you fully tightened the bolts

Regularly check and ensure that all bolts and fittings are correctly tightened.
