

## Cheese Spreader Set

The cheese spreader is made with good premium food-grade stainless steel. It is anti-rust and sharp, perfect to handle any type of cheese ranging from brie, camembert, mascarpone, and boursault. Its ergonomic handle design, good size, and rounded handle make it easy to grip. There is a little edge to the knives for slicing hard cheeses easily. Stylist design combines with a beautiful brushed finish, so you can confidently entertain your guests and families with class. This will definitely transform your dining experience to the next level.
