Minimum Cabinet Size: 36"

Product Installation

Tools Needed for Installation

Please have these tools prepared prior to installation.

Note: Specialized tools may be necessary to install HOROW stainless steel kitchen sinks with countertop materials other than wood, marble, or granite.

Parts Included

Please confirm that all items below are inside the box.

Model: HR-SM3322DWD

Kitchen Sink
Appearance is for reference only

Cutting Board

Bottom Grid

Colander

Drying Basket

Basket Strainer

Mounting Hardware
(12 pcs)

Cutout Template

Undermount Hardware
(Spare Parts)
(10 pcs)

Prior to Installation

1. Make sure that you have all necessary parts by checking the parts list. If any part is missing or damaged, please contact our Customer Service Team.
2. Inspect the sink prior to installation to make sure that it has not been damaged during shipping.
3. Follow all applicable state and local plumbing and building codes.
4. Read the installation and maintenance instructions carefully before installation. Always use appropriate tools and wear appropriate personal protective equipment during installation.
5. HOROW strongly recommends professional installation by a licensed plumber.
6. All dimensions are nominal. Verify actual product dimensions before installation.

Installation of Sink

Install your sink using the following steps:

1

Position Template

Check the cutout template against the actual sink to ensure a proper sized cutout.

Place the cutout template in the desired location on the countertop.

Note:

Make sure clearance is suitable for backsplash, faucet and plumbing for the sink.

2

Mark Cutout Size

Trace the cutout template on the countertop with a pencil.

3

Cut Countertop

Carefully cut the opening in the countertop by following the traced line.

※ To avoid the risk of personal injury, wear safety glasses and cut-resistant gloves with non-slip grip when cutting.

Note:

Use the appropriate saw that best fits your countertop material.

4 Attach Mounting Hardware

Attach the mounting clips to the protruding prongs below the sink rim. Make sure the hooked side of the mounting clip is facing away from the sink.

5 Apply Sealant or Plumber's Putty

Clean and dry the rim surface of the sink. Turn the sink upside down and apply the sealant (not included) underneath the sink rim.

6 Secure Sink to Countertop

Insert the sink into the opening, confirm that the sink fits the countertop opening, and press firmly.

Tighten the screws in the front of the sink, followed by the ones in the back and on the sides of the sink.

Remove excess silicone-based sealant.

Allow the sealant to set for 30–60 minutes.

7 Install Plumbing Fixtures

Connect the basket strainer assembly to the sink. Connect the trap to the basket strainer assembly. Connect the water supply connections to the faucet according to manufacturer's instructions.

Run water into sink and check for leaks.

Install the basket strainer assembly as described below. It is easier to install the strainer assembly before mounting the sink to the cabinet.

1. Apply a small amount of sealant (not included) around the drain opening of the sink.
2. From underneath the sink, place the rubber washer (5) and drain body (6) onto the drain opening.
3. Place the strainer ring (4) and the strainer bowl (3) over the drain opening.
4. Insert the center screw (2) and tighten it securely.
5. Insert the strainer basket (1) into the center opening to complete the installation.

Basket Strainer Assembly Installation

Care & Maintenance

Stainless steel kitchen sinks require regular cleaning and maintenance to prevent rust, corrosion and staining.

- ※ Clean your sink regularly with warm soapy water. Rinse thoroughly after using any cleaning products. Wipe the surface with a soft cloth to remove water spots and residue.
- ※ Do not cut food directly on the surface of the sink.
- ※ Do not leave sharp objects on the surface of the sink for an extended period of time.
- ※ Do not use abrasive cleaners, sanding tools, steel wool or bleaching products as use of such products may affect product performance or void the warranty.
- ※ Do not leave pots, utensils, or standing water in the sink, as this may cause rust stains on the sink surface.

Warranty

ONE YEAR LIMITED WARRANTY

HOROW products are made with high-quality materials and workmanship to provide customers with products that are built to last. If any defects in material or workmanship are detected during normal use within the first year of purchase, such as the replacement of any product or product part that you consider to be defective, HOROW will provide replacement parts free of charge. We are **not responsible** for all damages that result from **improper installation resulting in unavailability, repair and maintenance**. This warranty applies only to the original purchaser. Proof of purchase and **evidence of damage** will be required in the case of a **claim**.

HOROW recommends the installations to be made by a licensed, professional plumber.

HOROW will not be held responsible for any damage or product failure due to improper installation, misuse, or failure to use a licensed professional. HOROW is not responsible for any removal or installation cost.

This One Year Limited Warranty will be voided if:

The installation recommendations were not followed.

The product has been moved from its initial place of installation.

The product has been modified.

The product has been subjected to improper maintenance, abuse, misuse, excessive use of chemicals, accident or other damages.

HOROW makes no implication that products comply with any or all local building or plumbing codes. It is the consumer's responsibility to determine local code compliance. This warranty extends to the original purchaser and first consumer.

HOROW is not liable for any incidental, consequential or special damages associated with the return, replacement, installation or use of your product. This includes freight costs, labor, travel time, lost profit, home damages and other contingent liabilities and costs (including, without limitation, costs associated with experts, investigations, analyses, attorneys and other professionals and services).

The HOROW warranty is a comprehensive and explicit limit of liability, and all items outside of it are not addressable by or the responsibility of HOROW. Certain states have variances regarding implied warranties and in those situations, we remain fully compliant.

Warranty Registration

Proof of purchase is required to validate this limited warranty. HOROW encourages you to register your product upon purchase to create a record of ownership at www.horow.com. Registration is voluntary and not required to maintain your limited warranty rights.

For any questions or claims, please contact us by phone or email.
