

Easy Unboxing in Five Steps

Lay box on its side and remove mattress.

Use scissors to cut and remove outer plastic sleeve.

Place unrolled mattress on bed frame or foundation.

Unroll mattress, then cut and remove inner plastic.

Allow your mattress to fully expand before use.

Things to Note

- Your mattress is compressed and may require up to 48 hours to return to its original shape. Please note that your mattress could take longer to expand if it's delivered in cold weather.
- Like any new product, your mattress may have a mild scent upon unboxing. The scent is nontoxic and will typically dissipate within 24 hours.
- Bed frame and foundation are sold separately.
- DO NOT REMOVE OR WASH COVER. Spot Clean only

WARNING: Do not remove the mattress cover under any circumstances. Removing the mattress cover will damage the fire protection and pose health and safety risks.
