- Read instructions carefully and turn electricity off at main circuitbreaker panel before installation.
- Before installation, make sure all parts are included. If any part is missing or damaged, do not attempt to assemble, install or operate the product.

INSTALLATION STEPS

Step1: Installation Of Light Stand

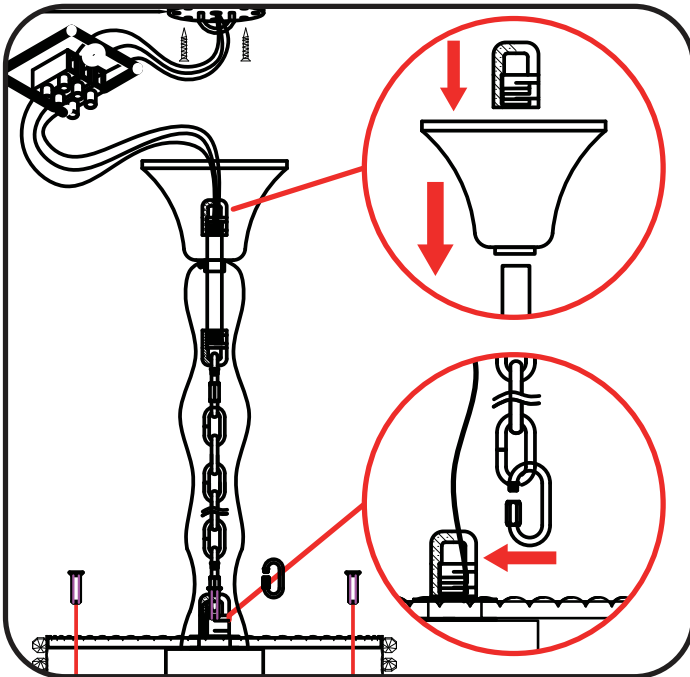

Pass the lamp holder wire through the hanging light stand and lock it with the hanging chain head.

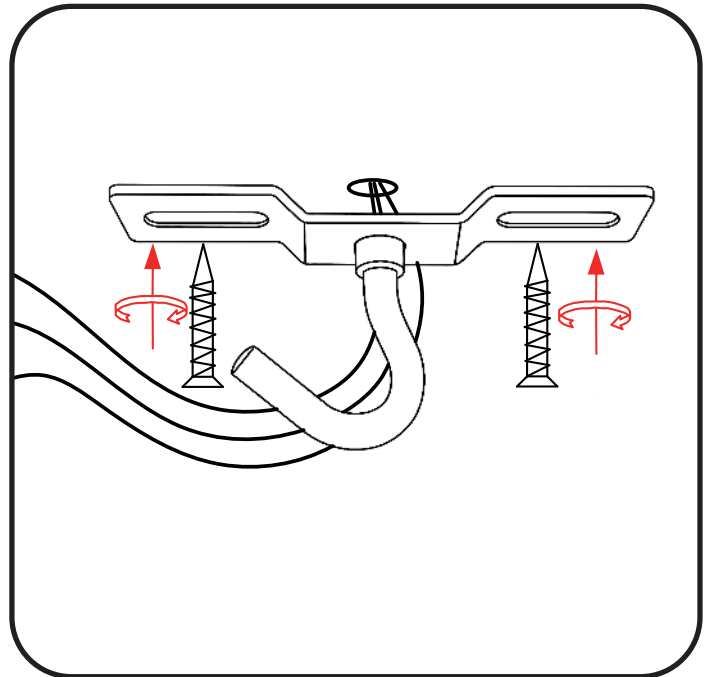

Secure the main light stand and square support tube using the medium screw. Then, insert the large screw through the top hole of the light stand to connect it to the main light stand.

Step2: Installation Of Light Body

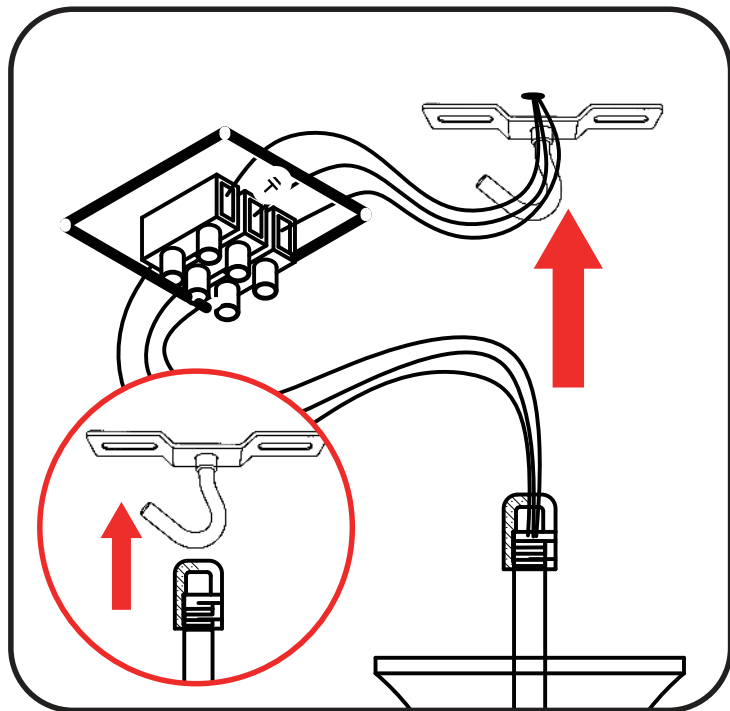

Attach the quick link of the hanging chain to the hanging head on the lamp holder, pass it through the ceiling canopy, and tighten with the hanging head.

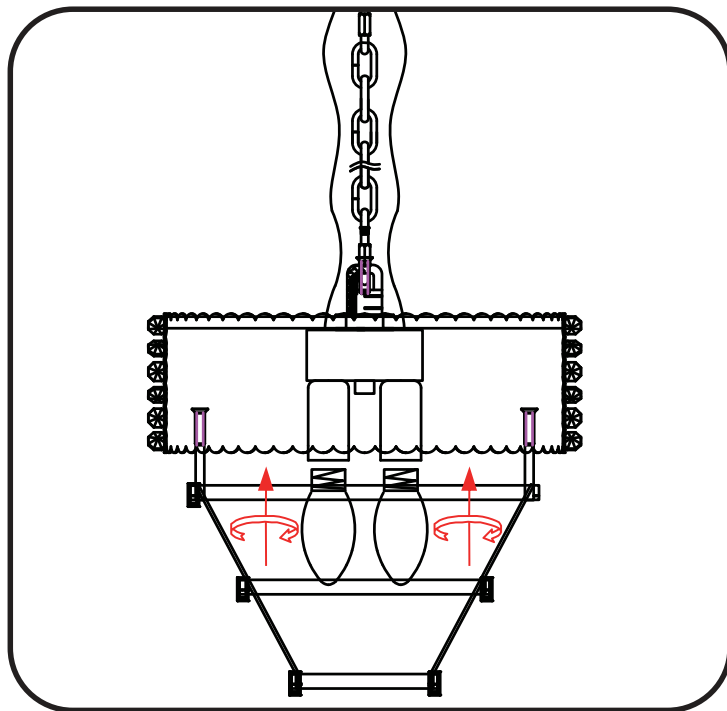

Install the hook-equipped mounting plate to the ceiling.

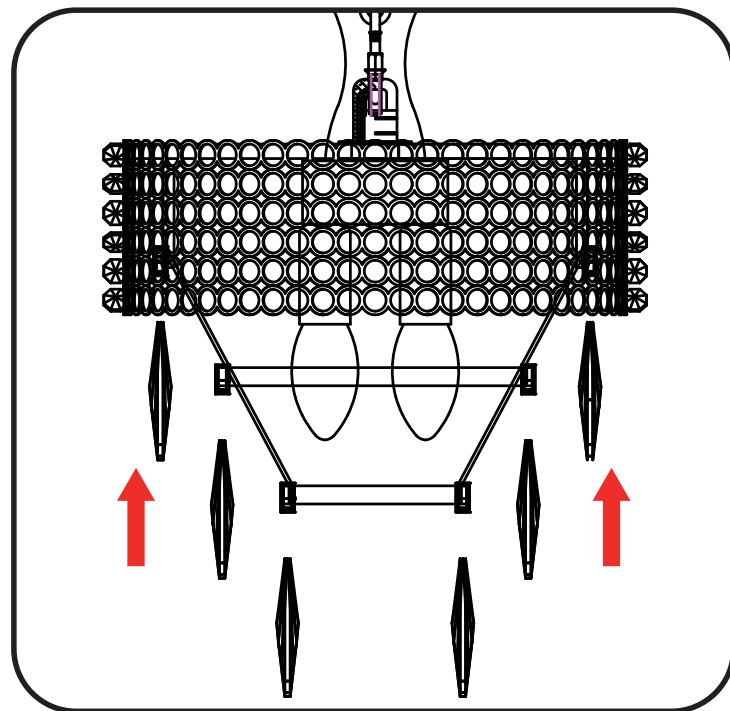

Step3:Installation of Chandeliers

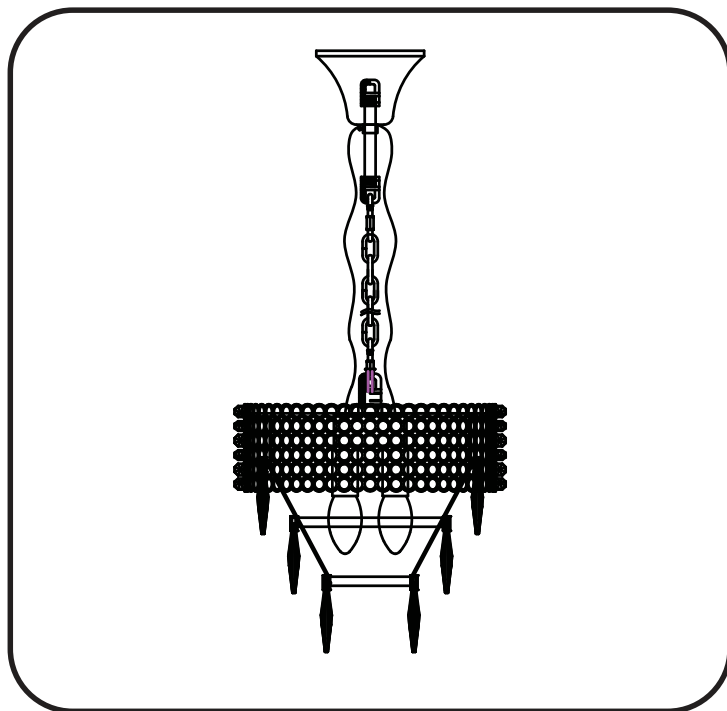

Hanging the hanging head onto the hook, and tighten the side screws of the ceiling canopy, and then wiring.

install E12 light source (NOT included) .

Hang the crystals.
