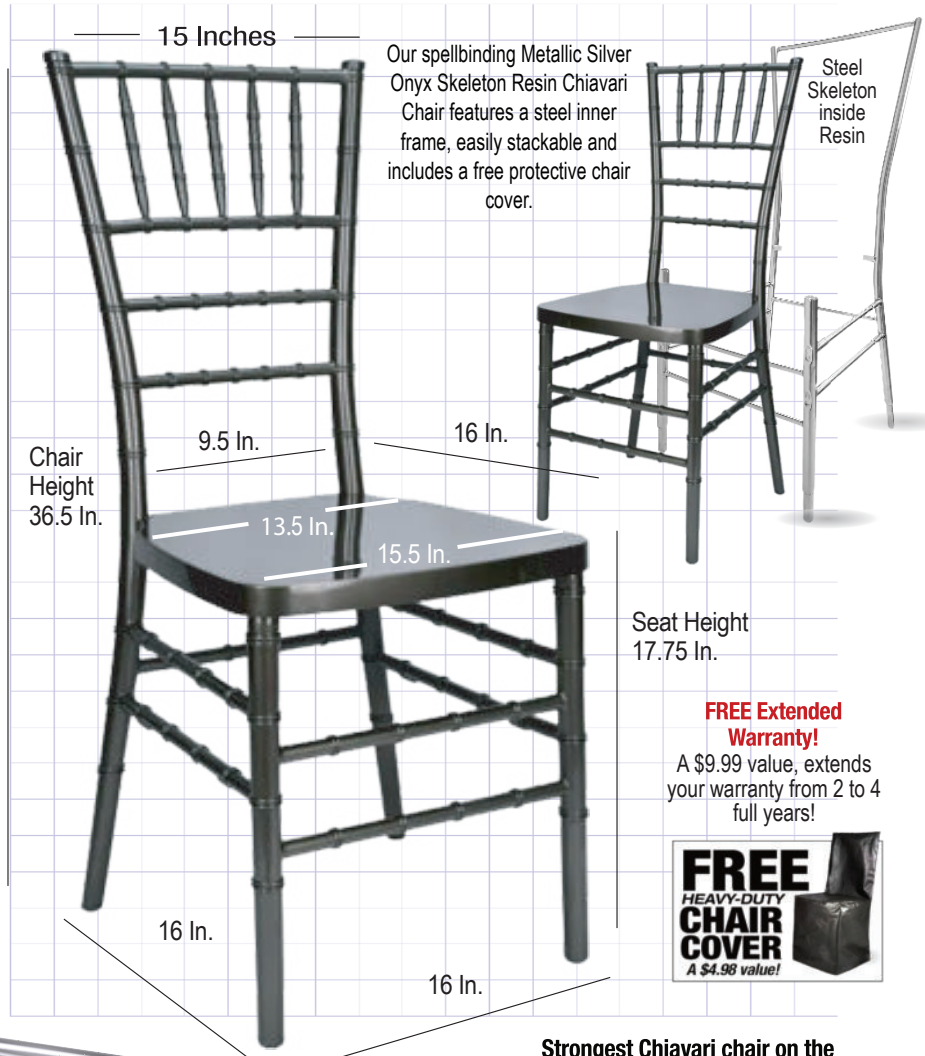
Metallic Silver Onyx Resin Steel Skeleton Chiavari Chair

STEEL SKELETON | ONYX



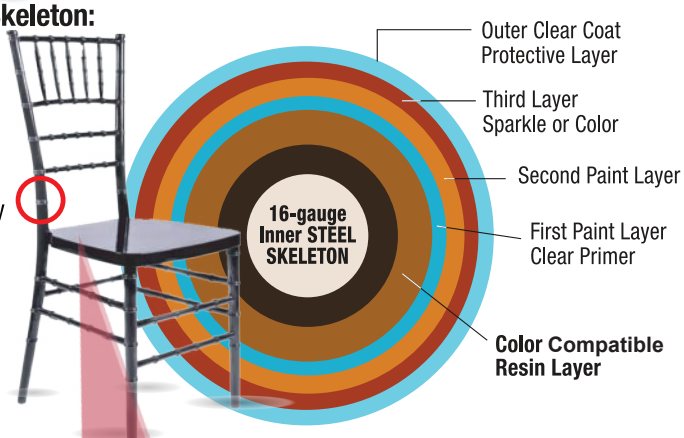
FREE Extended Warranty!
A $9.99 value, extends your warranty from 2 to 4 full years!

Strongest Chiavari chair on the planet. Steel Reinforced. A gorgeous chair built like a tank!

Inside the Steel Skeleton:

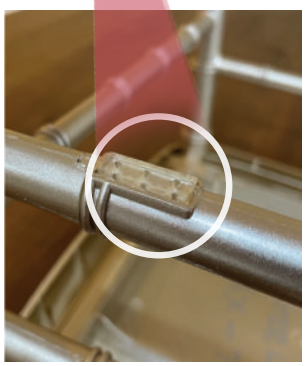
This cross section shows an indestructible 16-gauge Steel Skeleton, "Best In Class Steel" wrapped in resin, finished with 4 coats of high-quality automotive paint protection.

All the extra steps and care in manufacturing adds up to the most beautiful chair ever.



Safe Stacking with Our Protective Pad System

Avoid chipping, scratches or other damage during setup and take down.



Stack our chairs easily and safely.

Our Steel Skeleton chairs include a series of "pads" on the bottom of the lower rung that protects against scratches and chipping when stacking.

Layers of Paint	4

What Makes Our Chair Different?

Reinforced Steel Skeleton	A 16-gauge steel skeleton is what makes our Chiavari chairs stronger and more resilient than other chairs.
Color-Matching Resin	Our inner resin core matches the paint color -- so even tough scratches are less visible.
Clear Coat Primer	We apply a clear coat primer and allow it to cure, ensuring a hard and resilient foundation.
Automotive Paint	For that exquisite, glossy finish, we employ automotive paint, known for its durability and deep luster.
Final Clear Coat	The finishing touch: An automotive shine! We apply a final clear coat to safeguard the integrity of the paint.
