

User Manual for Westex Ironing Board Covers

1. Introduction:

- Congratulations on your purchase of our ironing board cover! This user manual will provide you with all the information you need to use and maintain your cover effectively.

2. Product Overview:

- Our ironing board covers are designed to provide a smooth and efficient ironing experience while protecting your clothes and ironing board.
- The cover consists of a 100% cotton surface, a polyurethane foam layer, and padding made of 91% polyester and 9% olefin.
- It comes in a standard size of 15" x 54" to fit most ironing boards.
- The cover features a thick, fully elasticized skirt for a secure and tailored fit.

3. Installation Instructions:

- Ensure your ironing board is clean and free from any debris or residue.
- Lay the ironing board cover flat on the ironing board, with the cotton surface facing up.
- Adjust the cover to ensure it aligns with the ironing board's shape and dimensions.
- Pull the elasticized skirt over the edges of the ironing board, securing it in place.

4. Usage Guidelines:

- Ensure that your iron is set to the appropriate heat setting for the fabrics you are ironing.
- Place your garments on the ironing board cover, smooth them out, and proceed with ironing as usual.
- Take care not to apply excessive pressure or drag the iron forcefully across the surface to prevent damage to the cover.
- Avoid contact with sharp objects that may puncture or tear the cover.

5. Maintenance and Care:

- Regularly check the cover for any stains, spills, or residue. Spot clean with a damp cloth or sponge using a mild detergent if necessary.
- If the cover requires a more thorough cleaning, remove it from the ironing board and hand wash it in cold water. Do not bleach.
- Allow the cover to air dry completely before reinstallation.
- It is recommended to inspect the cover periodically for any signs of wear or damage and replace if needed.
