## P8475-28

5" Shallow Step Baffle Trim in a Satin White finish. One-piece construction with integral matching satin white powder painted metal flange. The trim uses friction springs to attach to the housing to provide a flush fit against the ceiling. Compatible for use in Progress (P851/P1841) and other housings.

**Diameter: 6-1/2"**  
**Height: 3.7"**

- 5" Recessed shallow step baffle
- Satin White finish
- Uses a PAR30/R30 bulb, 50 watt max.
- Trim is only compatible with P1841-ICAT and P851-ICAT
- Positive upward spring action forces trim to fit snugly against the ceiling
- Socket mounts to trim for optimum performance and consistent lamp position
- UL Listed for Damp Locations

**Category:** Recessed-Trim

**Finish:** Satin White

**Construction:** Aluminum Construction
