Care Instruction for Leather air Furniture.

In order to maintain the original appearance of your leather air furniture, please follow below simple care procedures:

- Avoid exposing furniture directly to sunlight or heating and air conditioning outlets. Sunlight and/or exposure to heating and air conditioning outlets will fade/damage leather air furniture .
- Do not place your upholstered furniture too close to windows, radiators, or vents and be sure to use window, radiators, or vents.
- Vacuum or wipe with a soft brush to remove dust.

For items used on wooden floor, hard surfaces or carpets, it is recommended to install protective pads under all legs supports to avoid/prevent from damages/ scratches discoloration.
