ASSEMBLY & CARE TIPS

- **Match Numbers & Arrows:** Align matching numbered arrows (e.g., 1 to 1, 2 to 2) on the tree trunk and branch sections.
- **Protective Covers:** Remove protective caps from insert pegs before joining sections together.
- **Shaping & Fluffing:** Gently bend and separate the stems and leaves outwards to achieve maximum natural fullness.
- **Care Instructions:** Clean occasionally with a soft dry duster. Keep away from direct heat sources.
