1 Spread the screen house on the ground.

2 Pull the side panel by the metal ring until it is fully open and locked into position.

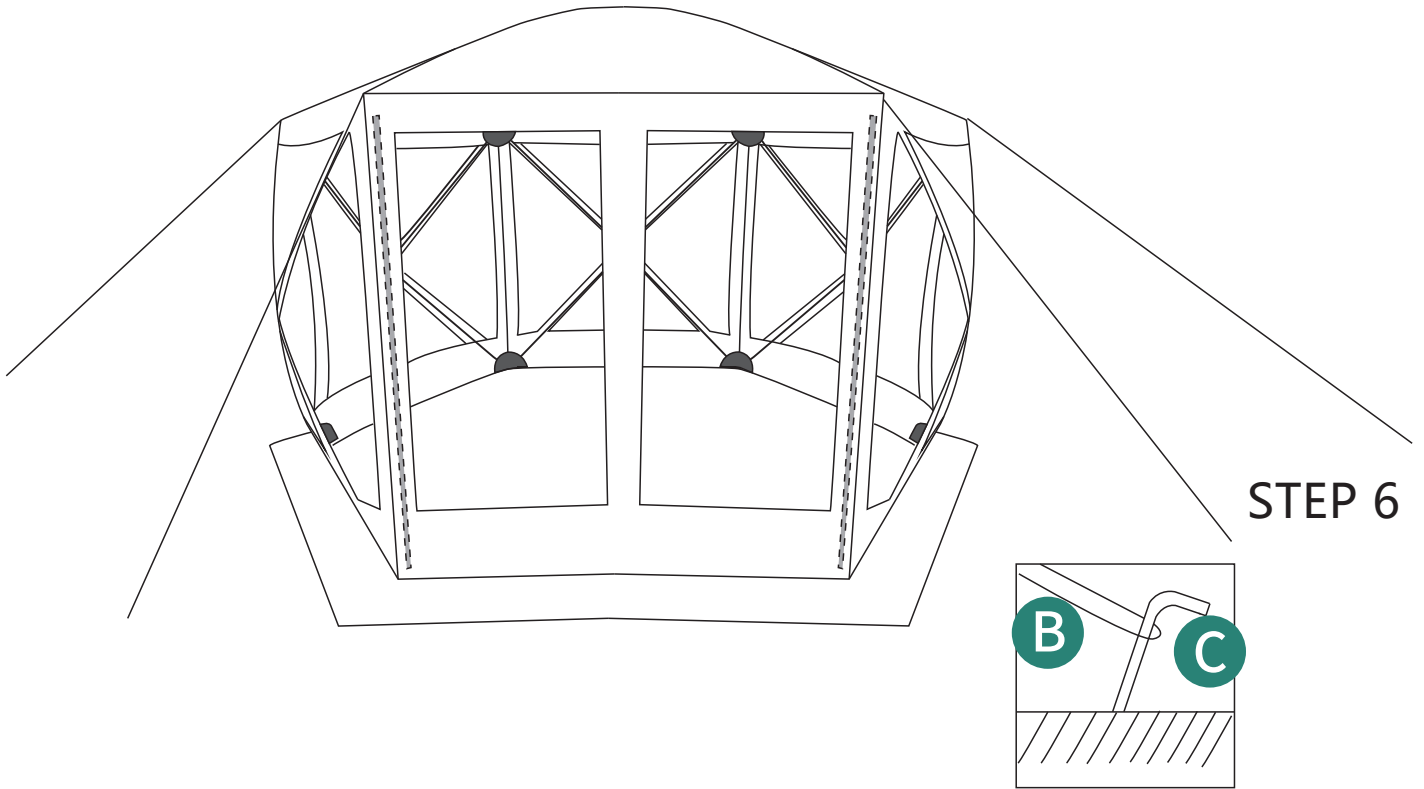

3 Repeat this for each of the side panels.

4 Once all side panels are fully open, walk inside the Screenhouse and push upwards from the centre hub of the roof until it is fully open and locked into position.

STEP 5

- 5** Pre assemble the fibreglass door poles. On both sides of the door insert a fibreglass pole into the bottom and top pockets. Attach with ties to hold in place.
- 6** Ensure the Screenhouse is taut when pegging so it forms the correct shape.
