ASSEMBLY INSTRUCTIONS
INSTRUCTIONS DE MONTAGE

DJ1200-F

-Please read this assembly manual carefully before assembly, and strictly follow the assembly steps and requirements in the manual during the assembly process!

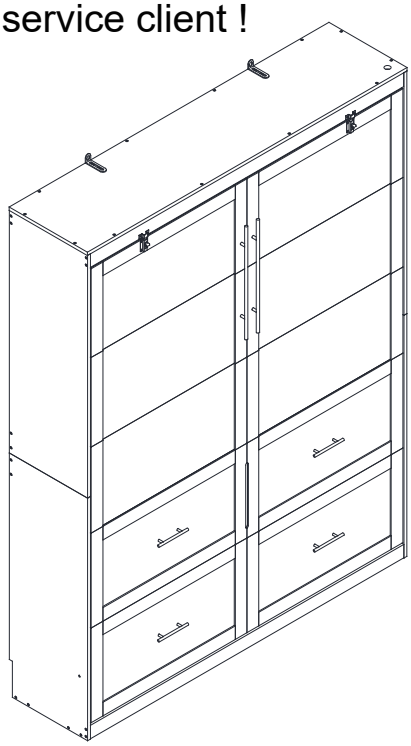

Kind Reminder: To avoid the gas strut staying under high pressure for a long time, please fold up the bed when not in use!

Children are strictly prohibited from operating it alone, jumping on the bed, climbing the cabinet, and should stay away from the gas spring; do not stack books or large miscellaneous items inside the cabinet, as this affects the opening and closing of the doors; if you notice the lift is stuck, makes abnormal noises, or the doors do not close properly, stop using it immediately, do not force it open or closed, and contact customer service immediately!

-Veuillez lire attentivement ce manuel de montage avant l'assemblage, et suivez strictement les étapes et exigences de montage indiquées dans le manuel lors du processus d'assemblage !

Avis important : Afin d’éviter que le vérin à gaz reste sous haute pression durablement, veuillez rabattre le lit lorsqu’il n’est pas utilisé !

Il est strictement interdit aux enfants de l'utiliser seuls, de sauter sur le lit, d'escalader le meuble et de s'approcher du vérin à gaz ; il est interdit d'empiler des livres ou des objets encombrants à l'intérieur du meuble, ce qui pourrait gêner l'ouverture et la fermeture des portes ; en cas de blocage du levage, de bruit anormal ou si les portes ne ferment pas correctement, cessez immédiatement de l'utiliser, ne forcez pas l'ouverture ou la fermeture, veuillez contacter immédiatement le service client !

⚠ SAFETY TIPS

Static charge may cause dust on foam-clean with a dry or damp cloth.

Small foam strands may be present-handle gently and dispose of properly.

Do not burn or incinerate. Check local recycling guideline.

⚠ CONSEILS DE SéCURITé

L'électricité statique peut attirer la poussière sur la mousse - nettoyer avec un chiffon sec ou humide.

De petits morceaux de mousse peuvent être présents - manipuler avec précaution et jeter correctement.

Ne pas br?ler ni incinérer. Vérifier les directives de recyclage locales.

Have an assembly question or need a replacement part?
Please contact with our customer service.

Vous avez une question sur le montage ou besoin d'une pièce de rechange ?
Veuillez contacter notre service client.

Warnings

Important reminder:

Please sort and check all accessories before assembly.

Place the product on an empty cardboard box or on carpet to prevent scratches.

⚠ Please use proper tools for assembly.Using an electric screwdriver can accelerate the assemoly speed, but please do not overtighten the screws.

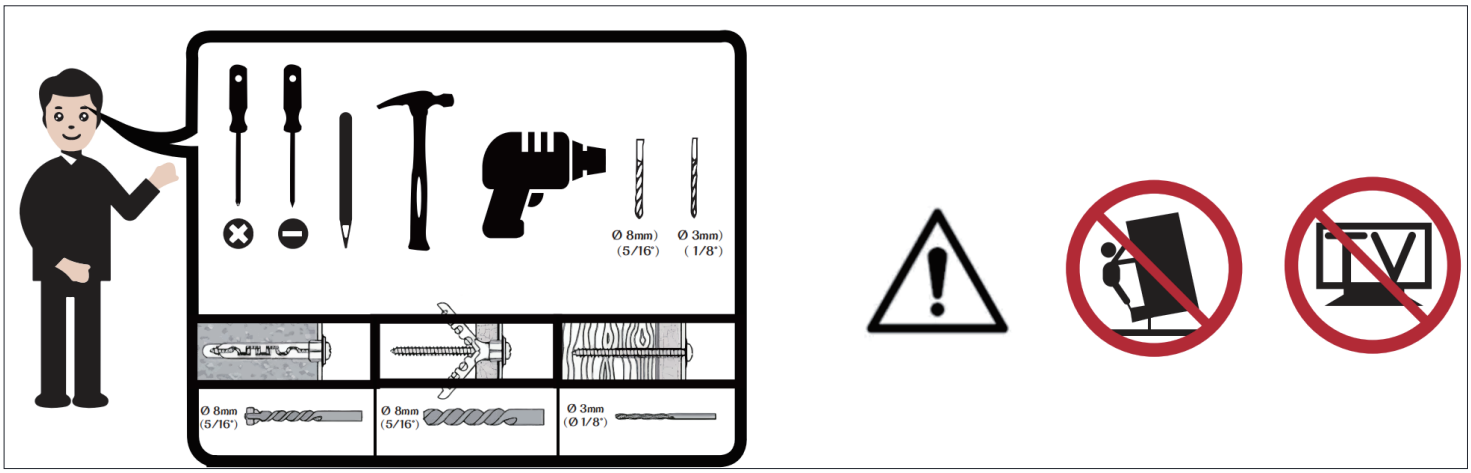

⚠ Please follow the assembly steps and do not skip any of them.

⚠ If possible, please find a partner to help you with assembly, which can accelerate assembly.

⚠ Keep all small parts of this product away from children. They may cause serious injury.

⚠ We hope you can retighten the screws 2 weeks after assembly, and check the tightening procedure of the screws every 3 months.

If you meet any difficulty, our friendly customer team are always ready to help you.

WARNING — Tip-Over / Crush Hazard

Furniture can tip over and cause serious crushing injuries. If an anti-tip kit is provided, install it after assembly and use it as instructed. Do not modify the structure of this product. Use only as intended and ensure all fasteners are fully tightened. The manufacturer is not responsible for damage or injury caused by unauthorized modifications or improper assembly.

Peel off film before use

Avertissements

Rappel important :

Veuillez trier et vérifier tous les accessoires avant le montage.
Placez le produit sur un carton vide ou sur une moquette pour éviter les rayures.

⚠ Veuillez utiliser les outils appropriés pour le montage. L'utilisation d'une visseuse électrique peut accélérer le montage, mais veuillez ne pas trop serrer les vis.

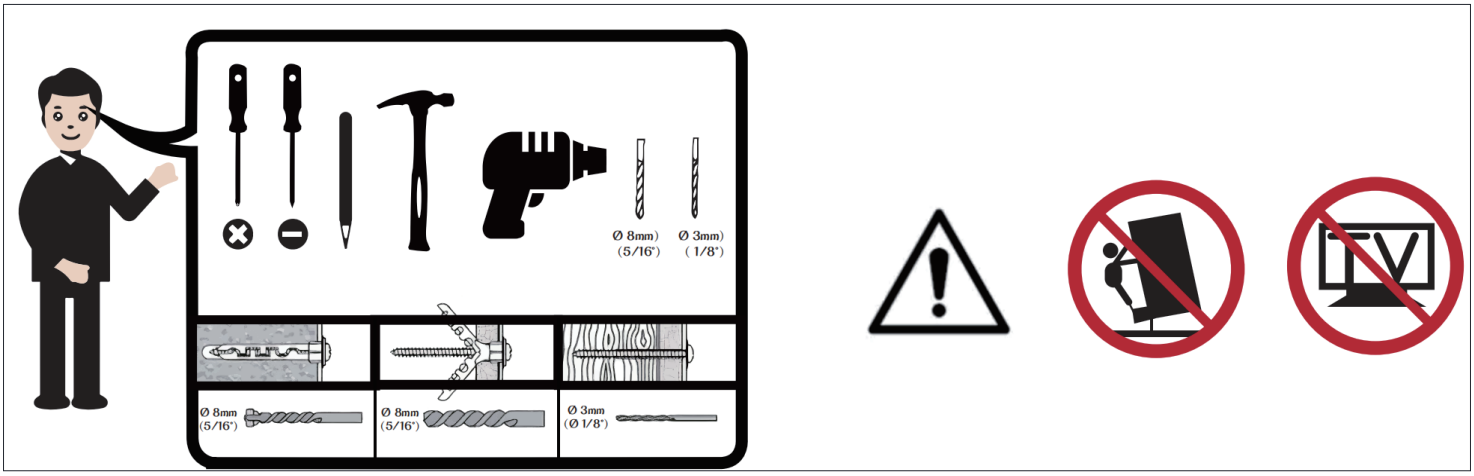

⚠ Veuillez suivre les étapes de montage et ne pas en sauter aucune.

⚠ Si possible, veuillez trouver un partenaire pour vous aider lors du montage, ce qui peut accélérer le processus.

⚠ Gardez toutes les petites pièces de ce produit hors de portée des enfants. Elles pourraient causer des blessures graves.

⚠ Nous vous recommandons de revisser les vis 2 semaines après le montage, et de vérifier le serrage des vis tous les 3 mois.

Si vous rencontrez des difficultés, notre aimable équipe du service client est toujours prête à vous aider.

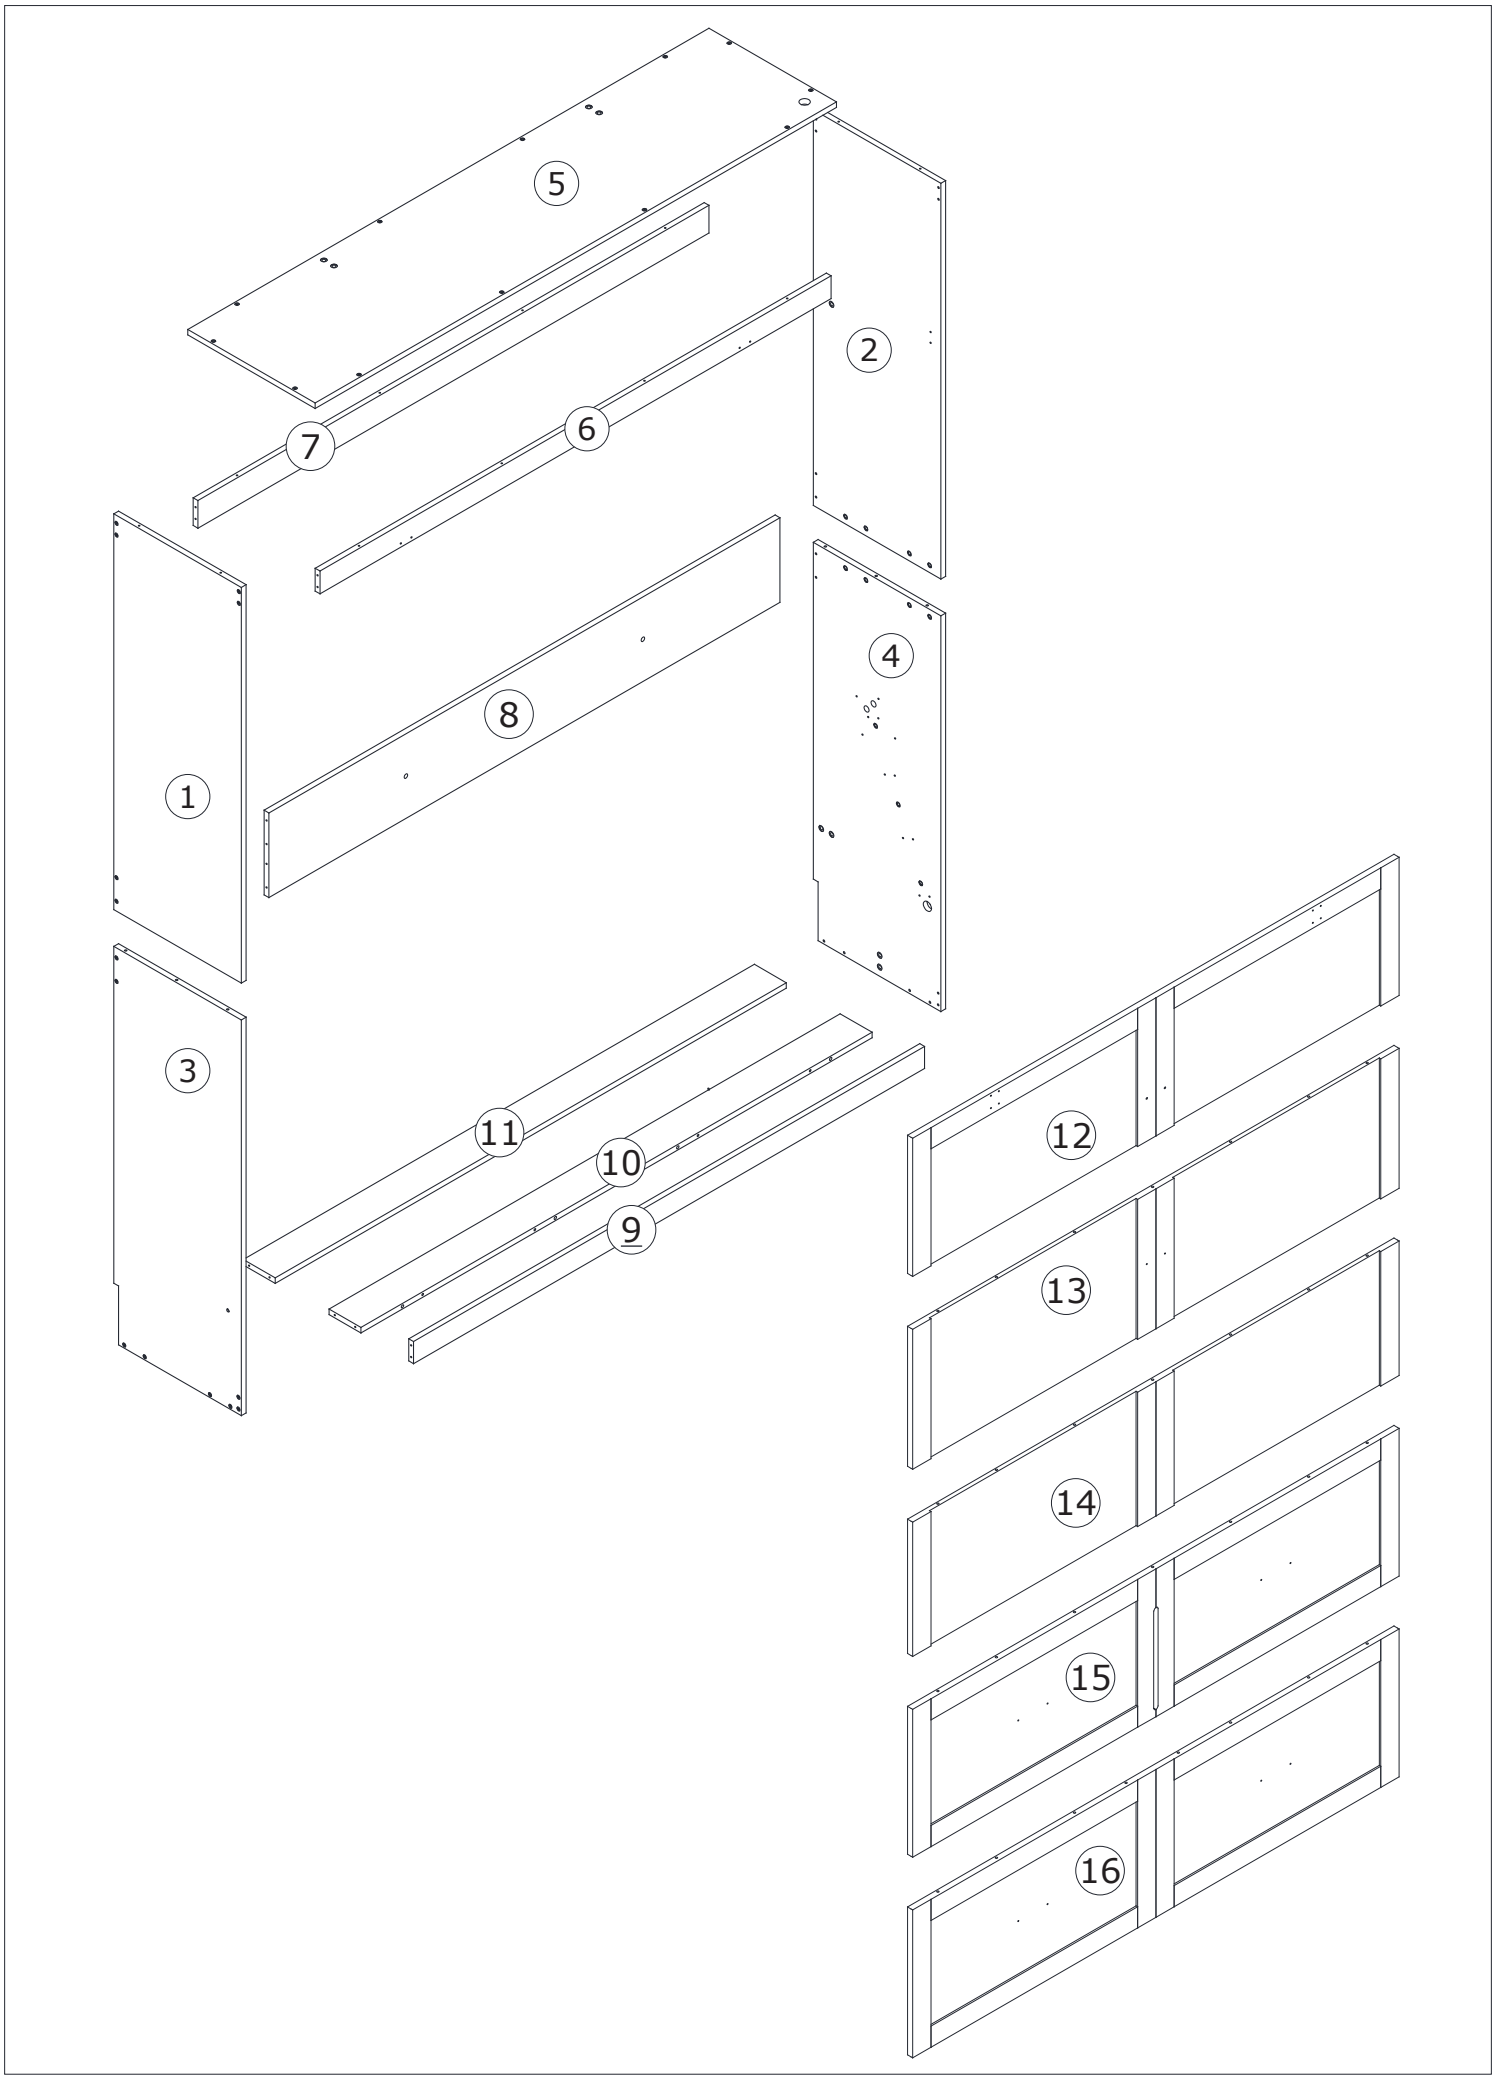

AVERTISSEMENT — Risque de basculement / d'écrasement

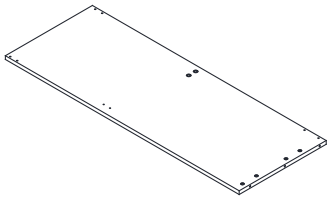

Les meubles peuvent basculer et causer des blessures graves par écrasement. Si un kit antirupture est fourni, installez-le après le montage et utilisez-le comme indiqué. Ne modifiez pas la structure de ce produit. Utilisez-le uniquement comme prévu et assurez-vous que toutes les fixations sont complètement serrées. Le fabricant n'est pas responsable des dommages ou blessures causés par des modifications non autorisées ou un montage inapproprié.

Retirer le film avant utilisation.

Tip: During installation, please strictly follow the hardware specifications required in the manual for assembly. Do not mix them, otherwise it will seriously affect the product assembly!

Conseil : Lors de l'installation, veuillez assembler strictement selon les spécifications des pièces métalliques indiquées dans le manuel, ne pas les mélanger, sinon cela aura un impact sérieux sur l'assemblage du produit !

Please note during installation that the distance between the edges of the board is small, and it is the straight opening direction of the plastic particles. Do not install it incorrectly!

Veuillez noter lors de l'installation que la distance entre les bords du tableau est faible, et qu'il s'agit de la direction d'ouverture droite des particules de plastique. Ne l'installez pas incorrectement!

Note: After the bed frame is upright, it needs to be held by someone to prevent it from falling and injuring people or damaging the bed frame !

Attention : après avoir dressé le cadre de lit, il faut que quelqu'un le tienne pour éviter qu'il ne tombe et blesse quelqu'un ou n'abîme le cadre !

8

⚠ WARNING

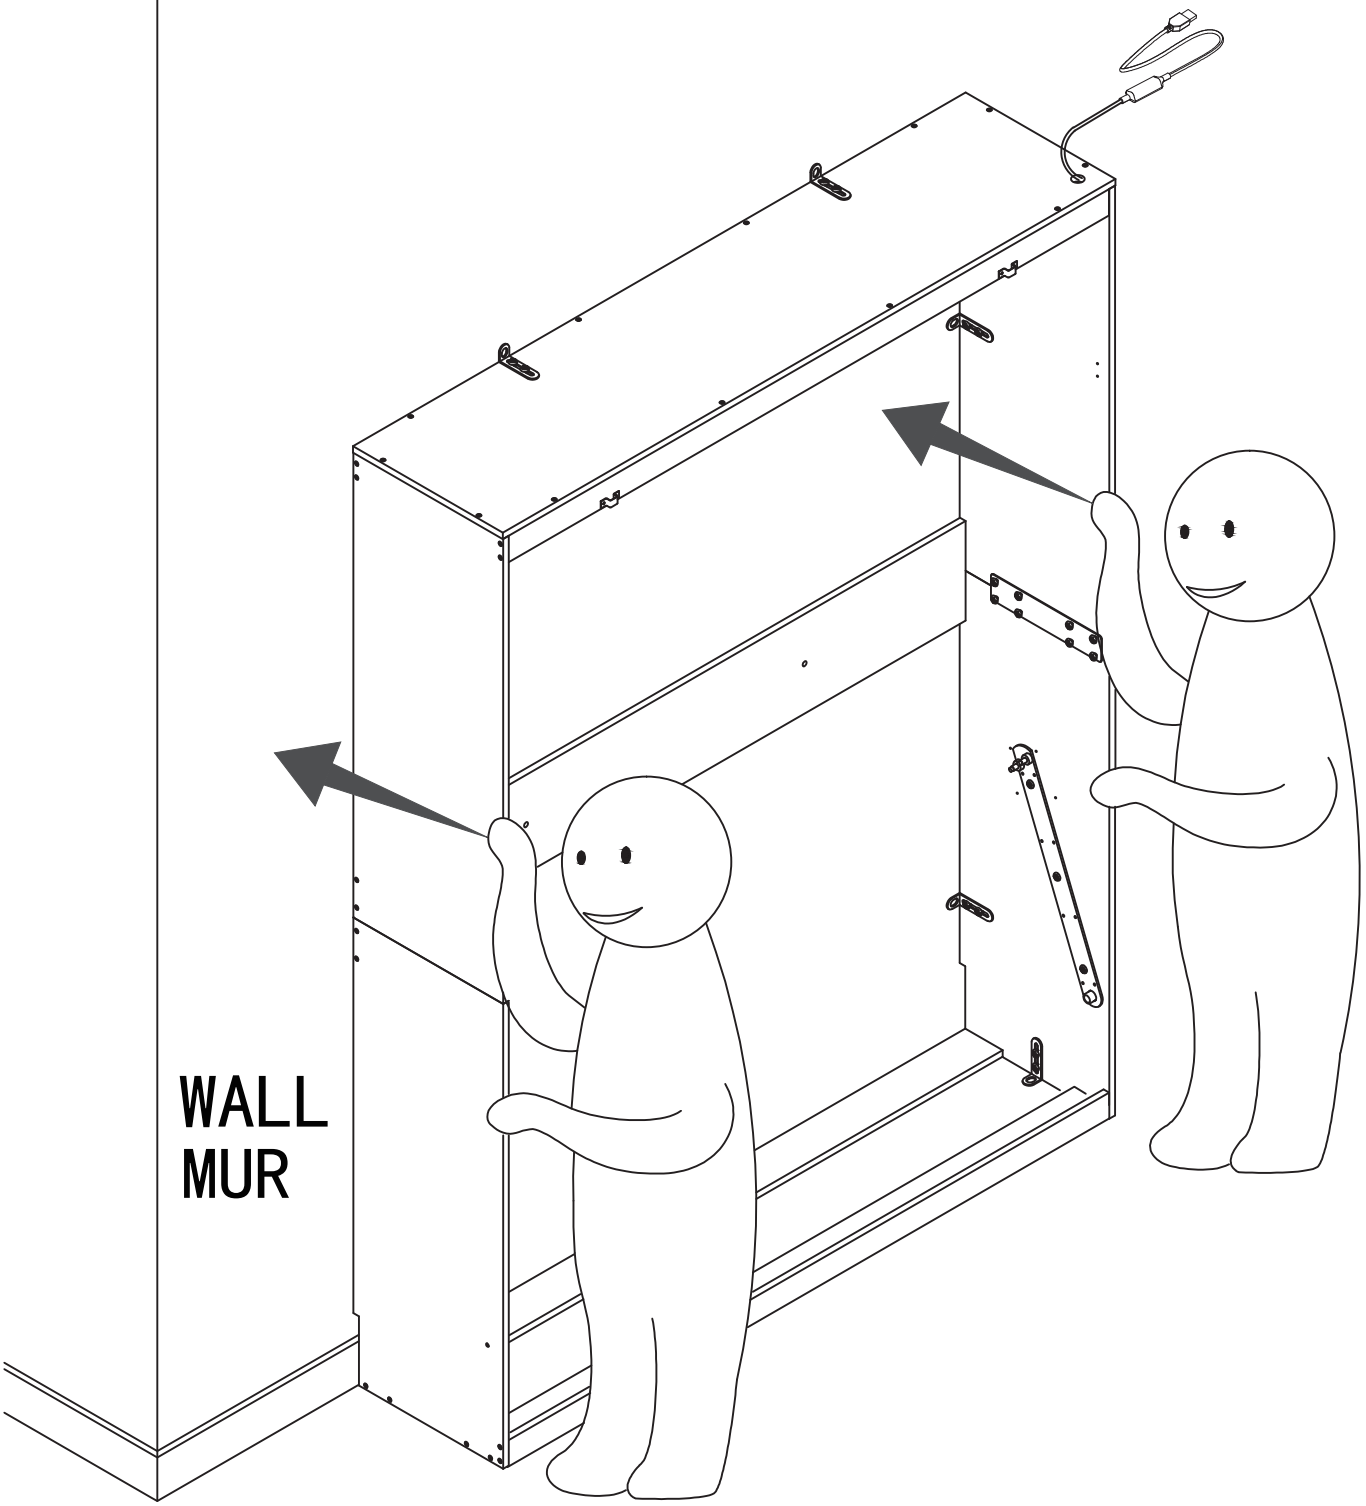

a, When installing the cabinet, the upper and lower four wall-mounted hardware must be installed along the wall. The L-shaped iron sheet can be installed upside down according to actual requirements to ensure that the wall-mounted hardware of the lower cabinet can be locked onto the load-bearing keel strip.

b When moving the cabinet against the wall, two people should work together. Only the side panels of the cabinet can be pushed, and the back panel must not be pushed directly to avoid breaking or damaging the back panel or causing the cabinet to tip over.

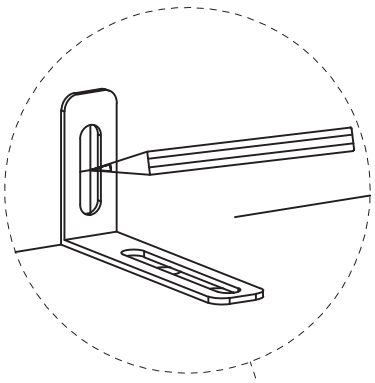

⚠ AVERTISSEMENT

a. Lors de l'installation de l'armoire, le matériel mural supérieur et inférieur doit être installé le long du mur. La tôle en fer en forme de L peut être installée à l'envers selon les exigences réelles afin de garantir q ue le matériel mural de l'armoire inférieure peut être verrouillé sur la bande de support portante.

b. Lors du déplacement de l'armoire contre le mur, deux personnes doivent travailler ensemble. Seules les panneaux latéraux de l'armoire peuvent être poussés, et le panneau arrière ne doit pas être poussé directement pour éviter de casser ou d'endommager le panneau arrière ou de faire basculer l'armoire.

9

The exposed bolts must be installed into the load beading walls or beams.

Les boulons exposés doivent être installés dans les murs ou poutres portant des charges.

⚠ WARNING

The Cabinet Frame must be Mounted on stronger Wall in this Step.

⚠ AVERTISSEMENT

Le châssis de l'armoire doit être monté sur un mur plus solide à cette étape.

An expansion bolt needs to be installed here!

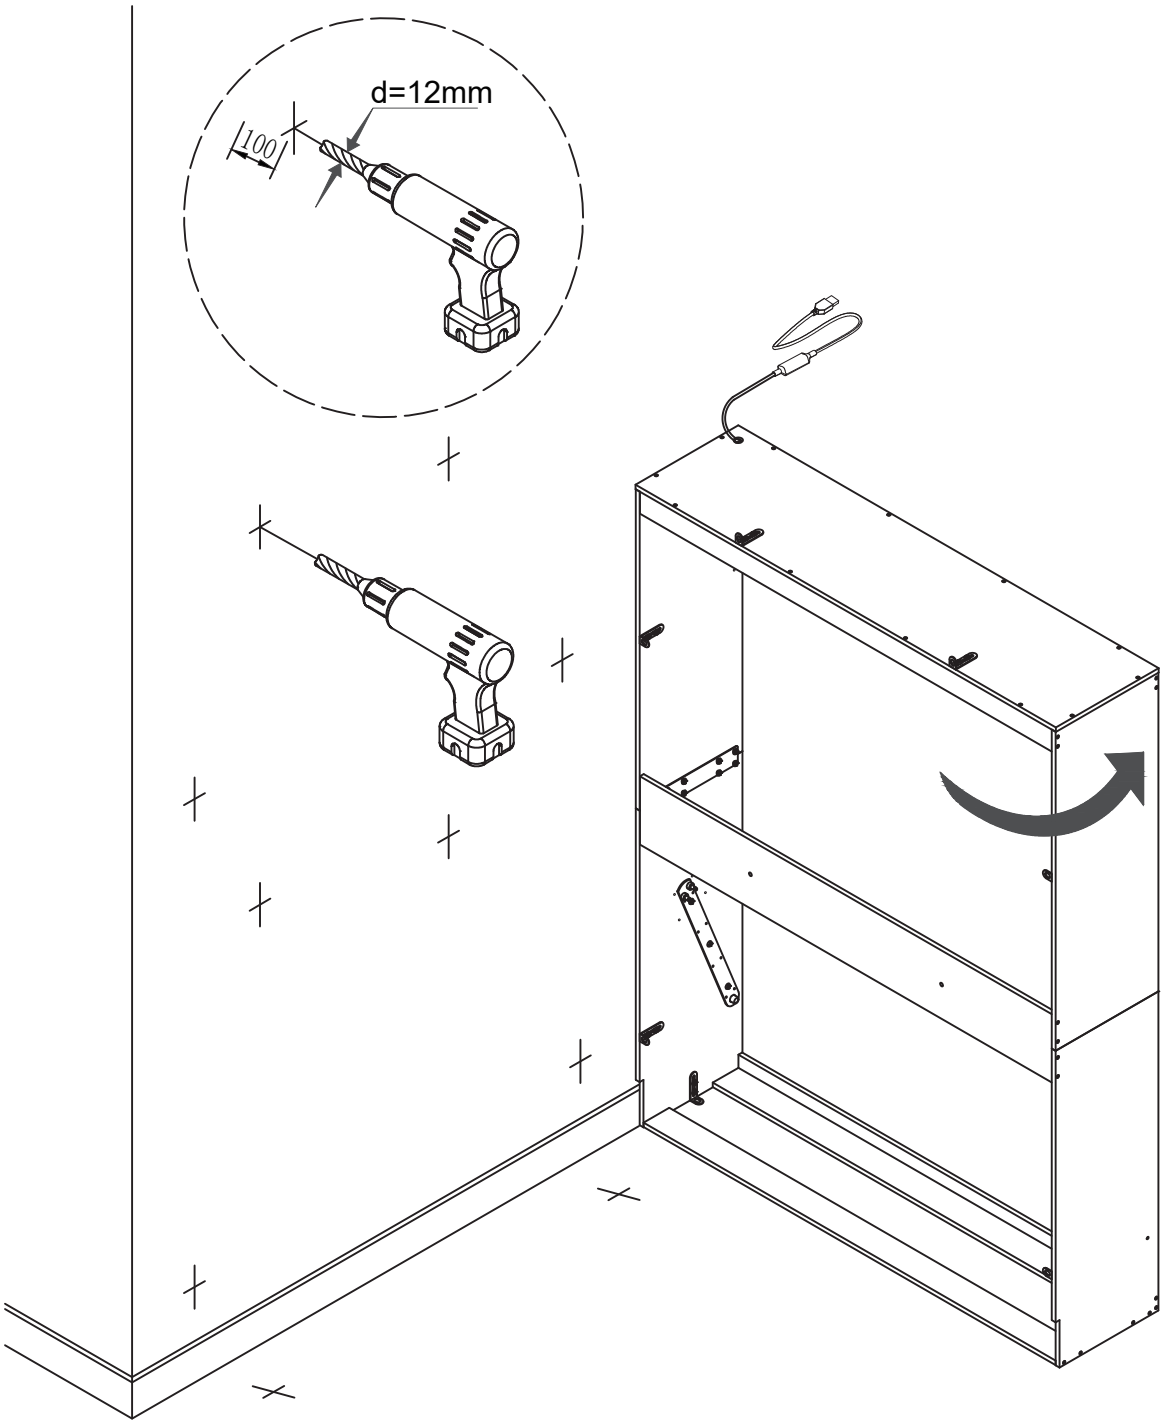

Il faut installer une vis à expansion ici !

10

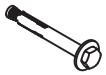

Installation Precautions
Précautions d'installation

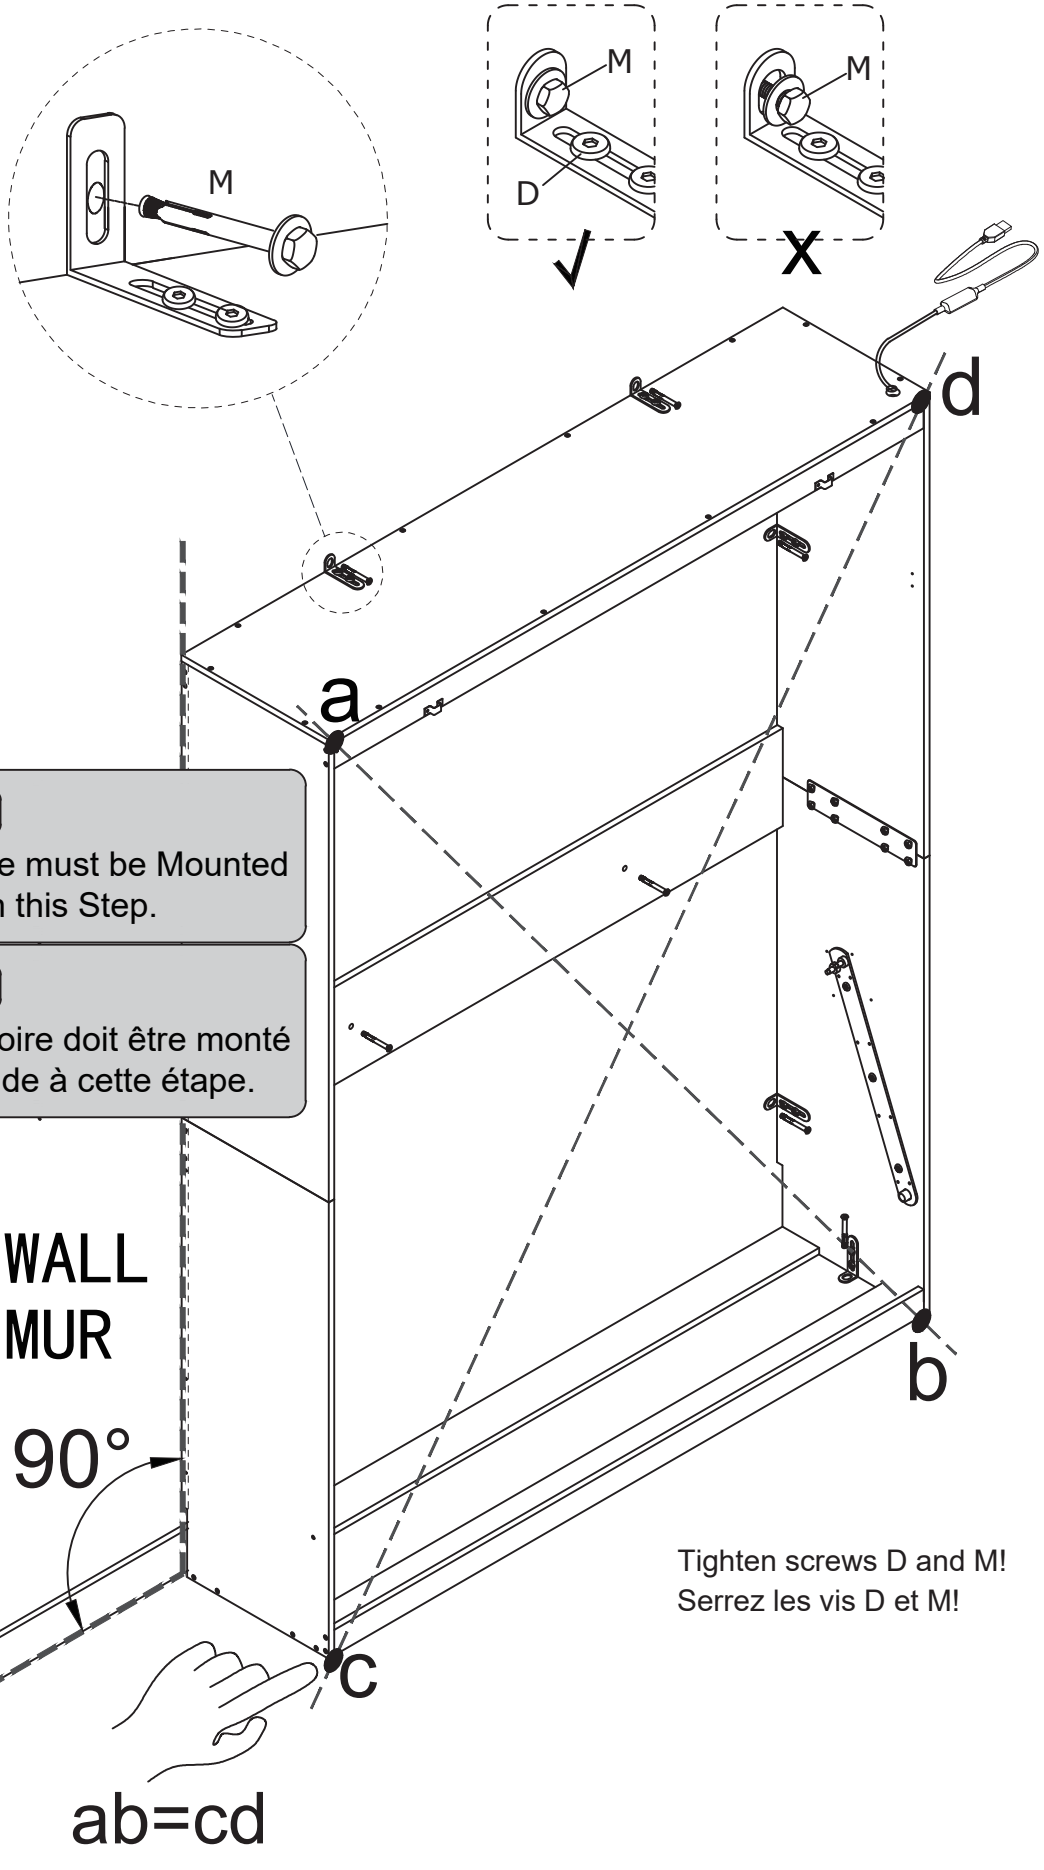

1. Make sure the wall you choose can support the weight of your Murphy bed. Generally speaking, brick or concrete walls are the best choice. If it is a cavity wall, installation is not recommended.
2. Make sure the wall is vertical and flat, and there should be no gaps between the headboard and the wall.
3. Make sure the wall thickness is greater than the screw length.
4. Make sure the bed frame is fully secured to the wall before opening and closing the Murphy bed.

1. Assurez-vous que le mur que vous choisissez peut supporter le poids de votre lit escamotable. De manière générale, les murs en brique ou en béton sont le meilleur choix. S'il s'agit d'un mur creux, l'installation n'est pas recommandée.
2. Assurez-vous que le mur est vertical et plat, et qu'il n'y ait pas d'espaces entre la tête de lit et le mur.
3. Assurez-vous que l'épaisseur du mur est supérieure à la longueur de la vis.
4. Assurez-vous que le cadre de lit est complètement fixé au mur avant d'ouvrir et de fermer le lit escamotable.

Do not play on this furniture with mechanical devices. Be careful to avoid injury when you are about to close the table top downwards.Always keep this furniture closedwhen not in use !

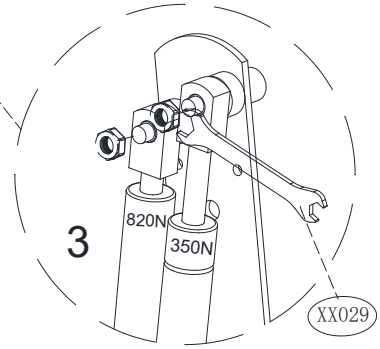

Ne jouez pas sur ce meuble avec des appareils mécaniques. Faites attention pour éviter les blessures lorsque vous êtes sur le point de rabattre le plateau de la table. Gardez toujours ce meuble fermé lorsqu'il n'est pas utilisé !

Install two air cylinders, making sure that the directions are not the same.

Installez deux vérins à air, en veillant à ce que les directions ne soient pas identiques.

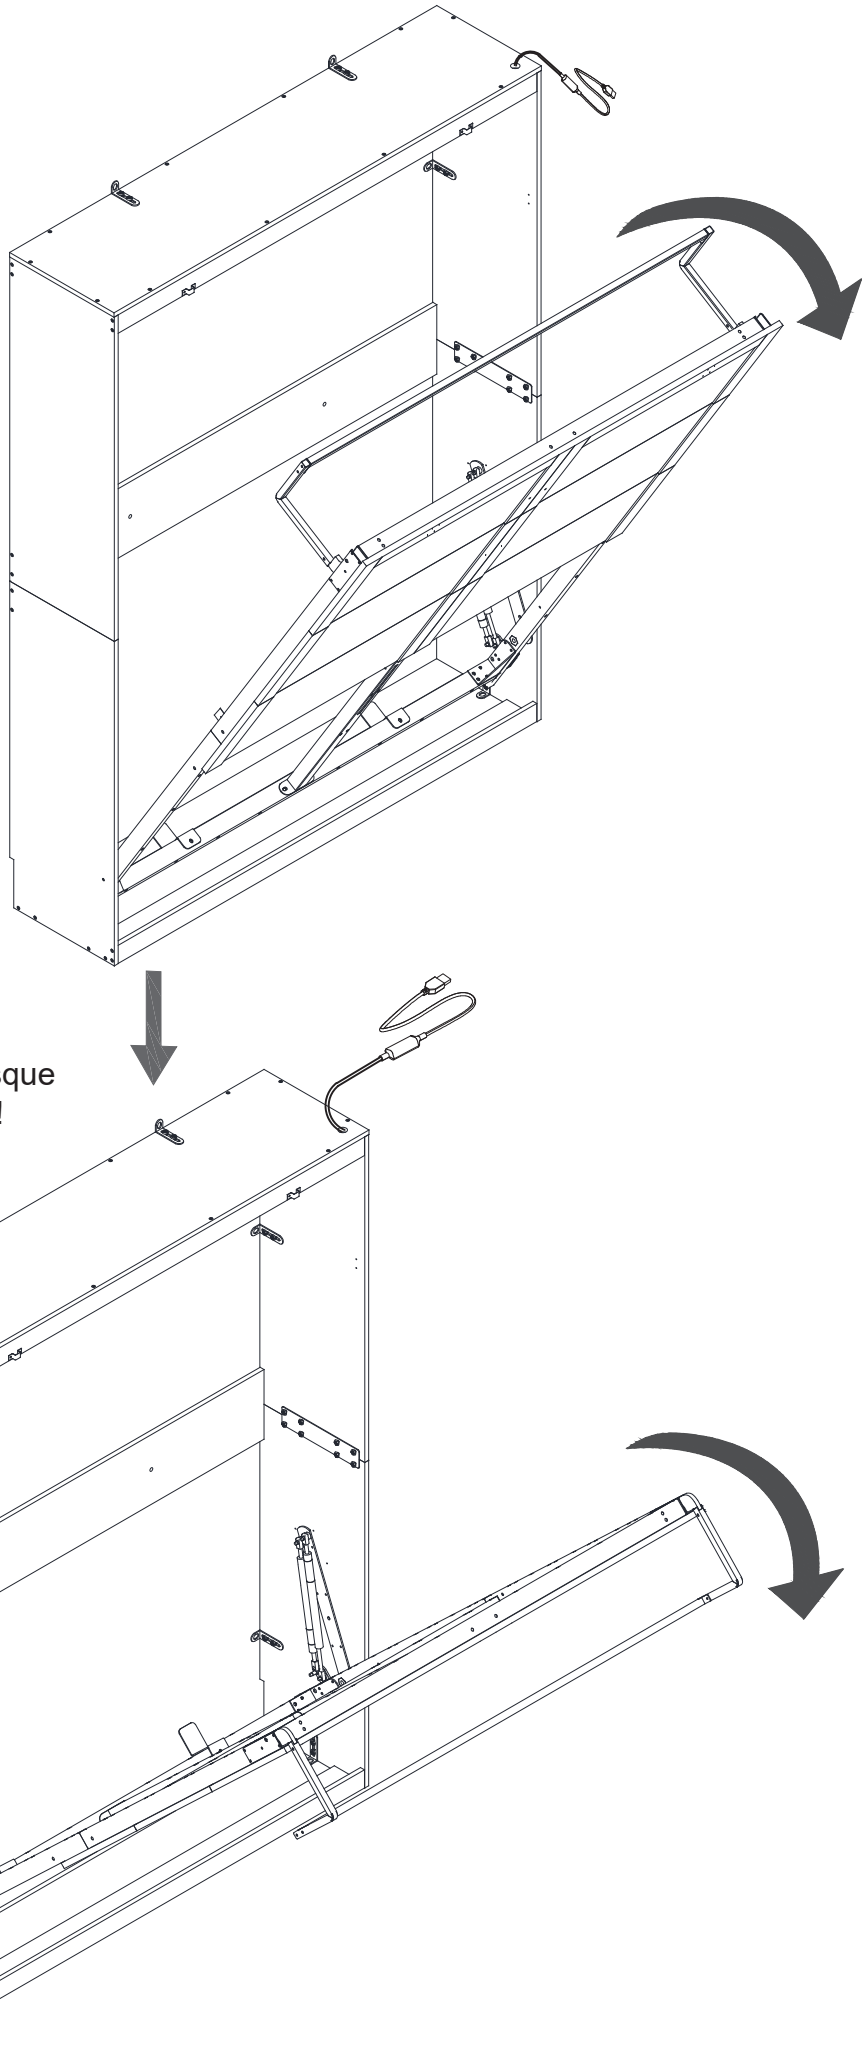

Finally, tighten the nut
Enfin, serrez l'écrou

24

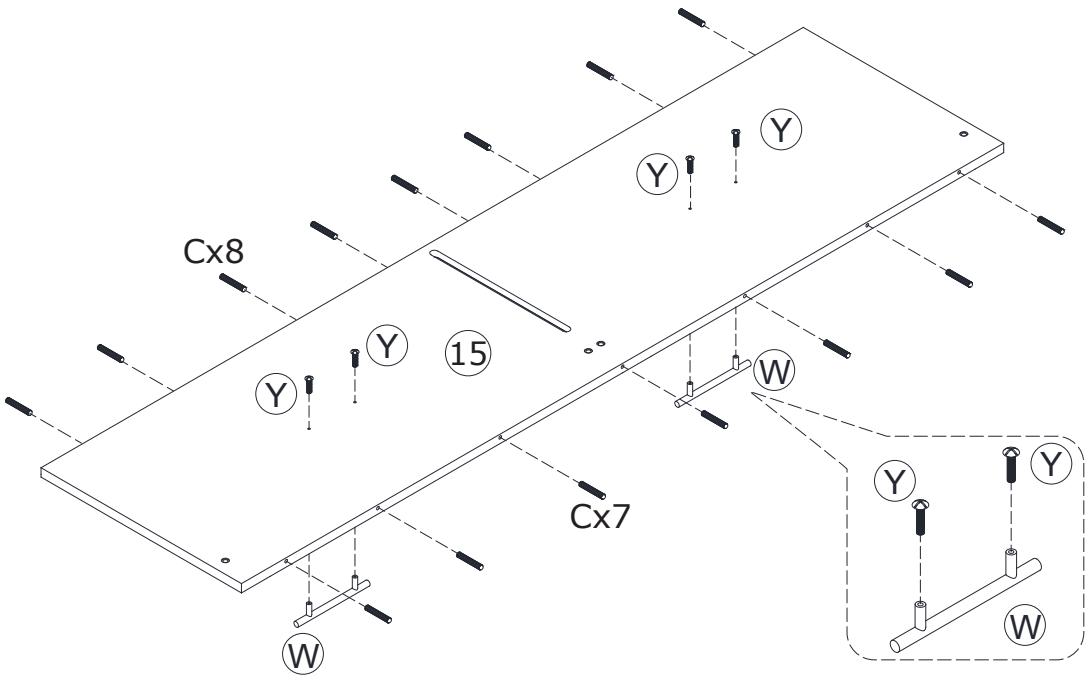

Before lowering the drop-down panel, check that all M screws are fully tightened. Do not over-tighten to avoid thread stripping, and eliminate idle rotation of screws. After lowering and retracting the panel repeatedly several times, check for loose abnormal noises. If any M screw is loose, replace or retighten it firmly. Otherwise, the bed may fall and cause personal injury!

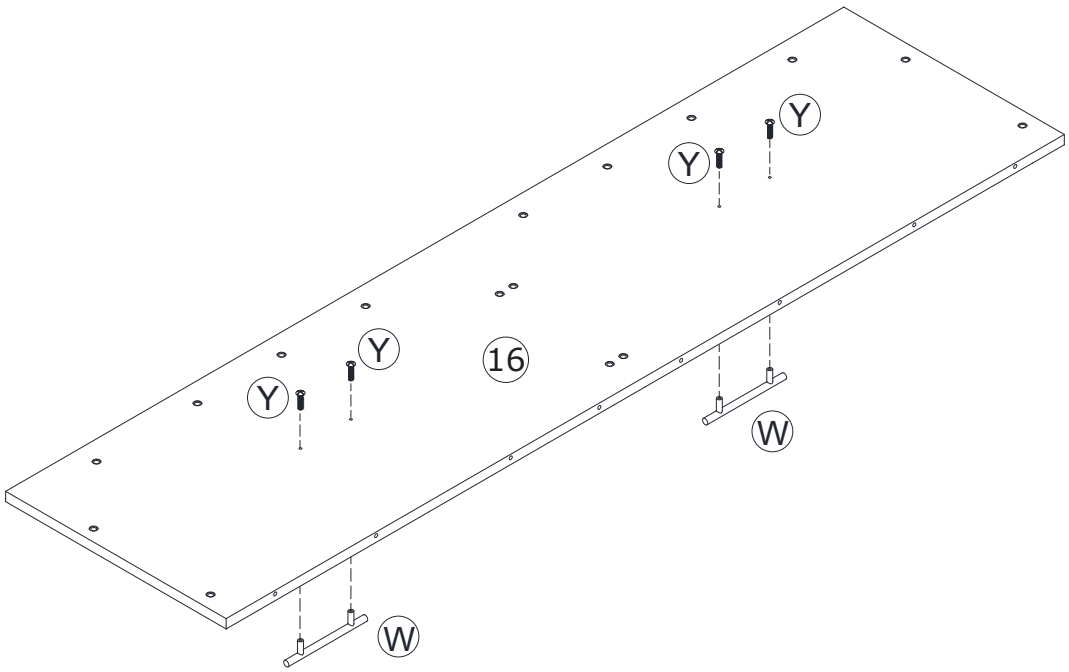

Avant d'abaisser le panneau d'abattant, vérifiez que toutes les vis M sont bien serrées. Ne pas serrer excessivement pour éviter le défilement du filetage et empêcher tout jeu de rotation des vis. Après avoir abaissé et relevé le panneau à plusieurs reprises, vérifiez l'absence de bruits anormaux liés au desserrage. Si une vis M est desserrée, remplacez-la ou resserrez-la fermement. Sinon, le lit risque de basculer et de blesser des personnes !
