Assembly Instructions

Thank you for purchasing this quality product. Be sure to check all packing material carefully for small parts that may have come loose inside the carton during shipment.

 A1 A2			

1. LEGS ASSEMBLY / ASSEMBLAGE DES PATTES

Part A2 is an extra support leg under part D (Loveseat). It is a little bit shorter than part A1 (regular legs) which means it will not land on the floor like other legs. That's not a problem but intended. While people sit on the loveseat, the middle of the loveseat will bend under the weight, then the A2 will land on the floor steady to provide extra support.

Assembly Instructions

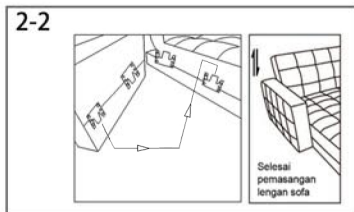

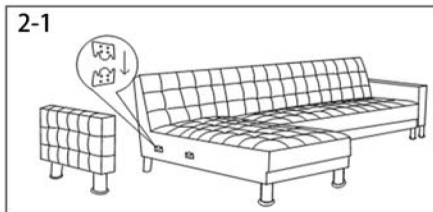

2 CHAISE LEFT AND RIGHT EXCHANGABLE

① Align the hardware, insert and press down firmly to make the hardware fully connected.

② Place the sofa on the flat ground and if all the legs are on the ground (except part A2), that means the installation is correct.

If any regular legs (part A1) are not on the ground, which normally happened on the legs under armrests, that means the installation is incorrect.

③ Please repeat the above steps or adjust the armrest as needed.

④ The lounger can be installed on the left or right side of the loveseat, in other words, the lounger is convertible if needed.

Please refer to the below figures 2-3 and 2-4 to change the position of the lounger.
