RECOMMENDATIONS - INSTALLATION

Before packaging, the mirror has received a double inspection for quality.

The mirror is made of high quality stainless steel of superior durability. Caution: this material can easily be scratched with blunt instruments used for the installation. We strongly recommend that you leave on the sticker paper covering the whole surface of the stainless steel mirror before completing all the operations of installation. NEVER USE BLUNT INSTRUMENTS TO TAKE OFF THE STICKER PAPER.

Putting up the mirror:

1. Determine area and position of mirror on the wall. Using a pencil, mark the centre of the mirror and draw vertical and horizontal guidelines.
2. Place the fastening bar horizontally on the horizontal guideline.
3. Use the central guideline to centre the fastening bar and attach it to the wall so that the mirror is well positioned horizontally and vertically.
4. Use fastening devices according to the type of wall finish.

**MAINTENANCE GUIDE - Stainless steel mirror**

The mirror is built in stainless steel, a high quality corrosion-resistant material requiring easy and regular care for durability.

After each use, just wipe the mirror with soft tissue to take off dirt. It is important to keep your mirror clean, without any dirt, oil or deposits.

For regular maintenance, we recommend a mix of water and white vinegar (80% water + 20% vinegar), super soft soap or glass cleaner. Spread liquid with soft tissue. It is important to rinse with fresh water and dry thoroughly with soft dry tissue.

Never use rough tissue, abrasive cleaning products (powder, cream or steel wool), high-acidity products such as LYSOL, or powerful chemical cleaning products solutions containing chlorine or hydrochloric acid.

Repairs

For more extensive repairs, send a photograph of your WETSTYLE product to our Customer Service Department (service@wetstyle.ca), who will inform you as to the most appropriate methods to use.

WARRANTY

The warranty on WETSTYLE products covers all defects in materials and manufacturing for a period of one year from the date on which the owner originally purchased the product directly from WETSTYLE or from an authorized retailer. This warranty is valid for the original owner only.

This warranty does not apply to cases in which a product was incorrectly installed, or damage due to negligence, misuse, scuffs or scratches, surface corrosion (chemical or natural), natural catastrophes or other accidents.

WETSTYLE is not responsible for costs and claims that may arise from purchase of a product unsuited to the structure of the existing building. Any transformation or alteration made to a WETSTYLE product automatically voids the warranty. The manufacturer's warranty is limited to repair or replacement (with a product of equal value), provided the claim is made to an authorized retailer or directly to WETSTYLE within the warranty period. Labour costs, and any other expenses entailed by replacement of a WETSTYLE product, are not covered by the warranty.
