■Adjust the angle of

If the shade tilts, press the
higher side down to level it
. Some force may be needed
— this is normal.

■ Attention

1. If you want to change the 2700K A19 LED bulb included, bulbs less than 60W are greatly recommended.
Not all Led bulbs Fully compatible with lights and therefore may cause flickering.
2. The bulb will increase the brightness when it is reaching its lifespan or has partial short-circuit. At that moment, please switch off, change a bulb and use it as you would normally.
3. Please shut off the power and unplug it before you screw in a new bulb.
4. Don't put the lamp in overheating working condition or cast it into fire.
