

Audo

COPENHAGEN

DUOMO RUG

Audo introduces the Duomo Rug, a luxurious blend of classical inspiration and contemporary design in a cut loop pile that feels comfortable underfoot. The timeless wool design shapes are framed by defining stripes and offered in two shapes in Limestone Beige, Marble Grey or Terracotta Red, the latter a homage to the architectural elegance of Audo House.

The Duomo Rug designed by Norm architects for Audo weaves together a sense of refinement in wool, taking its cues from classical architecture.
