With its tactile, silicone the Torch Light reveals its references to the shape and material of the typical torch, while the diamond-textured diffuser cleverly references the glass of a car headlight. It's easy to create a fun, vibrant look by combining different colours and sizes within the same space or to state your style by choosing the Torch Light bunch, an ultra-modern feature chandelier. Heroic in black or red, lively and fun in yellow, bespoke drop heights provide architecturally bold pieces for double or triple height ceiling spaces.
