

UNPACKING INSTRUCTIONS

- Mattress topper is compressed and vacuum sealed for shipping. Due to the unique properties of foam, dimensions after expansion may vary, this is normal and will not affect the performance of your mattress topper.
- New foam may initially have a slight foam odor. This is normal and will dissipate in a short time.
- Your foam topper may change color over time due to oxidation. Oxidation is a natural process that occurs when foam is exposed to light and will not affect the performance of your mattress topper.

GETTING STARTED

- 1 Remove any packaging materials, ensuring not to cut though to the mattress topper.
- 2 Place the mattress topper on a flat surface in a well-ventilated room and allow 24 - 48 hours for expansion.
- 3 After the topper is fully expanded, you may begin enjoying the benefits of your new mattress topper.

CARE INSTRUCTIONS

We recommend using waterproof mattress cover to protect the foam topper from moisture. Care should be taken to avoid spills or moisture, which will be absorbed by the memory foam if not properly protected.

Do not wash

Do not bleach

Do not iron

Do not dry clean

Do not expose to direct sunlight or high temperatures
(over 104°F/40°C)

This topper is infused with temperature regulating gel beads, but it is still a foam product and can retain heat. We recommend using breathable sheets like bamboo cover over this topper, to keep feeling cool.
