# SATCO Starfish Security Floodlight Camera 65-920 & 65-921

**SATCO® | NUVO®**

# Prepare the Starfish Security Floodlight Camera

Pairing mode - Indicator should be quickly flashing red/blue.

If the indicator is not quickly flashing red/blue; **press & hold the reset button for 5 seconds**, then release. The Security Camera will reset and the indicator will then begin to flash red/blue. It is ready to be paired.
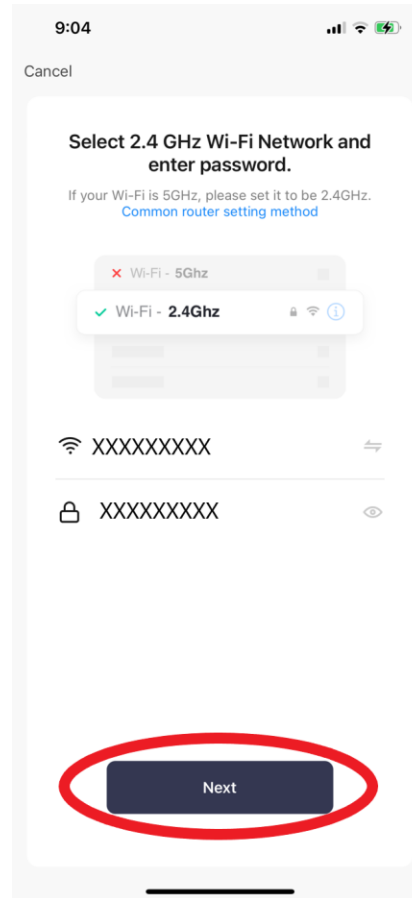

# Pairing the Starfish Security Floodlight Camera via QR Code

1. **On the Home Panel, Tap "+" in upper corner, to add a new device.**
2. **Select Add Device from the list.**
3. **Choose Floodlight Camera from the options.**

**The Camera will begin to pair with the Network.**
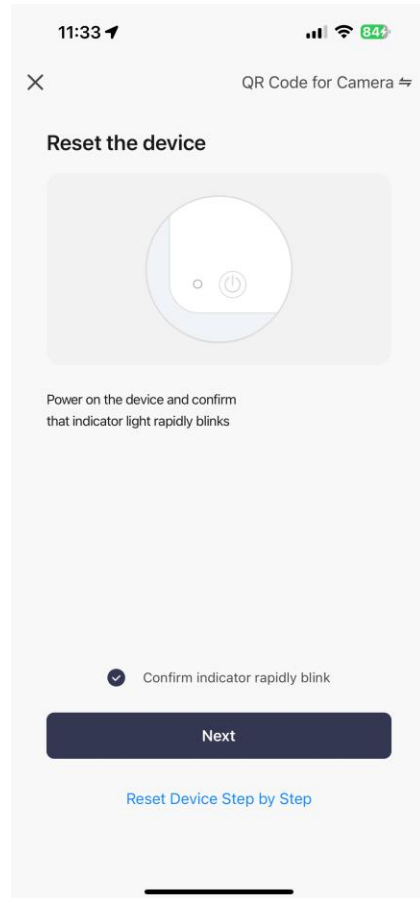

Confirm the indicator light is blinking rapidly, tap the circle to confirm. Tap Next.
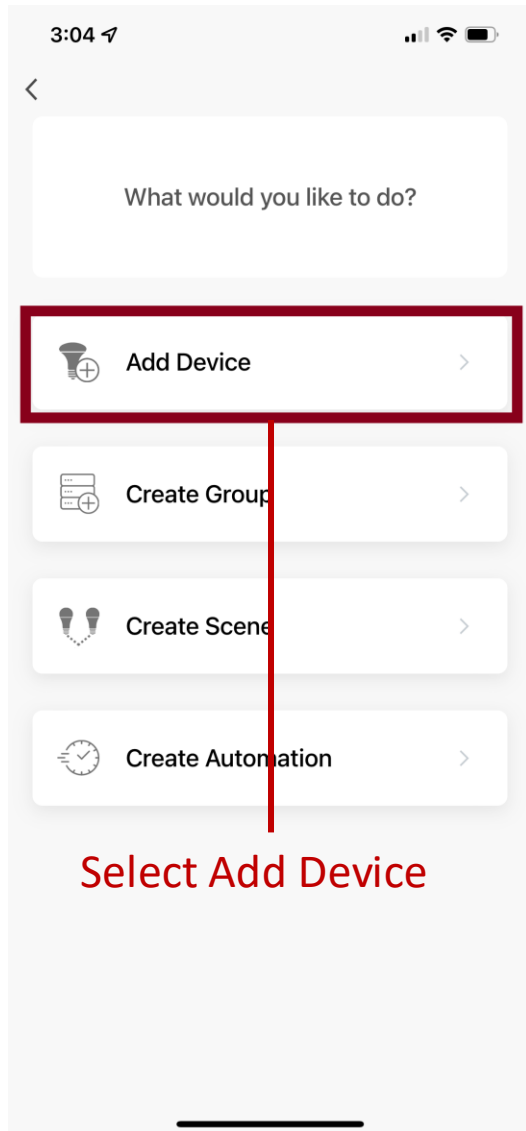

Enter WiFi Network & Password. Tap Next.
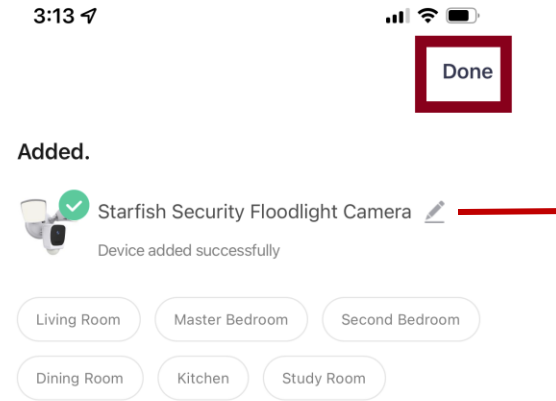

QR code is generated. Place QR code 6 to 8 inches in front of the camera until a prompt is heard from the camera. Once prompt is heard, tap "I Heard a Prompt".

# Alarm

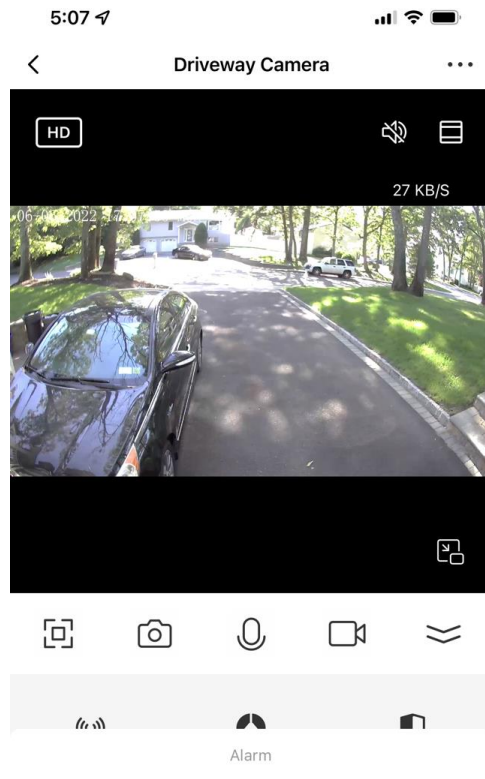

**Press to sound Alarm on/off**

# Light Control

**Slide to adjust color temperature when lights are on.**
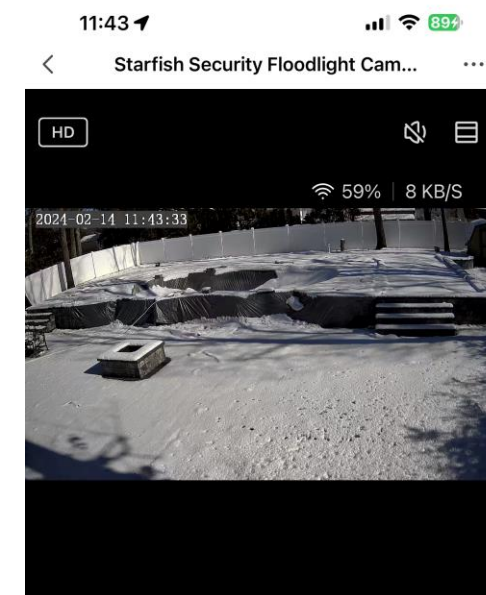

**Slide to brighten/dim when lights are on.**

**Press to create a schedule**

**Press to turn floodlights on/off**

**Press to set light time on.**

# Light Time On

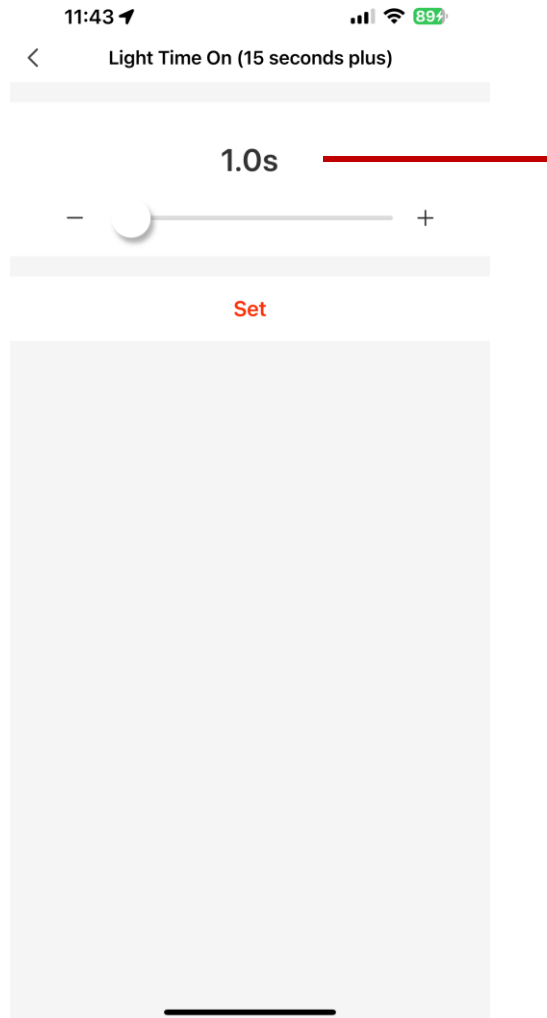

When motion is detected at night, the flood lights will turn on. The lights will stay on for 15 seconds. To increase the time, slide to the desired time on. For example, if would like the lights on for 1 minute, slide to 45 seconds (15 seconds + 45 seconds). For 2 minutes, slide to 1min 45 seconds (15 seconds + 1min 45sec). Press "Set"
