

# THE LG ADVANTAGE: LG STYLER<sup>®</sup>

## Elevate your laundry routine with the gentle power of steam

### Performance

#### REFRESH EVERY DAY WITH STEAM

TrueSteam<sup>®</sup> technology uses the gentle power of steam to refresh clothing without the use of chemicals or harsh soaps. Reduce odors and smooth out fabrics you don't want to machine wash and dry on a daily basis.

### Versatile Care

#### CARE FOR HARD-TO-WASH ITEMS

CERTIFIED by the Asthma and Allergy Foundation of America to help remove airborne allergens like pollen, pet dander and dust.\* Perfect for items that are difficult or impossible to wash at home, from linens and decorative pillows to children's plush toys and sports equipment.

### Gentle Dry

#### GENTLE CARE FOR FINE FABRICS

Dry special-care items like knits, cashmere, lingerie and other delicates. Avoid the damage of high-heat tumble dryers and help preserve the clothing you love. It also dries clothing and "dry flat" labeled items much faster than conventional air drying.

### Flexible Installation & Use

#### PLUG AND GO WITH SMART FEATURES

Can easily be placed in a laundry room, mudroom or walk-in closet—no need for an electrician or plumber. Just plug into a standard 120v outlet, fill the portable water container and go. Use the ThinQ<sup>®</sup> app to check cycle times, download special cycles and more.

\*Based on certification by the Asthma and Allergy Foundation of America. The CERTIFIED ASTHMA & ALLERGY FRIENDLY Mark is a Registered Certification Mark of the ASTHMA AND ALLERGY FOUNDATION OF AMERICA and ALLERGY STANDARDS LTD.
