- Number of speeds: 2
- Number and Type of Alkaline Batteries: 2 D-Cell batteries
- Product Dimensions (retail packaging): 9.1" x 5.7" x 10.5"

Product Care //

- For best performance, always use fresh alkaline batteries. Do not mix old and new batteries. Do not mix alkaline, carbon-zinc or rechargeable battery types.
- There is a risk of leakage from the batteries if they are installed incorrectly. Please follow the instructions.
- When storing the fan for more than 2 weeks, please remove the batteries and ensure the fan is in the "off" position.
- Clean only with a dry cloth. Do not allow water to drip into the fan.

FAQs

- If fan does not operate, verify batteries are installed correctly and that nothing is obstructing the fan blade.
