CARE AND MAINTENANCE

WOOD CARE : Always use felt pads under all articles to prevent discoloration or softening or the lacquer. Plastic and rubber bases on items can discolor wood. Wipe up spills immediately and avoid common hazards such as hot dishes, harsh solvent and abrasives. Cleaning should be done with a soft lint free cotton cloth dampened with water or furniture polish. On highly used surfaces we recommended applying a quality paste wax which should be used on a regular basis to provide additional protection from scratches and spills. How often you apply the wax depend on how much wear the furniture receives.
