DIMENSIONS

INSTALLATION

- Pro Installation, Undermount
- Flush or Reveal
- It is not recommended to install the workstation with a negative reveal. This install method will prohibit the use of any workstation accessories as they will not fit.
- Due to the manufacturing process, each fireclay sink will vary slightly dimensionally. We recommend using the actual sink to be installed, not templates, to ensure an exact fit.
- Level-Up™ Undermount Sink Support is recommended to hold the sink level and tight to the countertop, providing permanent support for heavy fireclay sinks.

Undermount Fireclay Sink Installation Instructions are available on the BILT® App. Download the BILT App today and search "Sinkology" to find install instructions specifically for your product and installation type or scan the QR Code for easy access.

LIFETIME WARRANTY

All Sinkology products are fully backed with a lifetime warranty - the Sinkology Everyday Promise™.
