Car Pivot Handheld Vacuum

Overview

Features + Benefits

- 12V DC adapter fits into a cigarette lighter socket
- 16 feet cable allows you to reach all areas of your car including the boot
- The cable can be easily wrapped around the car vacuum before storing it away
- The pivoting nose enables easy cleaning of areas difficult to reach unlike conventional handheld vacuums
- The pivoting nose has 10 settings for maximum flexibility to clean in hard to reach areas such as underneath and in between car seats
- Cyclonic action spins dirt away from the filter maintaining optimum suction power
