Installation Notes

Install this product according to the installation instructions.

Product dimensions are nominal and may vary per ASME A112.19.2 tolerances.

CAUTION: Risk of property damage. When connecting waterless urinals to the building drain waste vent system, do not use copper pipe or copper tube connectors. The use of a copper connector will result in corrosion of the connector and potential building structure damage caused by leakage. ADA compliant when installed to the specific requirements of these regulations.
