assembly instructions

Friendly Tip: Take a deep breath going in. This may be a tricky part, but nothing too overwhelming. Just follow these steps to the T and the outcome will be worth it!

- ⓘ While assembling the product, tighten the bolts up to 50%. Once all parts are in place, only then fully tighten the bolts.

step 1:

Start by placing two books of the same height parallel to each other on a flat surface. Now, turn the tabletop (A) upside down and place over it.

step 2:

Then, using the image below as a reference, align the leg (B) with the slots given on the tabletop. Ensure the stickers on the legs & table top are similar.

step 3:

Now, fix the leg to the table top by inserting plain washer (D), lock washer (E), and bolts (C) in the given slots. Tighten the bolt using allen key (F).

step 4:

Repeat the same process with the remaining legs (B). Make sure that the stickers match with the counterparts.

step 5:

If required, adjust the levellers according to the floor as shown in the image.

Voila! Your desk is now assembled and secure!
