

## 2-Light Scalloped Glass Semi-flush Mount

**Caution:** Please turn off power before installation and read the manual carefully, we advise you contact professional electricians to install for safety purpose.

### Product Features

Style: Modern/Contemporary

Material: Metal, Glass

Base Type: E12 Base

Light Source Included: NO

Voltage: 120VAC

Wattage: 60W

### Package includes

1 x Ceiling Light

1 x Accessories Kit

1 x User's Manual

### Installation Instructions

A. Secure fixture rods (1) and (2) onto threaded components (3) and (4) respectively. Pass the fixture wire (5) through the canopy (6), then tighten the canopy (6) onto the top rod (1).

B. Attach the mounting plate (8) to the junction box using the provided mounting screws (7).

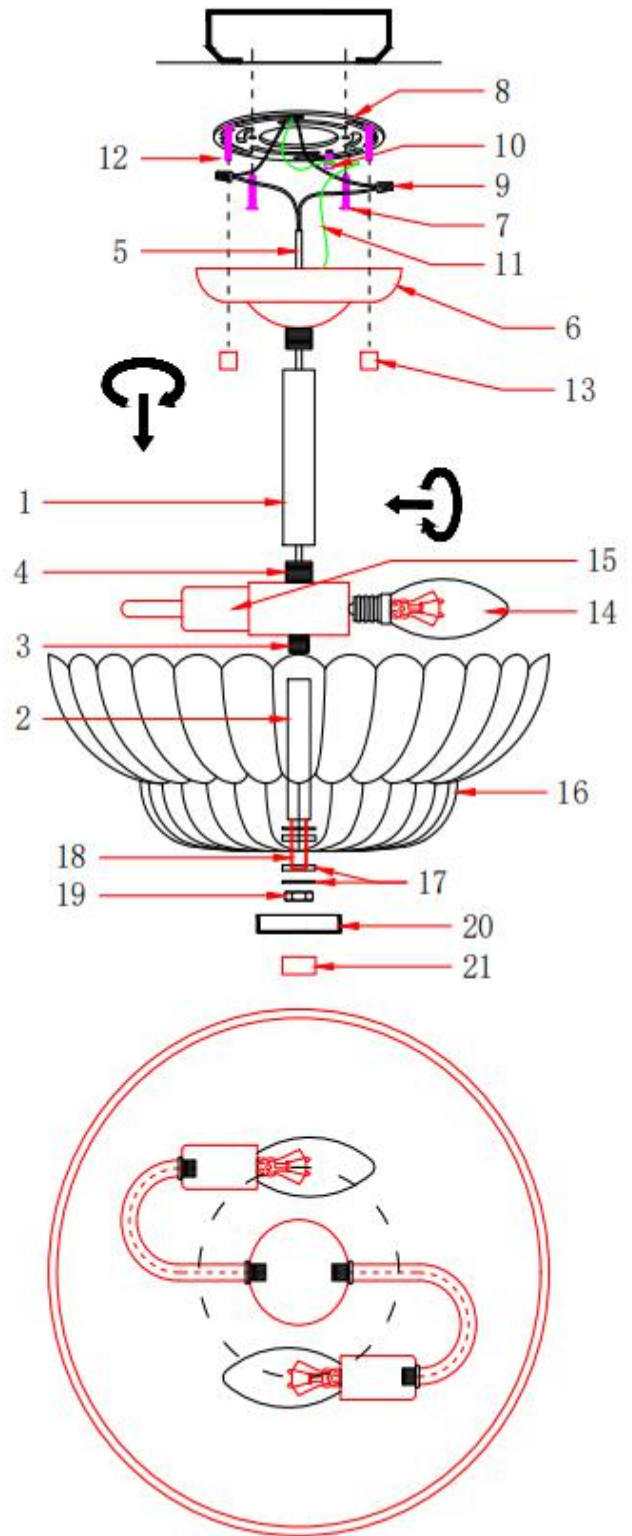

C. Connect the fixture wires (5) to the corresponding wires in the junction box using wire nuts (9). Insulate all connections with electrical tape and neatly tuck the wires into the junction box. Secure the ground wire (11) from both the fixture and the junction box to the mounting plate using the green screw (10) to ensure proper grounding.

D. Pass mounting plate studs (12) through the two small holes on the canopy (6), then tighten the decorative nuts (13) to securely fasten the fixture.

E. Install the light source (14) (not included) into the lamp holder (15) according to the markings, then perform a test to ensure proper operation.

F. Slide the glass lampshade (16) and washer (17) onto the threaded rod (18) in sequence, then secure them with the nut (19).

G. Place the metal cover (20) over the threaded rod (18) and lock it in place using the flat nut (21) to complete the installation.

**Note:** please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
