SAFETY AND PRECAUTIONS

- Please go through this entire instruction manual before making any attempt to assemble, operate or install the product.
- During installation, handle the countertop and sink with optimum care. They might break if hit hard on a solid surface.
- Don't start using the vanity right away. Wait for approximately 24 hours after installation so that the silicon glue can dry.
- When scrubbing the cabinet while cleaning, make sure you do not remove or scratch the finish.

CARE AND CLEANING

- Avoid using any type of rough cleaning material on top of the cabinet finish.
- Use mild liquid soap and water-dampened soft cloth to remove stains from the cabinet and to clean the marble countertop.
- For the glass part of the mirror, use ammonia-free cleaning products.
