## Angular Depth 3

D2478S49545-4036

Angular Depth 3 is part of a series of four geometric abstraction prints that recall the work of the great Isamu Noguchi who was a prominent Japanese-American artist, sculptor, and landscape architect.

Angular Depth 3 showcases minimalist angular forms that dominate the picture plane and emphasize the stark beauty of simplicity. Lighter tones juxtaposed with a progression of grey shades add depth and dimension, resulting in a striking visual experience. Defined by Noguchi's experimentation with simultaneously subtle and bold forms, Angular Depth 3 is an engaging work of art on textured paper. Part of the exclusive ART by TA Collection.
