

Product Name:	Holiday Decoration with Battery Operated Lights
----------------------	---

Thank you for purchasing this Langford Home product. This product has been manufactured with the highest standards of safety and quality.

PLEASE READ ALL INSTRUCTIONS BEFORE USE.

Carefully unpack all parts from inside the carton to ensure there are no missing or damaged parts. If any parts are missing or damaged, do not attempt to assemble or use the product. Keep the box for storage and future reference.

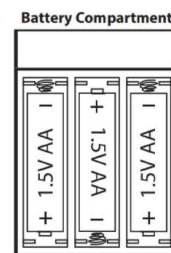

Important: Bulbs are not replaceable.

Color reproduction is accurate within the limitations of the manufacturing process. Also note, colors will vary under different lighting.

INSTRUCTIONS:

- Place the decoration on a flat surface.
- To insert batteries, open the battery box cover.
- Check the battery compartment to see which battery type is required. Insert the correct batteries into the battery compartment: 3 x AA or 3 x AAA or 2 x AA or 2 x AAA batteries. Batteries are NOT included with this item.
- Close the cover by sliding the cover back into place or screwing on to the battery compartment.
- By pressing the button OR sliding the switch on the battery box, you can achieve one of the following functions marked with checked box, depending on the product you purchased.
 1. Switch without timer: ON – OFF ☒
 2. Switch with timer. ON/TIMER – OFF ☐
 3. Switch with timer: ON – TIMER – OFF ☐

(Timer: 6h ON, 18h OFF, automatic)

The diagram is an example.

Storage Tips:

- Remove batteries from battery compartment when not in use.
- Store the product in a cool dry location protected from sunlight where the temperature does not exceed 35°C (95°F).

WARNINGS:

- This product is for decorative use only.
- This is not a toy. Keep children and pets away from the product.
- To avoid risk of suffocation to animals or children, dispose of the plastic bag immediately.
- Choose a suitable location and ensure the products do not cause obstruction or a potential hazard.
- Do not illuminate while the product is still within its packaging.
- Do not connect the item electronically to any other item.
- Do not allow any plastic parts to come into contact with heat or flames or submerge in water.
- Batteries are to be inserted with the correct polarity.
- Do not leave the product operating unattended.
- ¹The supply terminals are not to be short-circuited.
