Base Type:LED
Light Source Included: NO
Voltage: 120AC
Wattage:36W

Package includes
1 x Ceiling Light
1 x Accessories Kit
1 x User's Manual

Installation Instructions

1. Temporarily attach the cross bar to the junction box. Mark the locations of the cross bar's mounting holes on the ceiling. Remove the cross bar from the junction box, then drill four appropriately sized holes at the marked locations. Insert the wall anchors into the holes.
2. Reattach the cross bar to the junction box with the screws, then secure the cross bar to the ceiling with the self-tapping screws.
3. Connect the fixture wires to the supply wires with wire nuts:
   Connect the fixture hot wire (black) to the supply hot wire (L).
   Connect the fixture neutral wire (white) to the supply neutral wire (N).
   Make sure no bare wire is exposed after making the connections.
   Connect the ground wire (bare copper) to the household ground wire.
   Use the green ground screw to secure the fixture ground wire and the supply ground wire to the cross bar.

4 – 5. Place the canopy over the cross bar, then secure the canopy with the provided screws.
Installation Complete.

Note: please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
