Read all instructions before starting assembly.

Step #1 Remove all the contents from the package checking that all of the components listed in "Packaged" are included. Prepare a flat, protected work surface where the product can be assembled.

Step #2 Lay table body (A) top side down on protected surface. Pull out drawer assembly to the rear stops.

Step #3 Align one leg (B) into front apron position and push into corner block. Attach one lock washer (F) and one flat washer (E) onto one long machine screw (C). Push screw thru corner block into insert hole in leg and loosely tighten. Note: some legs may be tight fitting into apron notches. Move leg front to back in order to mount all the way in to the corner block. Repeat procedure for remaining legs. Do not final tighten leg screws.

Step #4 Turn shelf panel (H) upside down. Align one angle bracket (G) with hole side only over insert hole in shelf, slot side facing to outside corner. Place one lock washer (F) and one flat washer (E) to one short machine screw (D) and attach bracket to shelf. Only loosely tighten. Repeat procedure for remaining brackets.

Step #5 Align shelf (H) between legs (B) and position slots in brackets over insert holes in legs. Place one lock washer (F) and one flat washer (E) to one short machine screw (D) and attach to leg insert. Some movement of legs will be required to align all four legs and install all leg screws.

Step #6 Starting with long machine screws (C) securely tighten* followed by all short machine screws (D). Push drawer assembly in and place table into upright position.
