GAPS IN THE SHELVING SYSTEM ARE CREATED BY MOVING THE SMALL TRAYS, WHICH ALLOW TALLER OBJECTS TO BE PLACED IN THE OPEN SPACE. THE VARIOUS POSSIBLE ARRANGEMENTS OF THE SHELVES MAKE THE SHELVING SYSTEM VIVID AND PERSONAL. TAKE THE TRAYS AND PLACE THEM ON THE DIFFERENT LEVELS IN THE FRAME UNTIL YOU HAVE THE ARRANGEMENT YOU LIKE. TRAY SHELF IS JAPANESE IN ITS ELEGANT EXPRESSION. GERMAN IN ITS SOLID AND THOROUGH CONSTRUCTION.
