## FOUR LIGHT CHANDELIER

## ASSEMBLY INSTRUCTIONS

REMOVE ALL PARTS FROM PACKAGE, BE CAREFUL NOT TO DAMAGE ANY COMPONENTS.

## FOUR LIGHT CHANDELIER

REMOVE ALL PARTS FROM PACKAGE, BE CAREFUL NOT TO DAMAGE ANY COMPONENTS.

- 1. Measure area and determine desired hanging height.
- 2. Product comes with three (3) 12", one (1) 8" and one (1) 4" hard stems [A] for adjustable hanging height. Determine the stems you will use to achieve desired height. (Threads are removable from the stems and thread removal may make it easier to thread wire.)
- 3. Thread wire [E] from socket part [B] through first stem [A]. Continue to add stems, threading the wire and screwing each stem together. Repeat as necessary to achieve desired hanging height.
- **4.** Detach mounting plate [C] from canopy [D]. Thread wire [E] through canopy.
- **5.** Mounting plate [C] will attach to ceiling junction box.
- 6. Install light to ceiling. We recommend installation by a qualified electrical professional. Canopy nuts [F] are used to tighten light to ceiling.
- Install bulb 60W max (bulb not included). Place glass shades [G] over bulbs and onto base.
