# Assembly Tips

**Assembly time: 2-2.5 hours**

## **Recommended Tools:**

(Please prepare them by yourself.)

- Avoid overtightening screws during assembly.
- Screws should be fully tightened once.
- Arrange all accessories on a hard, flat surface for assembly.
- Follow the instructions step by step.

If you feel hard to assemble the toy or there is any other problem that makes you feel unhappy with the product, please contact us ***shop@robud.com***. We are glad to do our best to solve your problem and provide a solution to your satisfaction.

# Helpful Hints and Tips

## Icon Illustration:

 Special attention in assembly

 Step 1

 Remove the plastic film on surface

 Step 2

 Perspective conversion

## Notice:

When assembling the door stop, hold the screw with the screwdriver first and then adjust the screw to the position shown on the left.

## Notice:

The white plastic part is correctly assembled during production.  
If the screws are not in position due to transportation, use a slotted screwdriver to adjust.
