All of the Clouds 1

D2814S56274-4718

All of the Clouds 1 captures a sunny coastal landscape in the moments surrounding a storm. Toward the top of the canvas, grey blues meet darker slate tones amidst dense and shaded clouds. Along the horizon, a muted palette of soft amber, coral, and light grey break up the sky and water. In the distance, sailboats add visual interest. Part of the carefully curated ART by TA collection, All of the Clouds 1 invites the viewer to escape into the peaceful meditation of this pleasant coastal scene.
