

SAFETY INSTRUCTIONS FOR ZIPPER USE

Dear Valued Customer,

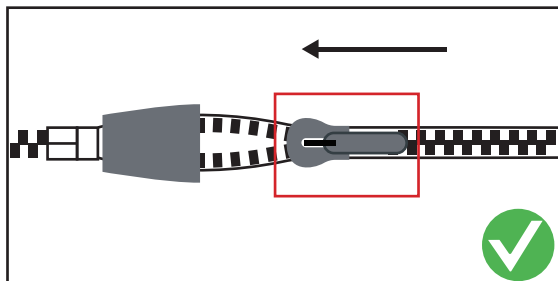

Thank you for choosing our soft climbing play set!

Your child's safety is our top priority, and we have designed every detail to support safe, active, and joyful play. To ensure your little ones can explore and climb with confidence, please read the following instructions carefully.

CHILD-SAFE DESIGN: ZIPPER SAFETY & INSTALLATION

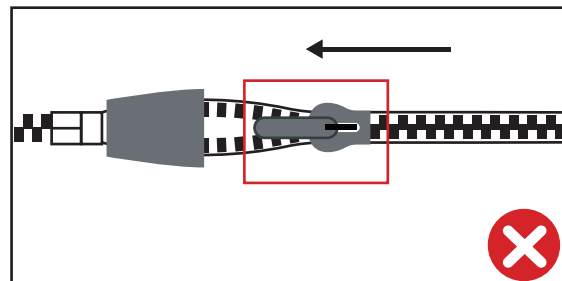

This product comes with a complete zipper for easy cover removal and cleaning.

To prevent potential scratches or pinching, please follow the zipper placement instructions carefully:

Tuck the zipper pull backward (away from the zipper end) into the fabric flap or foam cover layer.

→ This keeps the metal pull hidden and away from children's hands.

WARNING: Do NOT push the zipper pull forward toward the zipper end, as it may become stuck and difficult to retrieve.

A correctly hidden zipper ensures safety without compromising ease of use for parents.

Thank you for choosing a product that prioritizes both safety and everyday usability for your little one.

Warm regards,

The WINGYZ Team

WARNING:

WARNING : Adult assembly is required.

Keep unassembled parts away from children.

Adult supervision is required during use.

Vacuum-Packed Product - after assembling, please wait 72h to get fully in shape.

-
- This product is vacuum-sealed for efficient packaging.
 - After opening, allow the foam to regain its full shape and size before use.
 - Keep plastic packaging away from children to avoid risk of suffocation.
 - Do not use sharp objects to open the package to prevent damage to the foam.

IMPORTANT INFORMATION:
