### Easy Installation

- The smart home device only supports 2.4Ghz frequency. If your router supports both the 2.4Ghz and 5Ghz frequency, the 5G network is usually labeled as "Router-5G" so please connect to the other one.

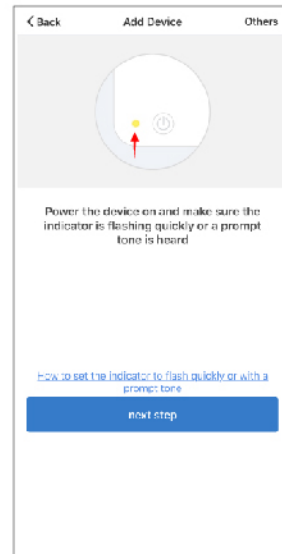

- Each smart home device can only be registered to one account but it can be shared with others by using the sharing function of the app.

- 1 Download the free eco4life app from the Apple App store or Google Play store
- 2 Follow the on screen instructions to create account for eco4life
- 3 Plug in the Smart Outlet to a wall outlet
- 4 Press the "+" icon in the top right corner of the app

- 5 Press the "Outlet" icon from the list

- 6 Follow the instructions in the app to connect the device

### Light Indicators

#### Red Light (Blinking):
