## Notes

1. Please note that this product does not contain any food.
2. Please note that the product does not have a power switch. After use, please adjust the temperature to 32°F and unplug the power cord to avoid prolonged high-temperature operation.
3. Please note that this product is for heat retention only and cannot be used to cook food.
4. Please note that the water basin needs to be filled with the right amount of water when in use.
5. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before you order.
