- Aerated spray
- Deck-mounted
- Maximum flow rate : 1.5 GPM
- Ceramic cartridge
- G 3/8 hose connections
- Connection hoses, mounting set, assembly instruction

Technical drawings of the 1000 Series Ball Valve. The left drawing is a front view showing a 20-degree handle angle, a 6-inch wide top flange, and a 32 1/4-inch total height. The right drawing is a side view showing a 1-inch diameter stem and a 3 7/8-inch stem length. Both views show a 3/16-24 UNEF thread at the bottom with 3/16 inch of compression.

Normal Spray
