

Installation Instructions

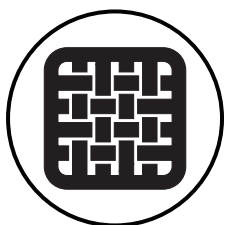

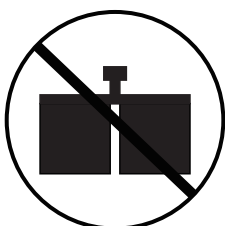

Some assembly steps may require two people. Please make sure you have another person available to help.

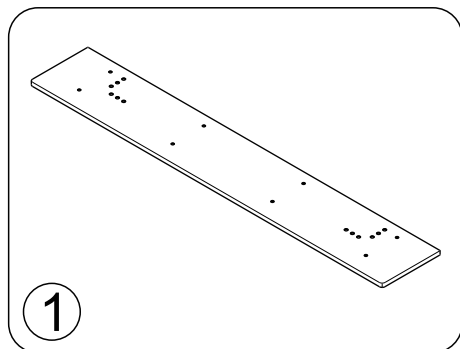

The tool icon shows which drill bit or attachment is needed. For example, some steps require a Phillips head attachment

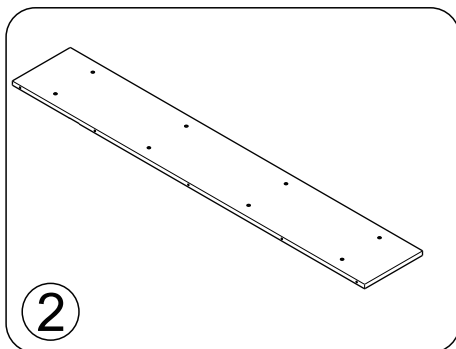

Place a soft cloth on the floor before installation to prevent floor and furniture surface from scratches.

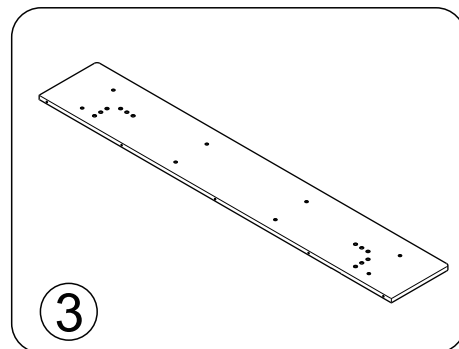

The warning icon reminds you not to overtighten bolts. Overtightening may damage the structure or cause the wood to split.

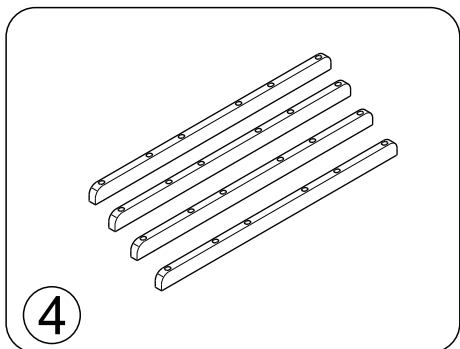

Left Tabletop Panel

Mid Tabletop panel
Qty:1

Right Tabletop Panel
Qty:1

Bottom support Rail
Qty:4

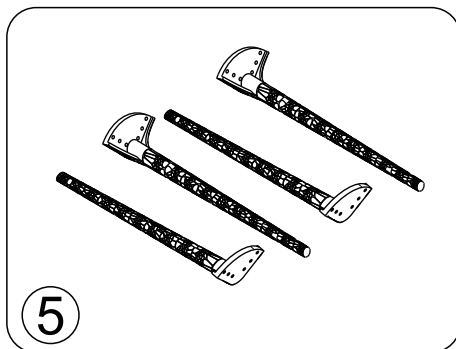

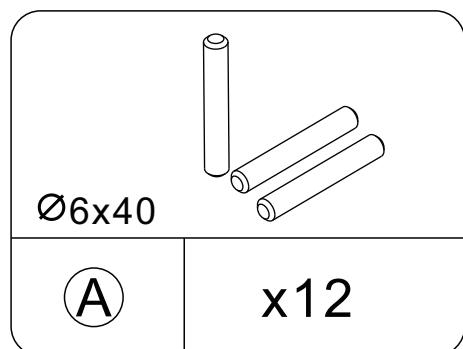

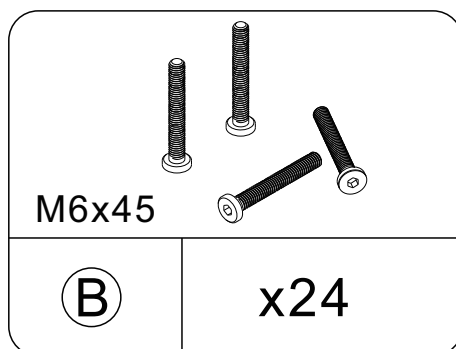

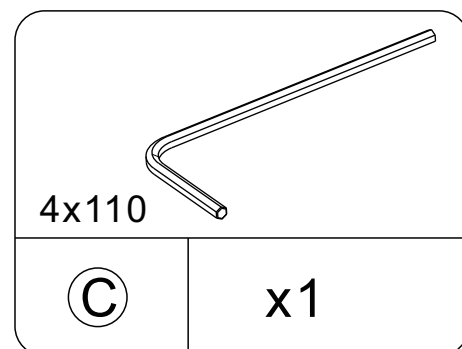

Table Leg
Qty:4

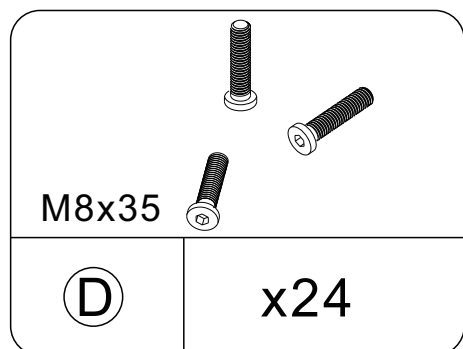

Metal Dowel Pins

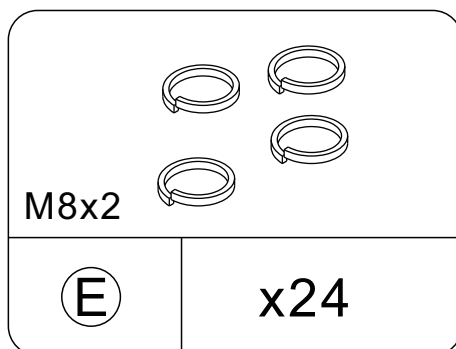

Bolts

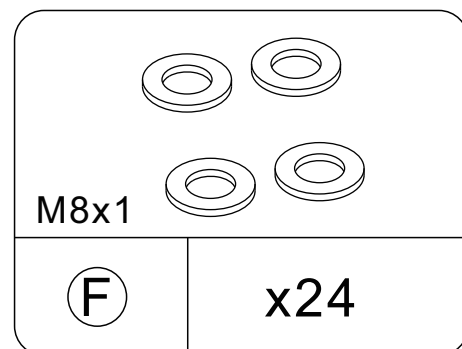

Hex key

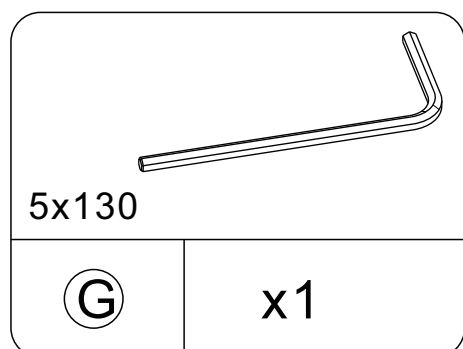

Bolts

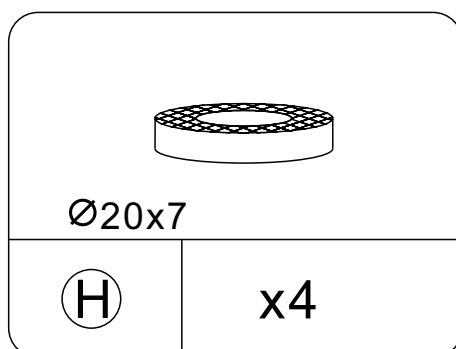

Spring washer

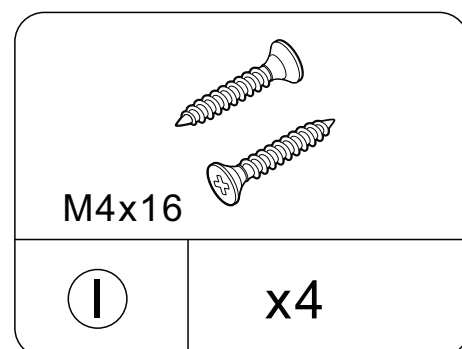

Flat Washers

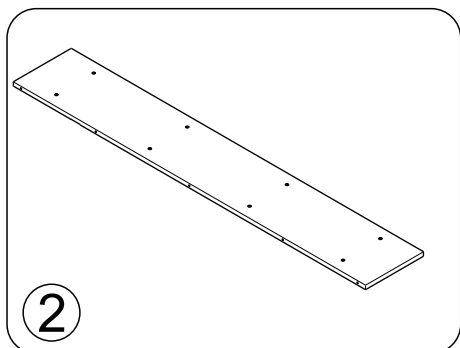

Hex key

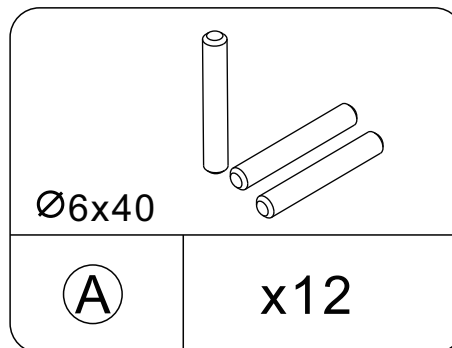

Foot pad

Screws

Mid tabletop
Qty:1

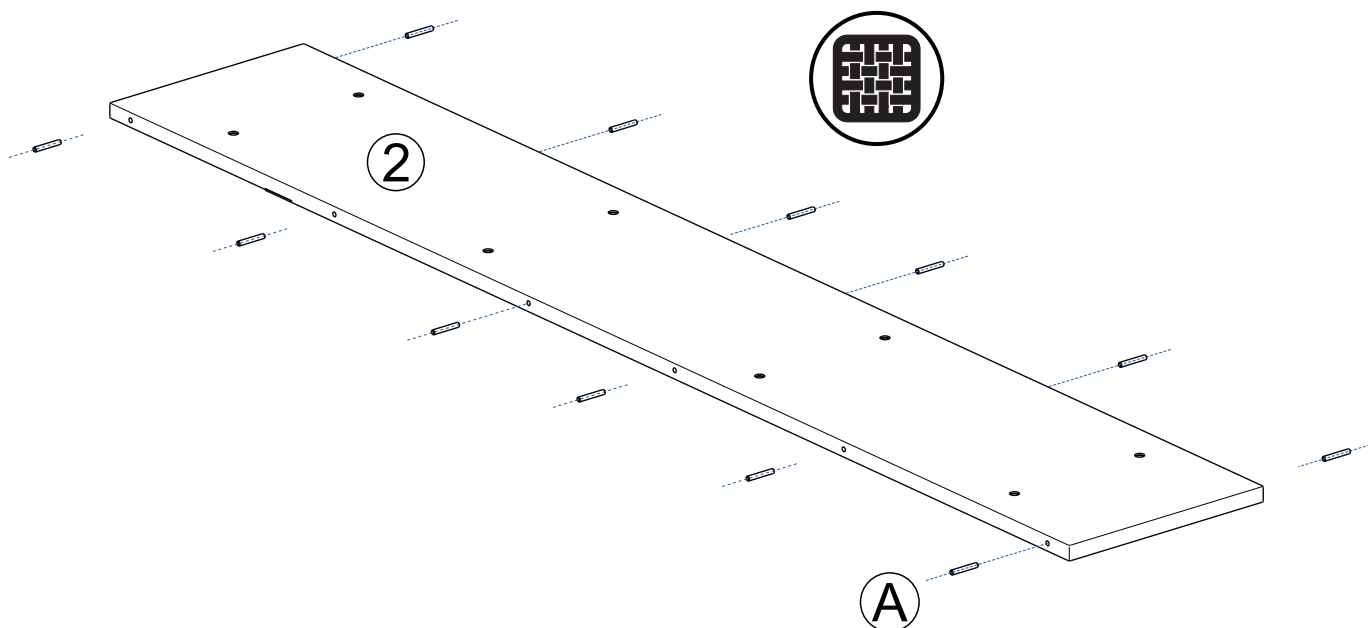

Metal pins

1. Fit metal pins into side holes of tabletop in order.

Notes

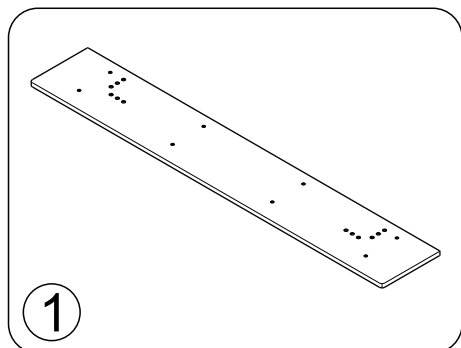

- 1.Insert the dowel pins straight and in the correct order
- 2.Do not force or hammer the dowel pins into place as this may cause the panel to crack

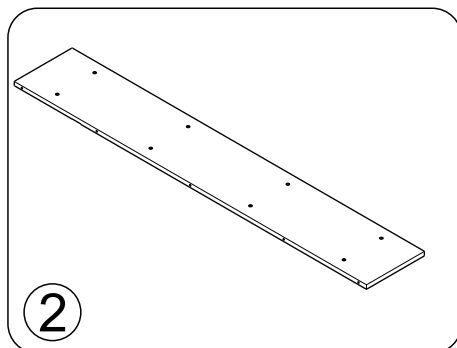

Assemble the tabletop panels

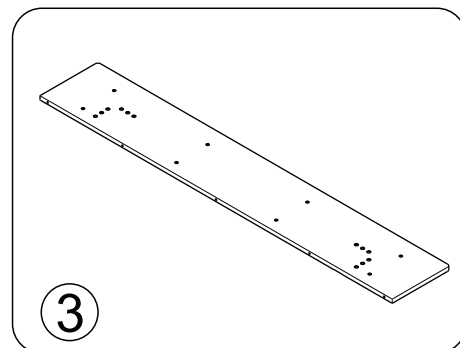

Step 2

Left table panel
Qty:1

Mid table panel
Qty:1

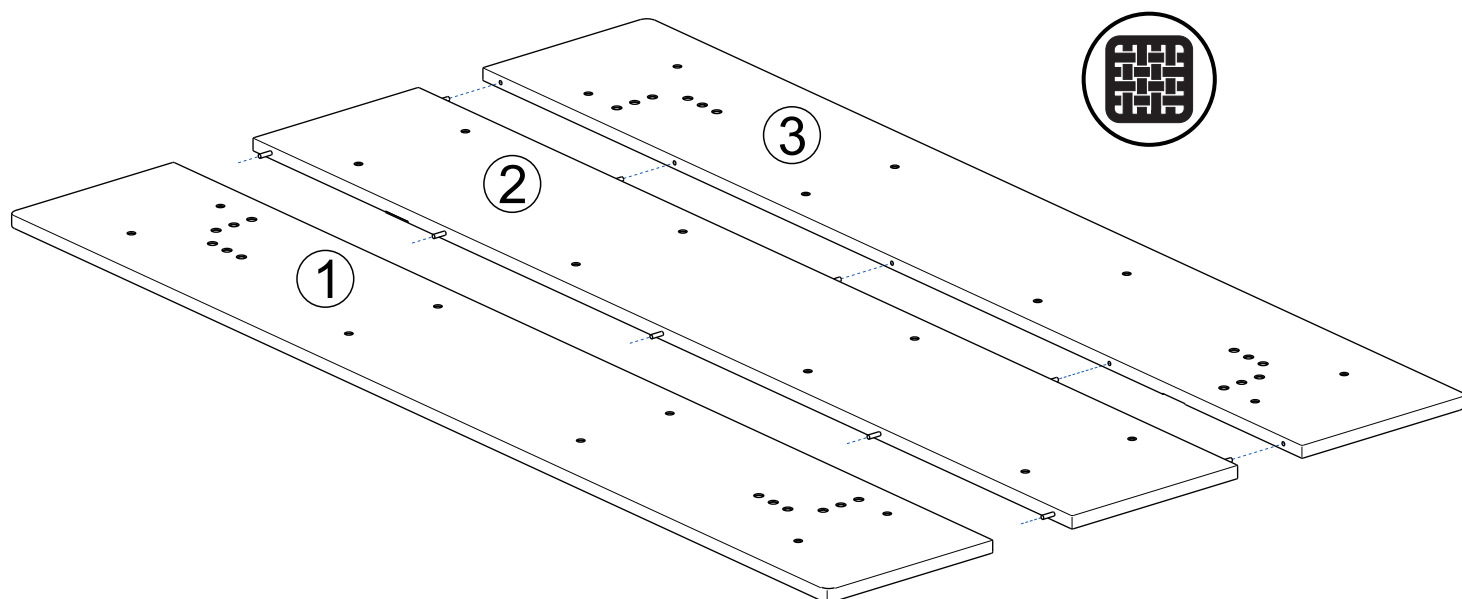

Right table panel
Qty:1

1. Align the metal dowel pins with the corresponding holes on each tabletop panel, then connect the panels together.

Notes

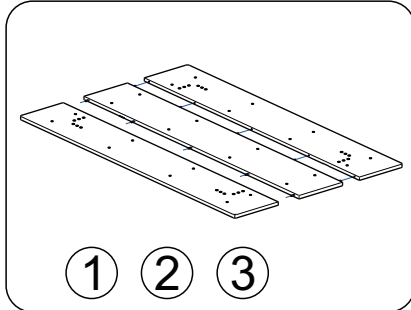

1. Make sure all dowel pins are properly aligned with the matching holes.
2. Align the panels carefully to help keep the seams even and level

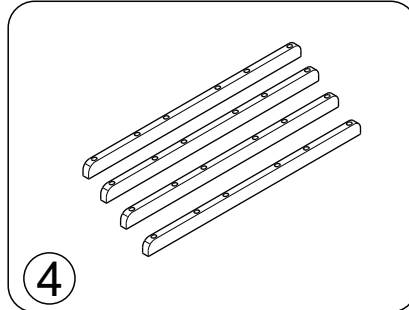

Install the Bottom Support Rails

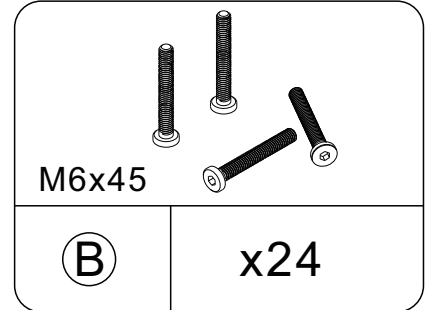

Step 3

Tabletop Assembly
Qty:1

Bottom support strip
Qty:4

(B)

x24

Bolts

4x110

(C)

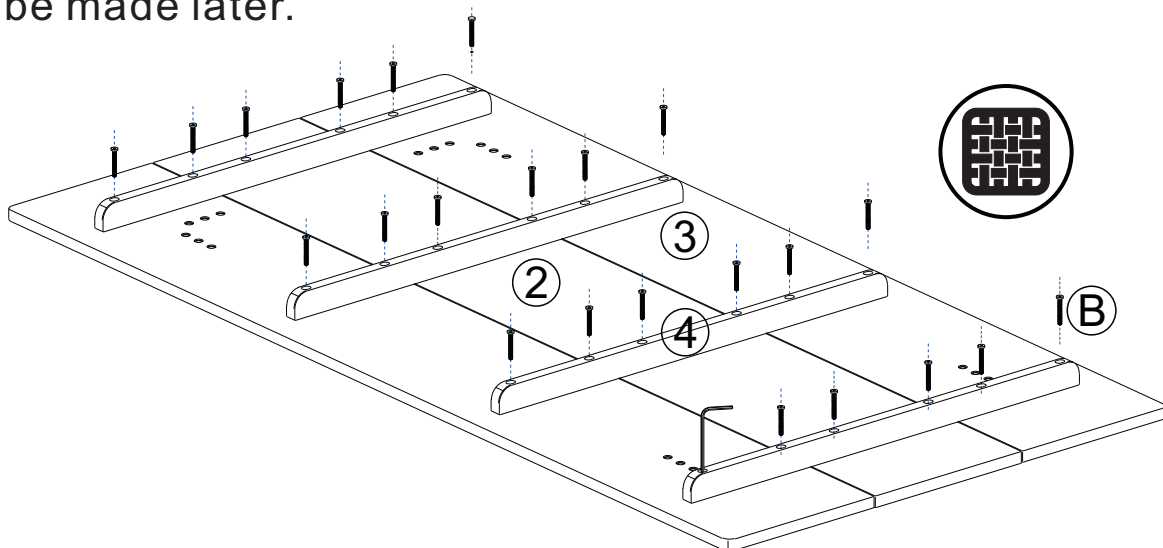

x1

Hex key

1. Position the bottom support rails on the underside of the tabletop assembly.
2. Loosely attach the support rails using the bolts.

Notes

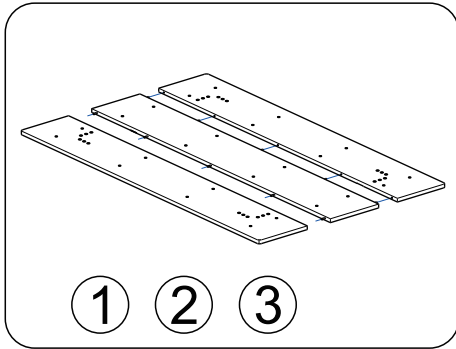

1. Make sure the support rails are level before tightening.
2. Keep the bolts slightly loose at this stage so adjustments can be made later.

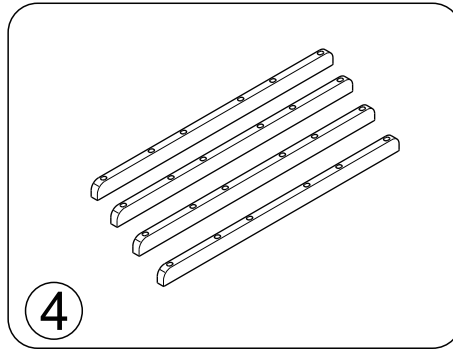

Tighten the Bottom Support Rail Bolts

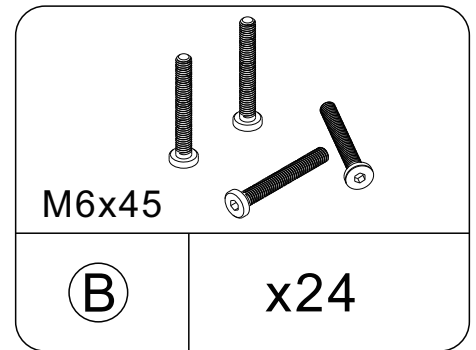

Step 4

Tabletop Assembly
Qty:1

Bottom Support Rails
Qty:4

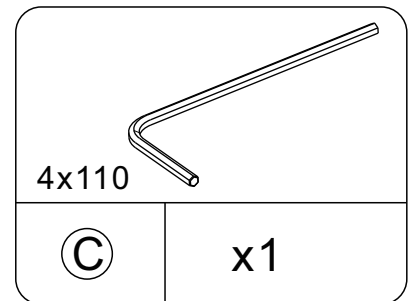

M6x45

(B)

x24

Bolts

4x110

(C)

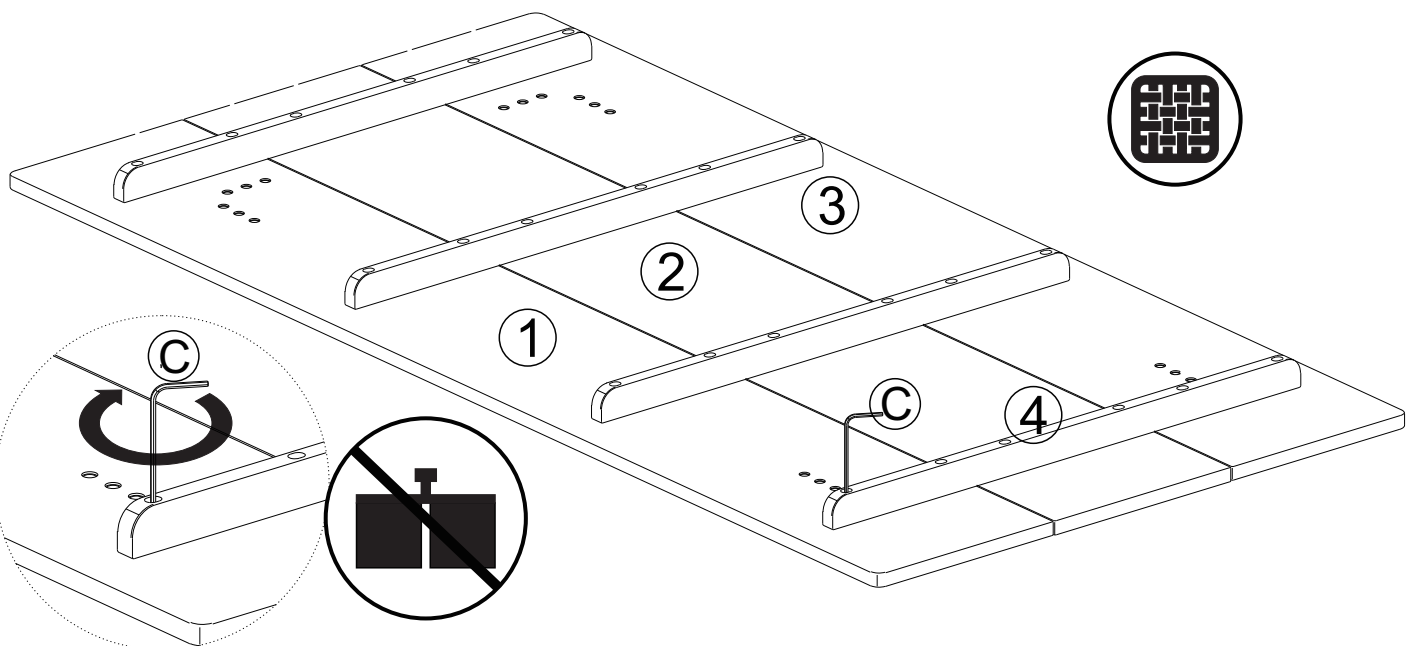

x1

Hex key

1. Once the support rails are properly aligned tighten all support rail bolts.

Notes

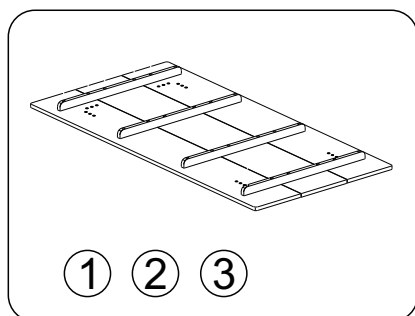

- 1.Tighten the bolts evenly with moderate force. Do not overtighten, as this may cause the wood to split.
- 2.Make sure all bolts are installed and securely tightened.

Pre-Assembly of Table Legs

Step 5

Tabletop Assembly
Qty:1

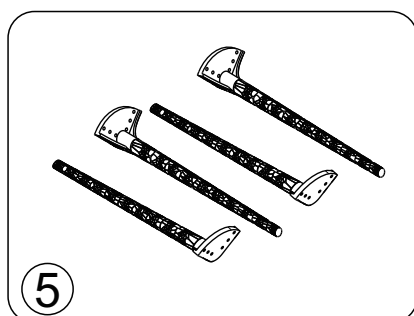

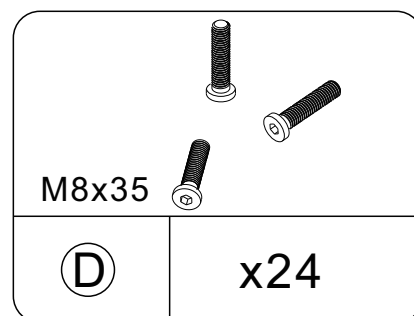

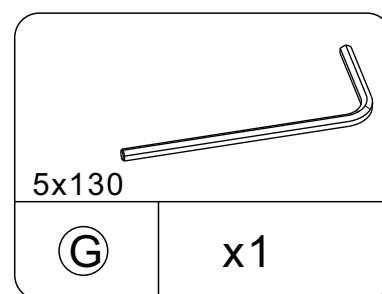

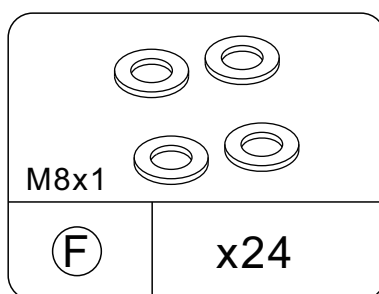

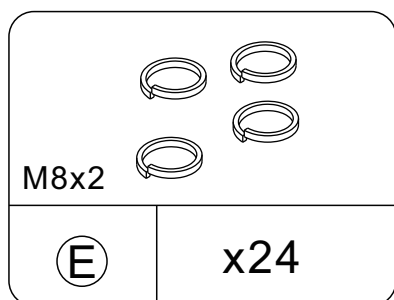

Table leg
Qty:4

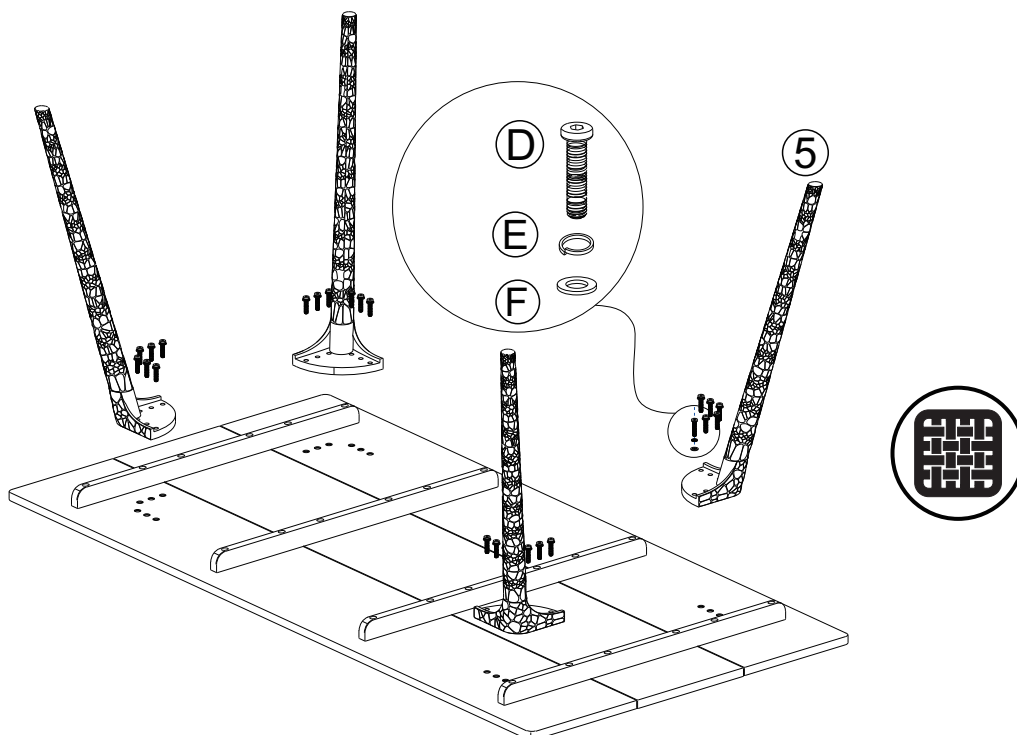

Screws

1. Position each table leg on the underside of the tabletop assembly.
2. Insert the bolts with the spring washers and flat washers as shown.
3. Loosely fasten the bolts for now. Do not fully tighten them yet.

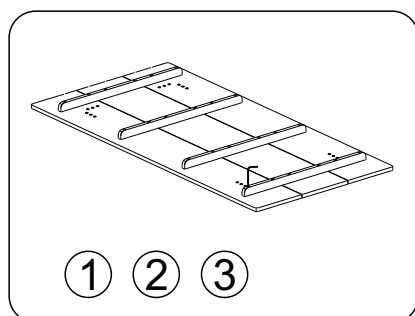

Notes

1. Make sure each leg is properly aligned before tightening.
2. Do not fully tighten the bolts during this step.
3. Make sure all washers are installed.

Fully Tighten the Table Leg Bolts

Step 6

G

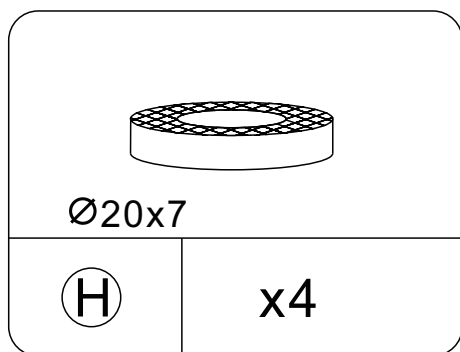

x1

1. After all table legs are aligned, fully tighten the leg bolts.

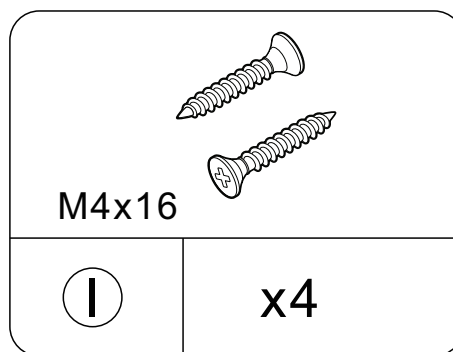

Notes

1. Do not overtighten the bolts, as this may cause the wood to split.
2. Make sure all bolts are securely tightened.

Foot Pads

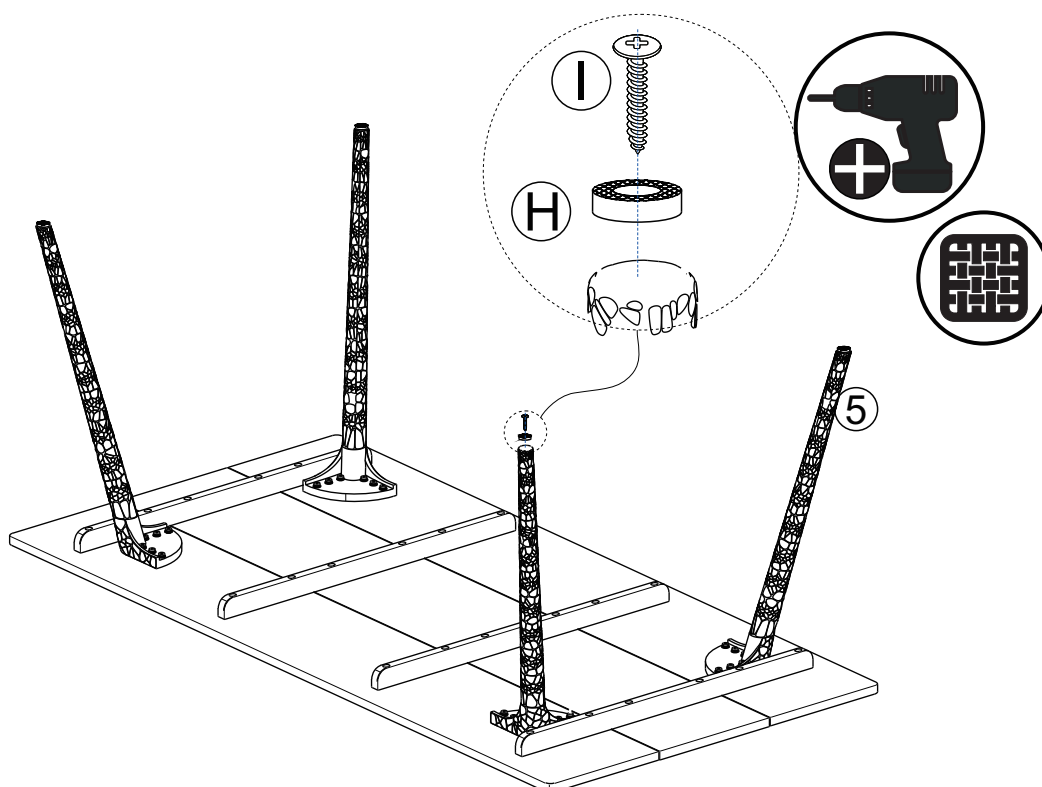

Screws

1. Attach one foot pad to the bottom of each table leg using the screws provided.

Notes

1. Make sure each foot pad is fully attached and sits flat.
2. Make sure all four foot pads are installed.

Before use, check that all bolts and screws are securely tightened and the table is stable on a level surface.

Furniture Maintenance

Clean the tabletop with a soft cloth only, refrain from strong chemical cleaners.

Use coasters under hot items to protect surface.

Keep away from direct sunlight and extreme damp or dry conditions. Check all connection screws periodically and tighten gently without over-tightening.

Returns Guidelines

Changed your mind? Please follow the official return process of the platform where you purchased the item.

Item defective? Please contact us before returning the item

Damaged upon receipt: If possible, please refuse the package. If you have already received it, please follow the retailer's damaged return policy.

Please be sure to retain all original packaging and order documents. Discarding the packaging without contacting us may invalidate your refund request.
