

# Leather suspended bed

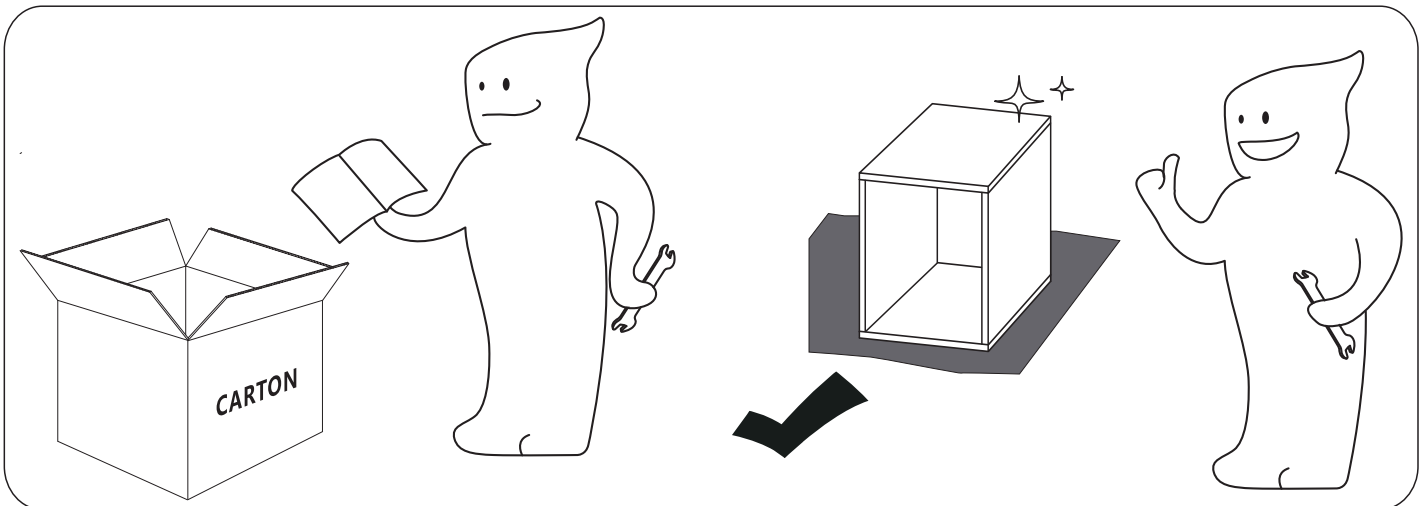

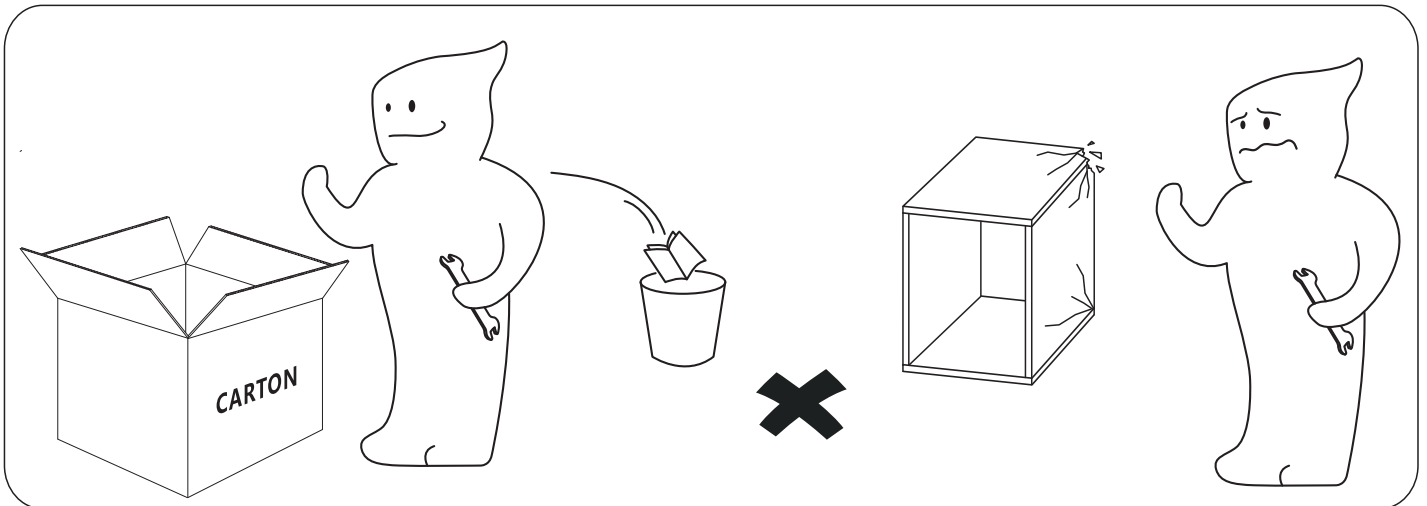

## Dear Customers

Thank you for purchasing our product. Please read this instruction manual carefully after receiving this product. It will help you assemble this product quickly, safely and correctly. You can keep this manual for future reference.

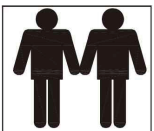

Please follow the instruction manuals and use a pad to protect the product during your assembly.

**Note:**

1. Should be assembled on flat ground to keep balance.
2. Before completing the installation, do not tighten the screws.

For easier and better assembly, **2** or more adults are required.

## NOTICE:

-Please retain these instructions for future reference.

-Please read the instruction sheets completely before assembly.  
Remove all parts from the carton and ensure all components are included before assembly.

-Assemble the bed on a protected surface to avoid scratching the components of the bed. Be careful not to cross-thread screws.  
Please use a piece of the cardboard packaging to protect your floor and product.

-Two people are recommended for assembly!

-Don't tighten all screws before you have installed all the parts of the bed.

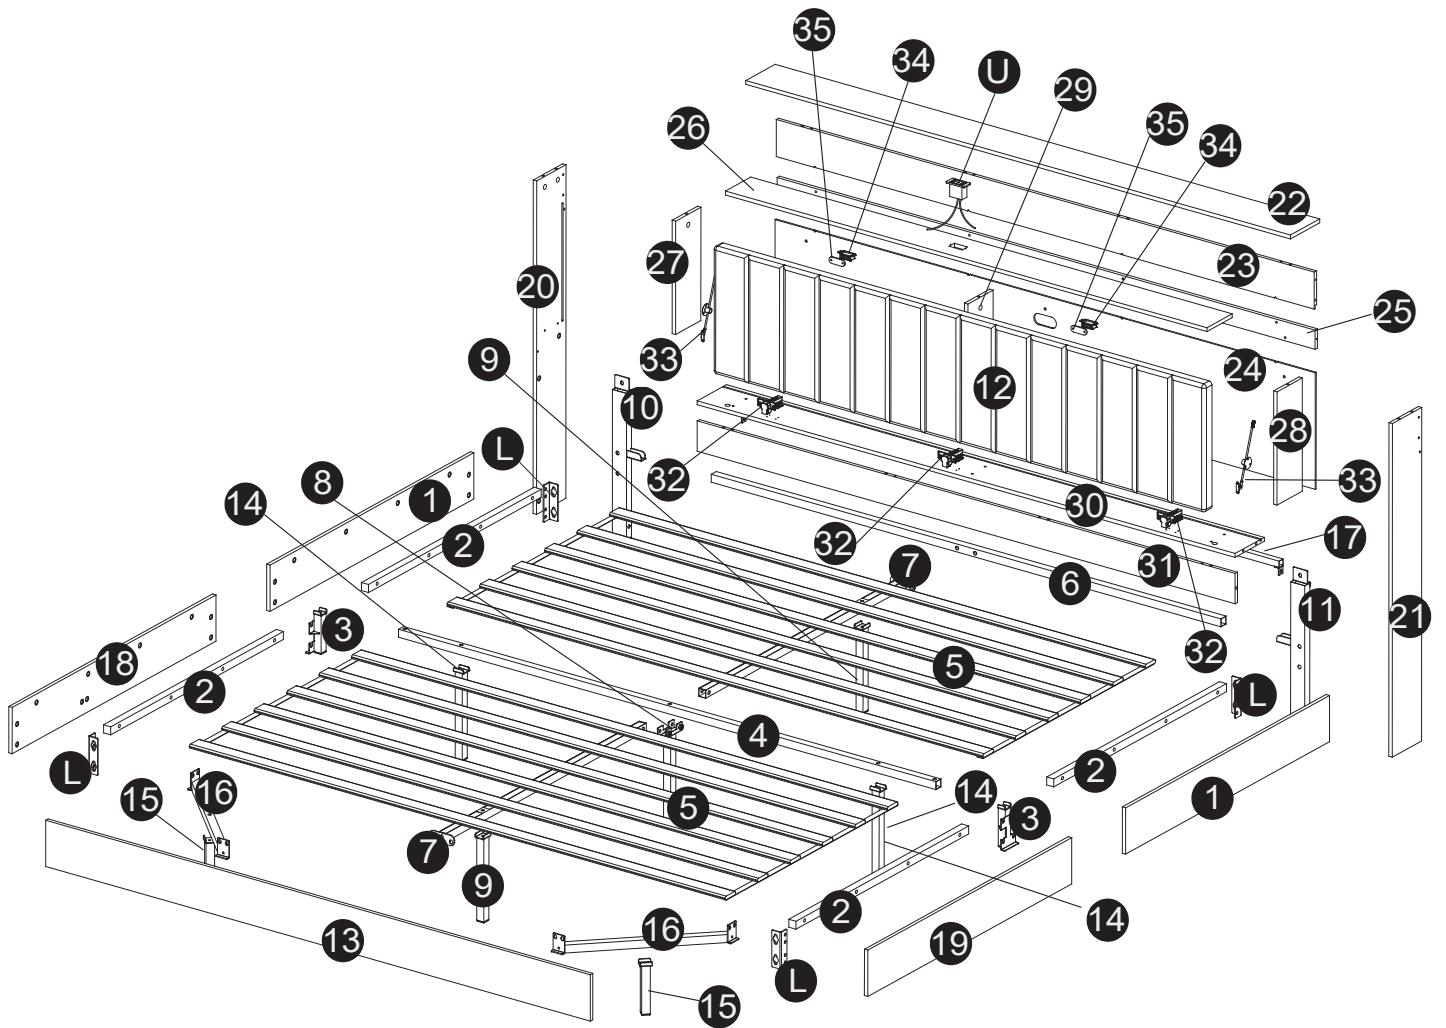

-When you assemble your bed, if you smell a weird smell of the material, please don't worry it's very Normal. What you should do is to air it for 1 or 2 days on your balcony, patio, or near your window. Our bed has been certified by the environment authority. So please don't worry it won't hurt your health, it's completely safe.
