1* Assembly Diagram

Other Accessories for Assembly

Application

It applies to cats weighing up to 22-33 pounds and is suitable for homes, pet shops, living rooms, bedrooms, balconies, and other places where cats can interact and rest.

Notes

1. Wooden products have cracks or defects, which is a normal phenomenon, please be sure you do not mind before purchasing.
2. Please check the tightness of the screws and tighten them regularly. It is recommended to place the cat tree against the wall and use the anti-tip kit(not included) to ensure the safety of your family members. Additionally, try not to place the cat tree in a humid environment, considering the material.
3. If your pet chews the pompom, please remove it and keep it away from your pet for a while.
4. Please allow the slight color difference caused by the shooting light and 1-3 cm error due to manual measurement, and make sure you do not mind before ordering.
