SIDE TABLE

Instruction Manual

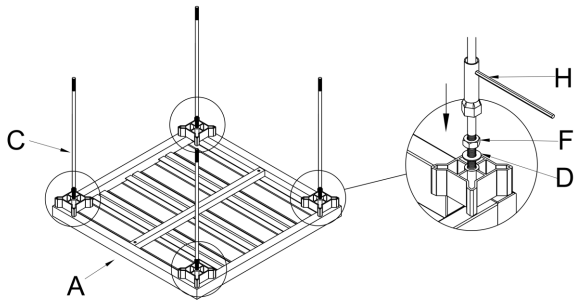

Email: wycatwork@gmail.com

A 	B 
TableTop: 1pc	Legs: 4pcs
C 	D 
Leg Studs: 4pcs	Small Washers: 4pcs
E 	F 
Big Washers: 4pcs	Nuts: 8pcs
G 	H 
Foot Pad: 4pcs	Socket Wrench: 1pc

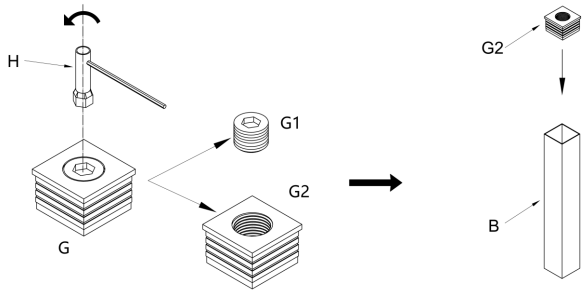

Step 1

Partially screw nuts (F) onto leg studs © 0.8-1.2 inch, add small washers (D), then secure them into the table top (A)' threaded hole and tighten with wrench (H)

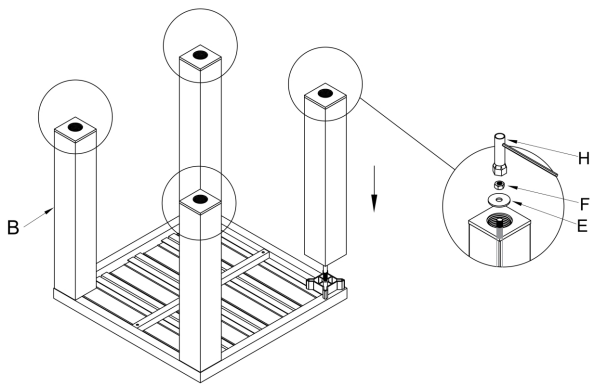

Step 2

Separate stacked component (G) into bolt (G1) and base (G2). Prepare column (B) and wrench (H).

Step 3

Insert 4 legs (B) into studs ©, add big washers (E) and nuts (F), then tighten all with wrench (H). Finally, install and tighten the plastic screw (B2).

Step 4

Place column (B) vertically on base (G2), align the square structures, insert bolt (G1) through the top of the column (B) and into the base (G). Tighten bolt (G1) using tool (H) to ensure a firm connection between column (B) and base assembly (G2).
